Confessions of a Raving, Unconfined Nut Paul Krassner, 2012-09-01 Uncensored, uncontained, and thoroughly demented, the memoirs of Paul Krassner are back in an updated and expanded edition. Paul Krassner, “father of the underground press” (People magazine), founder of the Realist, political radical, Yippie, and award-winning stand-up satirist, shares his stark raving adventures with the likes of Lenny Bruce, Abbie Hoffman, Norman Mailer, Ken Kesey, Groucho Marx, and Squeaky Fromme, revealing the patriarch of counterculture’s ultimate, intimate, uproarious life on the fringes of society. Whether he’s writing about his friendship with controversial comic Lenny Bruce, introducing Groucho Marx to LSD, his investigation of Scientology, or John Kennedy’s cadaver, no subject is too sacred to be skewered by Krassner. And yet his stories are soulful and philosophical, always authentic to his iconoclastic brand of personal journalism. As Art Spiegelman said, “Krassner is one of the best minds of his generation to be destroyed by madness, starving, hysterical, naked—but mainly hysterical. His true wacky, wackily true autobiography is the definitive book on the sixties.”

Minority Internal Migration in Europe Gemma Catney, 2016-04-22 Immigration is a major component of population change for countries across Europe. However, questions remain about where immigrants go after they arrive in a new country. What are the patterns of internal migration of minorities (immigrants and their descendants), and what are the causes and implications of these flows? Migration within a nation state is a powerful force, redistributing the population and altering the demographic, social and economic composition of regions, cities and neighbourhoods. Yet relatively little is known about the significance of ethnicity in migration processes, or how population movement contributes to immigrant and ethnic integration. Minority internal migration is an emerging field of academic interest in many European countries in the context of high levels of immigration and increased political interest in inter-ethnic relations and place-based policies. This book brings together experts in the fields of migration, ethnicity and diversity from across Europe to examine patterns of residential mobility of minorities, and to synthesise key themes, theories and methods. The analyses presented make important contributions to theories of migration and minority integration and may inform policies that aim to respond to local population change and increasing diversity. The conclusions of the book form an agenda for future research on minority and immigrant internal migration in developed societies.
