I Need Answers Dawit Muluneh, 2019-12-13 Whether you are just beginning your journey into the Ethiopian Orthodox Tewahedo Church or have long been a member but are looking for answers to your questions about the church, **I Need Answers** is for you. Although the answers are gathered from Church fathers and holy books, the style of writing provides clear answers to complicated questions. The past few years the Ethiopian Orthodox Tewahedo Church has seen her youth leaving in mass numbers. Why? Mainly because the youth cannot get understandable answers to their questions. The Church uses Amharic as its primary language and Ge'ez as the liturgical, preventing young people born in America from being able to understand the worship or teaching of the Ethiopian Orthodox Tewahdo Church.. Deacon Dawit Muluneh, who has traveled around the United States teaching and preaching during the last decade, has gathered the most frequently asked questions and provided answers in a way that can be understood by the youth. Each chapter focuses on a particular question, addressing central themes of Christianity and teaching about the uniqueness of the Ethiopian Orthodox Tewahedo Church. It also addresses issues specific to young adults like spiritual dating and depression and more controversial issues like homosexuality in the context of the church.

The Cipher of Genesis Carlo Soares, 1992 The revolutionary meanings presented here will be of great significance to Christians, Hebrews, and Moslems, for this book breaks the code of secrecy

and shows how each letter of the Hebrew alphabet corresponds to a specific number, the significance of which must be considered in order to understand the forces at play in the Universe.

Where God Was Born Bruce Feiler, 2005-09-13 At a time when America debates its values and the world braces for religious war, Bruce Feiler, author of the New York Times bestsellers *Walking the Bible* and *Abraham*, travels ten thousand miles through the heart of the Middle East—Israel, Iraq, and Iran—and examines the question: Is religion tearing us apart ... or can it bring us together? *Where God Was Born* combines the adventure of a wartime chronicle, the excitement of an archaeological detective story, and the insight of personal spiritual exploration. Taking readers to biblical sites not seen by Westerners for decades, Feiler's journey uncovers little-known details about the common roots of Judaism, Christianity, and Islam, and affirms the importance of the Bible in today's world. In his intimate, accessible style, Feiler invites readers on a never-in-a-lifetime experience: Israel Feiler takes a perilous helicopter dive over Jerusalem, treks through secret underground tunnels, and locates the spot where David toppled Goliath. Iraq After being airlifted into Baghdad, Feiler visits the Garden of Eden and the birthplace of Abraham, and makes a life-threatening trip to the rivers of Babylon. Iran Feiler explores the home of the Bible's first messiah and uncovers the secret burial place of Queen Esther. In *Where God Was Born*, Feiler discovers that at the birth of

Western religion, all faiths drew from one another and were open to coexistence. Feiler's bold realization is that the Bible argues for interfaith harmony. It cannot be ceded to one side in the debate over values. Feiler urges moderates to take back the Bible and use its powerful voice as a beacon of shared ideals. In his most ambitious work to date, Bruce Feiler has written a brave, uplifting story that stirs the deepest chords of our time. Where God Was Born offers a rare, universal vision of God that can inspire different faiths to an allegiance of hope.

Indicators of Typology Within the Old Testament
Friedbert Ninow,2001 This study seeks to ascertain whether there are indicators of typology within the Old Testament. Various elements that comprise biblical typology such as the historical aspect, divine design, prophetic aspect, Steigerung (intensification), and eschatology are traced in a number of texts that deal with the Exodus motif. Chapter 1 surveys the perception and use of typology throughout the centuries up to the present. Chapter 2 seeks to establish the basic elements that are part of a biblical typology in passages that are directly linked to or describe the Exodus in the Pentateuch. Chapter 3 seeks to trace these elements throughout the prophetic writings that deal with the Exodus motif. This study concludes that there is, indeed, a type/anti-type relation that connects the Old with

the New Testament which has various indicators already within the Old Testament.

Amharic Ethiopian Orthodox Bible ,2017-06

Hopeless Romantic Dawit Muluneh,2021-10-27 Right now, there is a bloody civil war in Ethiopia that is discussed on CNN, BBC and FOXNEWS. And this book aims to shift these discussions back to the late antique period, when Ethiopia was one of the greatest empires in the world and to 1930's when the fascists entered Ethiopia, because that is the root cause of the war that is happening today. Ethiopia has a secret history, and no one is focusing on this. The book attempts to shed light on these points by surveying historical events which leads up to about the sixteenth century-with few exceptions. This time period was selected as the termination point because many sources are available for events dealing with the past two to three centuries of history. Hence, people who are interested in this timeline can easily access the particular era that interests them. In this early part of history, we see how Ethiopia was a great superpower who traded with Egyptians, the Middle East, India, Greeks, Romans and Persians. Trading with such influential regions made the country rich and powerful. This nation was so great that the third century prophet Mani mentioned that Ethiopia was one of the four great empires of the time (along with Rome, China and Persia). Regrettably, this great story is seldomly related to our generation because fascists who came into Ethiopia in the 1930's, with the intent of forcefully taking natural resources (ex. ivory, gold, copper), stole the history of Ethiopia. The

