Unfortunately, when Luke pulls out the handcuffs, it's not because he has something kinky in mind... Security expert Luke is intent on seeing the murderous spy known only as Viper brought to justice. The un-spy-like behavior of his fugitive makes him suspect he's apprehended the wrong woman. Just as they give in to lust, new evidence convinces Luke that Maggie's not as innocent as she claims to be. Devastated by Luke's inability to trust her, Maggie runs again. She's determined to clear her name, and if that means tracking down a notorious spy even Interpol can't seem to locate, then that's exactly what she'll do... 53,000 words

**Eye of the Viper** Peter Aleshire,2005-11-01 Hand-picked, pressure-tested, and full of astronaut gung ho, the young pilots of Eye of the Viper are poised for the toughest assignment of their career: the exhaustive six-month training course at Arizona's Luke Air Force Base, at a cost of \$2 million each. Luke, the world's largest fighter wing, is the only F-16 fighter training base in the United States, and each year it produces one thousand pilots who will fly the F-16 from Korea to Afghanistan to Iraq. But being among the elite pilots who are selected for the course is by no means a guarantee that they will earn the right to fly the F-16. Only a few select individuals will have what it takes. Award-winning journalist Peter Aleshire provides a full blast of the rigors and intensity of the course--the personalities, the incredible machines, the irreverence, the bravado, and the toughness, not only of the hand-picked students seeking a place in the warrior subculture, but of the veteran pilots who must teach them how to stay alive.
