Unboxing Bengaluru Malini Goyal,Prashanth Prakash,2023-11-30 India's tech/startup industry today is estimated to be worth over \$0.5 trillion, employing over 5 million people. And the stage for this incredible 'tech-tonic' rise and transformation of the country into the world's software powerhouse, is Bengaluru. Being the backdrop to this dramatic transition, Bengaluru has changed irrevocably. The city has been through many avatars—pensioner's paradise, PSU capital, garden city, India's Silicon city and pub capital. Once known for secure state and federal government jobs, it is now a buzzing startup hub attracting job-seekers from India and abroad. And the new monikers will continue. From ed-tech to health-tech, mobility to EVs, Bengaluru is at the heart of the multiple shifts underway in the digital era. Truly, it is the city of new beginnings. In Unboxing Bengaluru—the first ever deep-dive into the city—Malini Goyal and Prashanth Prakash ably unravel the city's journey and the ensuing social, behavioural, technological and consumptive changes. They look at why people are drawn to the city; how the cosmopolitan culture and multi-linguistic society gives it a distinct flavour; the parallel economies that have cropped up; how the influx of young workers have changed the city; and the fault-lines of unplanned and poorly managed growth over the decades. Richly researched and vividly written, Unboxing Bengaluru is filled with absorbing vignettes, extensive reportage and solid data. A fascinating book and a must-read for anyone interested in understanding the city, and indeed, India.

D2C Growth Blueprint Rohit Uttamchandani,2023-06-06 There are thousands of D2C businesses today. Some scale, but the hard truth is that most don't. That's because there's a lot that goes into building a D2C brand from the ground up and not all founders or prospective founders may have prior experience in this space. Hence, a lot of them, particularly early-stage, miss out on key things they should be doing, resulting in opportunity loss, costly mistakes and slower growth. In this book, or blueprint (which is what it truly is), you will get a roadmap that will guide you to do the right things with every aspect of building a D2C brand, across product, customer service, supply chain, logistics and growth strategies. Why this blueprint and not any other blog or information on the internet, you may wonder. Well, this blueprint is the brainchild of a growth consultant who has scaled multiple D2C brands from scratch. It distils out the key concepts and actions that would drive the maximum impact and is also structured in a way that would make it easy for any founder to understand and implement. Implementing this blueprint will help you push all the right buttons and accelerate growth instead of spending time and energy trying to reinvent the wheel and figure out what to do. So go ahead and get ready to supercharge your D2C growth today!