second aim of the book deals with how in the late 19th century as the Europeans started to carve up Africa, Italy chose Ethiopia. Unfortunately for the colonizers, Italy became the only European country to lose to an African nation. As a result, Italy lost respect from other European nations. Newspapers at the time shamed Italy for losing to a nation of black people. Needless to say, Italy wanted revenge. They got their chance with Benito Mussolini and the fascists. Mussolini sent researchers like Carlo Conti Rossini and Enrico Cerulli to study the best way to conquer Ethiopia. These men studied Ethiopian religion, ethnicity and language the same way the Nazis studied the Jewish community, to see the most efficient way to divide and conquer them. The real tragedy happened when the original research of - Conti Rossini and Cerulli - became seen as the official history. The research they conducted, unfortunately found its way into western universities wherein they are being studied to this day. Their writings became the authoritative history of Ethiopia. Regrettably, present-day Ethiopians are now killing each other because of ethnic and religious differences which the Italians wrote was the central cause of conflict in their country. The second section of the book is a fable meant to highlight the negative impact of ethnic divisions in Ethiopia. As the reader will recognize, the style and voice of this section is unique compared with the previous sections. Perhaps the most distinctive feature is that the fable's main character is a fictional talking mouse named Sammy. This mouse and the journey he embarks on

are meant to serve as a metaphor for our present state of affairs. The secondary goal of this book is to change our attitude of learning about history. Often times history is told in a dry and uninteresting way that is off-putting to young people. Especially when it comes to the history of Ethiopia, we often shy away from telling our story for fear of insulting others. In reality, history does not have to be dull or contentious. It can be enjoyable and unifying. The way a story is told is arguably just as important as the story being told. With that being said, the author has decided to tell the story of Ethiopia through the symbolic lens of the love that exists between a husband and wife. By employing such a rhetorical device, the author attempts to tell the story of Ethiopia in a way that is digestible for everyone. After all, who doesn't love a good love story?

Native Colonialism Yirga Gelaw Woldeyes, 2016-12
Native Colonialism examines the cause and consequence of native colonialism, the process whereby a country colonises itself with foreign institutions and ideals. The book draws its evidence from a variety of Ethiopian sources that have rarely been studied or utilised in academic research. It provides never-before seen interpretations of indigenous sources of knowledge and features ground breaking empirical research on traditional and modern schools in the country, as well as interviews with students, teachers and traditional leaders.

The Death of Porn Ray Ortlund, 2021-08-19 ECPA
Christian Book Award Finalist Your Battle against Porn Isn't about Porn. It's about Hope. Pornography may seem inescapable, but God can free us from its destructive power. The gospel replaces the dehumanizing lies of pornography with this surprising truth: God created us as royalty. How then can we reclaim our God-given identity to take a stand against—and ultimately starve—the predatory porn industry? In *The Death of Porn*, Ray Ortlund writes six personal letters, as from a father to his son. Ideal for individuals and small groups, it will give hope to men who have been misled by porn into devaluing themselves and others. Through Scripture and personal stories, Ortlund assures readers that God loves them the most tenderly in their moments of deepest shame. *The Death of Porn* inspires men to come together in new ways to fight the injustice of porn and build a world of nobility for every man and woman—for the sake of future generations.

Hidden Treasures of Ethiopia Marie-Jose Friedlander, Bob Friedlander, 2019-08-22 Ethiopia is a land of hidden treasures, and among the greatest are its remote churches, whose richly decorated interiors amaze and astound with their vibrant colours and extraordinary illustration. Yet steeped in ancient legend, and often situated in remote locations, a true appreciation and understanding of these unique churches and their spectacular murals has been restricted to a select few. Now, in *Hidden Treasures of Ethiopia*, Maria-Jose Friedlander provides a unique guide to the churches, their architecture and decoration.

Ranging from the rock-hewn churches of the Tigray region to the spectacular timber-built cave church of Yemrehane Krestos, Maria-Jose Friedlander provides detailed descriptions of the wonderful murals and of the stories behind them. Many of the wall paintings contain inscriptions in Ge'ez - the ancient language of Ethiopia - and full translations of these scripts are given. Detailed plans show the exact location of the paintings within the churches and the superb colour photographs by Bob Friedlander show the many aspects of the churches and their decoration in rich detail.

Held at a Distance Rebecca G. Haile, 2014-08-01
This powerful book gives readers a chance to experience Ethiopia through the personal experience of a writer who is both Ethiopian and American. It takes readers beyond headlines and stereotypes to a deeper understanding of the country. This is an absorbing account of the author's return trip to Ethiopia as an adult, having left the country in exile with her family at age 11. She profiles relatives and friends who have remained in Ethiopia, and she writes movingly about Ethiopia's recent past and its ancient history. She offers a clear-eyed analysis of the state of the country today, and her keen observations and personal experience will resonate with readers. This is a unique glimpse into a fascinating African country by a talented writer.

The Koreas Mary E. Connor, 2002-04-03
The Koreas delivers border-to-border coverage of North and South Korea, with chapters dedicated to history and geography, social and cultural customs, and

economics and politics. It's not hard to understand why Koreans describe their lives as han, which means living with a great and sustained sorrow. In the 20th century alone, they endured a 35 year Japanese military occupation, one of the most brutal civil wars in history, and decades of occupation by rival superpowers. Yet the story of this hauntingly beautiful, mountainous land is not ultimately one of war and devastation. The *Koreas: A Global Studies Handbook* tells the story of a warm and generous people who have retained their distinctive language and culture despite repeated foreign occupations, achieved a literacy rate of almost 100 percent, outscored nearly every other nation in science and math, and reshaped their devastated post-war economy into one of the four tigers of Asian economic growth.

The Jews of Ethiopia Tudor Parfitt, Emanuela Trevisan Semi, 2013-04-15 This book offers the results of the most recent research carried out in European and Israeli universities on Ethiopian Jews. With a special focus on Europe and the role played by German, English and Italian Jewish communities in creating a new Jewish Ethiopian identity, it investigates such issues as the formation of a new Ethiopian Jewish elite and the transformation of the identity from Ethiopian Falashas to the Jews of Ethiopia during the twentieth century.
