*Blood Libel in Late Imperial Russia* Robert

Weinberg,2013-11-20 This “riveting history . . . brings us face to face with this notorious trial” of a Russian Jew who was framed for ritual murder in 1913 (Jewish Book World). On Sunday, March 20, 1911, children playing in a cave near Kiev made a gruesome discovery: the blood-soaked body of a partially clad boy. After right-wing groups asserted that the killing was a ritual murder, the police, with no direct evidence, arrested Menachem Mendel Beilis, a thirty-nine-year-old Jewish manager at a factory near the site of the crime. Beilis’s trial in 1913 quickly became an international cause célèbre. The jury ultimately acquitted Beilis but held that the crime had the hallmarks of a ritual murder. Robert Weinberg’s account of the Beilis Affair explores the reasons why the tsarist government framed Beilis, shedding light on the excesses of antisemitism in late Imperial Russia. It is a gripping narrative culled from trial transcripts, newspaper articles, Beilis’s memoirs, and archival sources, many appearing in English for the first time.

**The Cult of Ivan the Terrible in Stalin's Russia** M.

Perrie,2001-10-25 Ivan IV, the sixteenth-century Russian tsar notorious for his reign of terror, became an unlikely national hero in the Soviet Union during the 1940s. This book traces the development of Ivan's positive image, placing it in the context of Stalin's campaign for patriotism. In addition to historians' images of Ivan, the author examines literary and artistic representations, including Sergei Eisenstein's famous film, banned for its depiction of the tsar which was interpreted as an allegorical criticism of Stalin.

**Legacy of Blood** Elissa Bemporad,2019-11-20 This book traces the legacies of the two most extreme

manifestations of tsarist antisemitism-pogroms and blood libels-in the Soviet Union, from 1917 to the early 1960s. Closely intertwined in history and memory, pogroms and blood libels were and are considered central to the Jewish experience in late Tsarist Russia, the only country on earth with large scale anti-Jewish violence in the early twentieth century. But their persistence and memory under the Bolsheviks-a chapter that is largely overlooked by the existing scholarship-significantly shaped the Soviet Jewish experience. By exploring the phenomenon and the memory of pogroms and blood libels in the Soviet territories of the interwar period as well as, after World War II, in the newly annexed territories, Bemporad studies the social realities of everyday antisemitism through the emergence of communities of violence and memories of violence. The fifty-year-span from the Bolshevik Revolution to the early years of Krushchev included a living generation of Jews, and non-Jews alike, who remembered the Beilis Affair, the pogroms of the civil war and in some cases even the violence of the prerevolutionary years. Bemporad also examines the ways in which Jews reacted to and remembered the unprecedented violence of the pogroms of the Russian Civil War, and how they responded to and which strategies they adopted to confront accusations of ritual murder. By tracing the afterlife of pogroms and blood libels in the USSR, *Legacy of Blood* sheds light on the broader question of the changing position of Jews in Soviet society. And by doing so it tells the story of the solid yet ever changing and at times ambivalent relationship between the Soviet state and the Jewish minority group.

**Terror and Greatness** Kevin M. F. Platt, 2011-05-15 In this ambitious book, Kevin M. F. Platt focuses on a cruel paradox central to Russian history: that the price of progress has so often been the traumatic suffering of

society at the hands of the state. The reigns of Ivan IV (the Terrible) and Peter the Great are the most vivid exemplars of this phenomenon in the pre-Soviet period. Both rulers have been alternately lionized for great achievements and despised for the extraordinary violence of their reigns. In many accounts, the balance of praise and condemnation remains unresolved; often the violence is simply repressed. Platt explores historical and cultural representations of the two rulers from the early nineteenth century to the present, as they shaped and served the changing dictates of Russian political life. Throughout, he shows how past representations exerted pressure on subsequent attempts to evaluate these liminal figures. In ever-changing and often counterposed treatments of the two, Russians have debated the relationship between greatness and terror in Russian political practice, while wrestling with the fact that the nation's collective selfhood has seemingly been forged only through shared, often self-inflicted trauma. Platt investigates the work of all the major historians, from Karamzin to the present, who wrote on Ivan and Peter. Yet he casts his net widely, and historians of the two tsars include poets, novelists, composers, and painters, giants of the opera stage, Party hacks, filmmakers, and Stalin himself. To this day the contradictory legacies of Ivan and Peter burden any attempt to come to terms with the nature of political power—past, present, future—in Russia.

