Tighten Your Tummy in 2 Weeks Ellington Darden, 2015-08-18

Tighten Your Tummy in 2 Weeks is a revolutionary new program that triggers hormones to burn more fat and melt pounds and inches primarily from the belly. A woman's tummy has now replaced her thighs as the most-troublesome body part. Seventy-six percent of women surveyed in 2014 admitted that they were unhappy with their midsection. And a large tummy is a warning sign of significant potential health issues. QUESTION: How would you like to lose 14 inches from your waist and 14 pounds of body fat in only 14 days? The proof is in the pictures: 41 women at Gainesville Health & Fitness in Florida tested the Tighten Your Tummy in 2 Weeks program under the direction of fitness expert Ellington Darden, PhD, who documented success stories with remarkable before-and-after photographs. Readers can expect results similar to Dr. Darden's test panel. For example, in just 2 weeks:

- Roxanne Dybevick, 54, lost 15.08 pounds
- Angela Choate, 68, lost 14.8 pounds
- Katie Fellows Smith, 60, lost 14.51 pounds
- Denise Rodriguez, 34, lost 14.49 pounds
- Brianna Kramer, 23, lost 14.26 pounds

What causes such rapid loss of midsection flab? The answer is Dr. Darden's remarkable 5-step formula: 1) A special at-home resistance exercise technique called 15-15-15, plus 8 to 12 triggers fat cells to burn and release fat, effectively spot-reducing the belly. 2) A carbohydrate-rich eating plan of five or six small meals a day. Yes, carbs are okay. A bagel for

breakfast is on the daily meal plan. 3) Extra sleep at night and a nap during the day to turbo-charge the shrinking of pounds and inches. 4) A tummy-tightening trick called the inner-abs vacuum that's performed before every meal. 5) Sipping ice-cold water all day long, which synergizes the loss of fat and the strengthening of muscle. What Women Like You Are Saying About the Tighten Your Tummy Program: • I've rediscovered my hour-glass figure. • My jeans fit again: they feel like an old friend. • The Power Start Diet made me feel powerful . . . and I like that feeling. • I love the person I now see in the mirror.

Men's Health Killing Fat Ellington Darden, Phd, Editors of Men's Health Magazi, 2019-01-29 Renowned fitness and health researcher Ellington Darden teaches you how to burn fat and keep it off using the science of thermodynamics. Exercise researcher and author Ellington Darden has studied exercise and fat loss for more than 40 years. His most recent program combines his previous findings on fat loss and muscle gain with new research on the principles of thermodynamics and heat transfer for a 6- or 12-week plan that will eliminate belly bloat, destroy flab, and stoke metabolism. Integrating his many years of research, the program has had more than 1,137 participants who shed an average of 29.5 pounds of fat and lost 6 inches off their waist or belly. The program consists of four main components—a descending-calorie eating plan; strength-training workouts; superhydration of the body; and rest, inactivity, and rejuvenating sleep. Men's Health Killing Fat takes you, step-by-step, through Darden's super-effective strategy. Interspersed with success stories and before-and-after photos of previous participants, Killing Fat will teach you a revolutionary new way to lose weight and keep it off.

You on a diet Michael F. Roizen, Mehmet Oz, 2008 Drs Michael F. Roizen and Mehmet C. Oz, authors of the million-copy bestseller 'YOU: The Owner's Manual', have devised a diet that is so effective you'll notice changes in your body immediately. Starting with a Two-Week Reboot that will help you lose up to two inches around your waist, you will shed your unwanted weight forever. 'YOU on a Diet' is not another faddy crash-diet weight loss plan: you will lose weight - and a lot of it - but you will also gain the knowledge, insight and power to keep off the pounds you lose. * Find out your ideal shape - and how to reach it * Lose weight without hunger - you need only 100 calories less a day * Enjoy flexibility - you can still indulge in treats * Rebalance body chemicals and hormones - these, not willpower, dictate what you eat * Stop worrying about what you weigh - it's your waist size that counts Knowledge is the most powerful motivator when it comes to making the right food choices: know the 'why' and you'll successfully handle the 'how'. Roizen and Mehmet's diet is one of the most cutting-edge and easy-to-follow of our time. Including: * Amazing YOU facts (e.g. 95% of your body's serotonin is found in your intestines - there's only 2-3% in your nervous system) * Eating tips (e.g. eating a small handful of nuts before your meal tricks your body into thinking that you are fuller sooner) * Interactive questionnaires (e.g. are your emotions affecting your food choices?) Successful long-term weight loss is only found in one place: YOU.

Dump Your Toxic Waist Derrick Cutting, 2008 Medical research continues to highlight the central role of abdominal fat in the causation of heart disease and diabetes. Whether you want to look like a beauty

queen, lower your blood pressure, beat diabetes or avoid a heart attack, this book and its 28-day plan will help you break the metabolic vicious cycle and lose weight for good.

YOU: On A Diet Revised Edition Michael F. Roizen, Mehmet Oz, 2010-04-03 As they did with the revised edition of *YOU: The Owner's Manual*, which has sold nearly 200,000 revised copies, Dr. Roizen and Dr. Oz have updated their classic, international bestseller on diet. This nearly three million copy seller is filled with new information on emotional eating, the latest fad diets, maintaining a healthy lifestyle, and over a hundred recipes. For the first time in our history, scientists are uncovering astounding medical evidence about dieting—and why so many of us struggle with our weight and the size of our waists. Now researchers are unraveling biological secrets about such things as why you crave chocolate or gorge at buffets or store so much fat. Michael Roizen and Mehmet Oz, America's most trusted doctor team and authors of the bestselling *YOU* series, are now translating this cutting-edge information to help you shave inches off your waist. They're going to do it by giving you the best weapon against fat: knowledge. By understanding how your body's fat-storing and fat-burning systems work, you're going to learn how to crack the code on true and lifelong waist management. Roizen and Oz will invigorate you with equal parts information, motivation, and change-your-life action to show you how your brain, stomach, hormones, muscles, heart, genetics, and stress levels all interact biologically to determine if your body is the size of a baseball bat or of a baseball

stadium. In *YOU: On a Diet*, Roizen and Oz will redefine what a healthy figure is, then take you through an under-the-skin tour of the organs that influence your body's size and its health. You'll even be convinced that the key number to fixate on is not your weight, but your waist size, which best indicates the medical risks of storing too much fat. Because the world has almost as many diet plans as it has e-mail spammers, you'd think that just about all of us would know everything there is to know about dieting, about fat, and about the reasons why our bellies have grown so large. *YOU: On a Diet* is much more than a diet plan or a series of instructions and guidelines or a faddish berries-only eating plan. It's a complete manual for waist management. It will show you how to achieve and maintain an ideal and healthy body size by providing a lexicon according to which any weight-loss system can be explained. *YOU: On a Diet* will serve as the operating system that facilitates future evolution in our dieting software. After you learn about the biology of your body and the biology and psychology of fat, you'll be given the *YOU Diet* and *YOU Workout*. Both are easy to learn, follow, and maintain. Following a two-week rebooting program will help you lose up to two inches from your waist right from the start. With Roizen and Oz's signature accessibility, wit, and humor, *YOU: On a Diet—The Owner's Manual for Waist Management* will revolutionize the way you think about yourself and the food you consume, so that you'll diet smart, not hard. Welcome to your body on a diet.
