Shameless ,2011 Shameless Series 3 promises plenty of laughs from Manchester's most dysfunctional family-the Gallaghers-as they go about their hectic lives alongside the equally anarchic Maquire family. Join Frank and his six kids-Fiona, Lip, Ian, Debbie, Carl, and Liam-for whom there is never a dull moment on Chatsworth housing estate. The third series serves up a heady cocktail of sex, drugs, gratuitous violence, love, and scams, so there's something for absolutely everyone!

With Everything I Am Kristen Ashley,2016-04-26 One night, Callum is driven into the woods by instinct, an instinct to protect. In the form of wolf, he meets a young human child who he's instantly drawn to in a fierce way he doesn't quite understand. Sonia Arlington has lived a lonely life. She has certain abilities that make her strange and she has a rare disease that, if untreated, could kill her. Her father makes her vow she'll never let others discover her abilities. This forces Sonia to stay distant, always guarding against exposure. Intelligence leaks that Sonia is Callum's human mate. He is now King of the Werewolves and has war on his hands. He's forced to claim his mate and integrate Sonia into a world that's strange and frightening. As Sonia attempts to adjust, Callum attempts to cope with the knowledge that his mate is mortal. He'll have her beauty and gentleness only the length of a mortal life, making their union unbearably bitter even as Sonia makes it unbelievably sweet.

Shameless ,2012 Meet Frank Gallagher, a working-class patriarch who loves his six kids almost as much as he loves booze, cigarettes, his monthly disability check and booze. So he leaves it to eldest aughter Fiona to hold the family together and make sure everyone (except Frank) works to keep the lights on and food on the table. William H. Macy and Emmy Rossum lead a brilliant cast in the complete fi rst season of Shameless, a big-hearted, irreverent, outrageous and outrageously funny series in the tradition of...well, nothing. There's never been anything like Shameless on American TV, says the Chicago Sun-Times. Break some ground, break some rules with the breakthrough smashed hit about good times, bad times, crazy times - our times.

A Shameless Little Bet (Shameless #3) Meli Raine,2018-06-04 How do I prove a negative?I need to prove Jane is innocent, despite overwhelming evidence to the contrary. Mirrors, smoke, and lies can conjure a truth that isn't real. Money, bribes, and power can twist reality. What we call proof is all an elaborate magic act. So is love.How do you prove you're in love? How can you know with unrelenting certainty that the person you can't live without really loves you?It's all about what you believe. Who you believe. And I believe Jane. I love her. But it might be too late.Or, worse - it might all be an illusion. If proof is just a magician's sleight of hand, then we're caught in a sick trick.A deadly one.One that doesn't end with applause.But with a bang.Read the entire Shameless series now!A Shameless Little Con (#1)A Shameless Little Lie (#2)A Shameless Little Bet (#3)The trilogy is complete!

Sorrow and Bliss Meg Mason,2021-02-09 Brilliantly faceted and extremely funny. . . . While I was reading it, I was making a list of all the people I wanted to send it to, until I realized that I wanted to send it to everyone I know. – Ann Patchett “Improbably charming...will have you chortling and reading lines aloud.”– PEOPLE The internationally bestselling, compulsively readable novel–spiky, sharp, intriguingly dark, and tender–that combines the psychological insight of Sally Rooney with the sharp humor of Nina Stibbe and the emotional resonance of Eleanor Oliphant Is Completely Fine. Martha Friel just turned forty. Once, she worked at Vogue and planned to write a novel. Now, she creates internet content. She used to live in a pied-à-terre in Paris. Now she lives in a gated community in Oxford, the only person she knows without a PhD, a baby or both, in a house she hates but cannot bear to leave. But she must leave, now that her husband Patrick–the kind who cooks, throws her birthday parties, who loves her and has only ever wanted her to be happy–has just moved out. Because there’s something wrong with Martha, and has been for a long time. When she was seventeen, a little bomb went off in her brain and she was never the same. But countless doctors, endless therapy, every kind of drug later, she still doesn’t know what’s wrong, why she spends days unable to get out of bed or alienates both strangers and her loved ones with casually cruel remarks. And she

has nowhere to go except her childhood home: a bohemian (dilapidated) townhouse in a romantic (rundown) part of London—to live with her mother, a minorly important sculptor (and major drinker) and her father, a famous poet (though unpublished) and try to survive without the devoted, potty-mouthed sister who made all the chaos bearable back then, and is now too busy or too fed up to deal with her. But maybe, by starting over, Martha will get to write a better ending for herself—and she'll find out that she's not quite finished after all.

An Inspector Calls John Boynton Priestley,1972 The members of an eminently respectable British family reveal their true natures over the course of an evening in which they are subjected to a routine inquiry into the suicide of a young girl.

The Last Ship William Brinkley,2013-11-27 Hailed as “an extraordinary novel of men at war” (The Washington Post) this is the book that inspired the TNT television series starring Eric Dane, Rhona Mitra, Adam Baldwin and Michael Bay as Executive Producer. The unimaginable has happened. The world has been plunged into all-out nuclear war. Sailing near the Arctic Circle, the U.S.S. Nathan James is relatively unscathed, but the future is grim and Captain Thomas is facing mutiny from the tattered remnants of his crew. With civilization in ruins, he urges those that remain—one-hundred-and-fifty-two men and twenty-six women—to pull together in search of land. Once they reach safety, however, the men and women on board realize that they are earth's last remaining survivors—and they've all been exposed to radiation. When none of the women seems able to conceive, fear sets in. Will this be the end of humankind?

Shameless Zee Shine Storm,2020-12-26 Spin-off novel. (Book 4 of the FORBIDDEN series.) Zi I've always been good at everything. Soccer. Girls. Grades. I don't even have to try. My dad says I get it from him. That I remind him of the teenage version of himself. None of it really matters to me though. I value relationships more. My friends. My family. I'd do anything for them. And in their eyes, I can never do wrong. Except that one autumn.When I forgot my place and ended up in bed with someone I never should have looked at the wrong way.But it felt so good. So good that I didn't care if I got a little carried away. Being respectable started to seem like a chore.So I decided to find out what it would feel like to be a little...shameless. Trigger warning: Infidelity.**Contains mature themes meant for 18+ readers only.

Backwards Rob Grant,2020-02-06 We join them just as Dave Lister has finally found his way back to planet Earth - which is good. What's bad, however, is that time isn't running in quite the right direction. And if he doesn't get off the planet soon, he's going to have to go through puberty again - backwards. If his crewmates can't help him, Lister will carry on growing younger until he becomes a baby, then an embryo, meeting a very sticky end indeed.