Stalin's Library Geoffrey Roberts, 2022 A biography as well as an intellectual portrait, this book explores all aspects of Stalin's tumultuous life and politics, told through his personal library. Stalin, an avid reader from an early age, amassed a surprisingly diverse personal collection of thousands of books, many of which he marked and annotated revealing his intimate thoughts, feelings, and beliefs

**Cultural History in Europe** Jörg Rogge, 2014-04-30

What is the current state of discussion in Cultural History? Which European institutions engage exclusively in Cultural History and which topics do they address? And how will Cultural History develop in the future? These and other questions are raised by European scholars in the discussion of Institutions, Themes and Perspectives of Cultural History in this volume. It provides a profound overview of contemporary developments in Scandinavia, Finland, Great Britain, Latvia, Poland, Hungary, Austria, Switzerland, Germany, Italy and Spain.

**Old Dogs** Gene Weingarten, 2008-10-07 Featuring sixty black-and-white photographs of old dogs shot by Pulitzer Prize-winning photographer Michael S. Williamson and narrated by Washington Post staffer and columnist Gene Weingarten, this is a perfect collection for dog lovers that celebrates “man’s best friend.”

**Art Historiography and Iconologies Between West and East** Wojciech Bałus, Magdalena Kunińska, 2024-03-15 This volume explores a basic question in the historiography of art: the extent to which iconology was a homogenous research method in its own immutable right. By contributing to the rejection of the universalizing narrative, these case studies argue that there were many strands of iconology. Methods that differed from the ‘canonised’ approach of Panofsky were proposed by Godefridus Johannes Hoogewerff and Hans Sedlmayr. Researchers affiliated with the Warburg Institute in London also chose to distance themselves from Panofsky’s work. Poland, in turn, was the breeding ground for yet another distinct variety of iconology. In Communist Czechoslovakia there were attempts to develop a ‘Marxist iconology’. This book, written by recognized experts in the field, examines these and other major strands of iconology, telling the tale of

iconology's reception in the countries formerly behind the Iron Curtain. Attitudes there ranged from enthusiastic acceptance in Poland, to critical reception in the Soviet Union, to reinterpretation in Czechoslovakia and the German Democratic Republic, and, finally, to outright rejection in Romania. The book will be of interest to scholars working in art history, visual studies, and historiography.

**A Socialist Realist History?** Kristina Jõekalda, Krista Kodres, Michaela Marek, 2019-06-17 How did the Eastern European and Soviet states write their respective histories of art and architecture during 1940s-1960s? The articles address both the Stalinist period and the Khrushchev Thaw, when the Marxist-Leninist discourse on art history was invented and refined. Although this discourse was inevitably Sovietized in a process dictated from Moscow, a variety of distinct interpretations emerged from across the Soviet bloc in the light of local traditions, cultural politics and decisions of individual authors. Even if the new official discourse often left space open for national concerns, it also gave rise to a countermovement in response to the aggressive ideologization of art and the preeminence assigned to (Socialist) Realist aesthetics.

**The Origins of Autocracy** Alexander Yanov, 2023-11-10

*Russian Nationalism, Past and Present* G. Hosking, R. Service, 1998-07-15 This book looks at the past and present condition of Russian nationalism. Its chapters examine the influence of tsarist and Soviet official policies upon national identity, and seek to explain the broader political, social and cultural factors which helped or hindered the ambitions of rulers. The changeability of Russian national consciousness is emphasised. Several chapters also highlight the various long-standing inhibitions to the

emergence of a consolidated civic nationalism in a Russian Federation which gained its independence at the break-up of the USSR.

**Lake Status Records from the Former Soviet Union and Mongolia ,1996**

**A Ransomed Dissident** Igor Golomstock,2018-10-25

In 1939, a ten-year-old Igor Golomstock accompanied his mother, a medical doctor, to the vast network of labour camps in the Russian Far East. While she tended patients, he was minded by assorted 'trusty' prisoners - hardened criminals - and returned to Moscow an almost feral adolescent, fluent in obscene prison jargon but intellectually ignorant. Despite this dubious start he became a leading art historian and co-author (with his close friend Andrey Sinyavsky) of the first, deeply controversial, monograph on Picasso published in the Soviet Union. His writings on his 43 years in the Soviet Union offer a rare insight into life as a quietly subversive art historian and the post-Stalin dissident community. In vivid prose Golomstock shows the difficulties of publishing, curating and talking about Western art in Soviet Russia and, with self-deprecating humour, the absurd tragicomedy of life for the Moscow intelligentsia during Khrushchev's thaw and Brezhnev's stagnation. He also offers a unique personal perspective on the 1966 trial of Sinyavsky and Yuri Daniel, widely considered the end of Khrushchev's liberalism and the spark that ignited the Soviet dissident movement. In 1972 he was given 'permission' to leave the Soviet Union, but only after paying a 'ransom' of more than 25 years' salary, nominally intended to reimburse the state for his education. A remarkable collection of artists, scholars and intellectuals in Russia and the West, including Roland Penrose, came together to help him pay this astronomical sum. His memoirs of life once in the UK offer

an insider's view of the BBC Russian Service and a penetrating analysis of the notorious feud between Sinyavsky and Aleksandr Solzhenitsyn. Nominated for the Russian Booker Prize on its publication in Russian in 2014, *The Ransomed Dissident* opens a window onto the life of a remarkable man: a dissident of uncompromising moral integrity and with an outstanding gift for friendship.

**Times of Trouble** Marcus C. Levitt, Tatyana Novikov, 2007 From the country that has added to our vocabulary such colorful terms as purges, pogroms, and gulag, this collection investigates the conspicuous marks of violence in Russian history and culture. Russians and non-Russians alike have long debated the reasons for this endemic violence. Some have cited Russia's huge size, unforgiving climate, and exposed geographical position as formative in its national character, making invasion easy and order difficult. Others have fixed the blame on cultural and religious traditions that spurred internecine violence or on despotic rulers or unfortunate episodes in the nation's history, such as the Mongol invasion, the rule of Ivan the Terrible, or the Red Terror of the revolution. Even in contemporary Russia, the specter of violence continues, from widespread mistreatment of women to racial antagonism, the product of a frustrated nationalism that manifests itself in such phenomena as the wars in Chechnya. *Times of Trouble* is the first in English to explore the problem of violence in Russia. From a variety of perspectives, essays investigate Russian history as well as depictions of violence in the visual arts and in literature, including the works of Fyodor Dostoevsky, Isaac Babel, Mikhail Lermontov, and Nina Sadur. From the Mongol invasion to the present day, topics include the gulag, genocide, violence against women, anti-Semitism, and terrorism as a tool of revolution.

**National Union Catalog** ,1956 Includes entries for maps and atlases.

**General Catalogue of Printed Books** British Museum. Department of Printed Books,1969

**Russian Architecture and the West** Dmitriï Olegovich Shvidkovskiï, Shvidkovsky, 2007-01-01 This is the first book to show the development of Russian architecture over the past thousand years as a part of the history of Western architecture. Dmitry Shvidkovsky, Russia's leading architectural historian, departs from the accepted notion that Russian architecture developed independent of outside cultural influences and demonstrates that, to the contrary, the influence of the West extends back to the tenth century and continues into the present. He offers compelling assessments of all the main masterpieces of Russian architecture and frames a radically new architectural history for Russia. The book systematically analyzes Russian buildings in relation to developments in European art, pointing out where familiar European features are expressed in Russian projects. Special attention is directed toward decorations based on Byzantine models; the heritage of Italian master builders and carvers; the impact of architects and others sent by Elizabeth I; the formation of the Russian Imperial Baroque; the Enlightenment in Russian art; and 19th- and 20th-century European influences. With over 300 specially commissioned photographs of sites throughout Russia and western Europe, this magnificent book is both beautiful and groundbreaking.

possibilities. Downloading Vipper provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Vipper has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There

## **Vipper Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Vipper has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Vipper has opened up a world of

are numerous websites and platforms where individuals can download Vipper. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Vipper. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize

reputable websites that prioritize the legal distribution of content. When downloading Vipper, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Vipper has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security

when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Vipper Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most

eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Vipper is one of the best book in our library for free trial. We provide copy of Vipper in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Vipper. Where to download Vipper online for free? Are you looking for Vipper PDF? This is definitely going to save you time and cash in something you should think

about.
