Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the “major” arts. Yet contemporaries often held the “minor” arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d’Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as “decorative” or “minor” arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

The Killer Next Door Alex Marwood, 2014-10-28 “The Killer Next Door is even better [than *The Wicked Girls*]. Scary as hell. Great characters.” —Stephen King Winner of the Macavity Award for Best Mystery Novel and nominated for the Anthony Award for Best Paperback Original Everyone who lives at 23 Beulah Grove has a secret. If they didn’t, they wouldn’t be renting rooms in a sketchy South London building for cash—no credit check, no lease. It’s the kind of place you end up when you’ve run out of other options. The six residents mostly keep to themselves, but one unbearably hot summer night, a terrible accident pushes them into an uneasy alliance. What they don’t know is that one of them is a killer. He’s already chosen his next victim, and he’ll do anything to protect his secret. Alex Marwood’s debut novel *The Wicked Girls* earned her lavish praise from the likes of Elizabeth Haynes, Laura Lippman, and Erin Kelly and received the Edgar Award. Now, Marwood’s back with a brilliant, tightly paced thriller that will keep you up at night and make you ask yourself: just how well do you know your neighbors? “Taut, assured and reminiscent of Ruth Rendell’s psychological novels, Marwood’s second book more than lives up to the promise shown in her splendid debut, *The Wicked Girls*.” —The Guardian

Welcome to the World, Baby Girl! Fannie Flagg, 2011-06-22 A funny, serious, and compelling novel by Fannie Flagg, author of the beloved *Fried Green Tomatoes at the Whistle Stop Cafe* (and prize-winning co-writer of the classic movie). “[This] tale of tough, eccentric, endearing women who first endure and then prevail. . . . will make you laugh out loud—and shed a few tears. . . . Welcome to the World, Baby Girl! is another rattling success.”—Richmond Times-Dispatch Once again, Flagg’s humor and respect and affection for her characters shine forth. Many inhabit small-town or suburban America. But this time, her heroine is urban: a brainy, beautiful, and ambitious rising star of 1970s television. Dena Nordstrom, pride of the network, is a woman whose future is full of promise, her present rich with complications, and her past marked by mystery. Among the colorful cast of characters are: Sookie, of Selma, Alabama, Dena’s exuberant college roommate, who is everything that Dena is not; she is thrilled by Dena’s success and will do everything short of signing autographs for her; Sookie’s a mom, a wife, and a Kappa forever Dena’s cousins, the Warrens, and her aunt Elner, of Elmwood Springs, Missouri, endearing, loyal, talkative, ditsy, and, in their way, wise Neighbor Dorothy, whose spirit hovers over them all through the radio show that she broadcast from her home in the 1940s Sidney Capello, pioneer of modern sleaze journalism and privateer of privacy, and Ira Wallace, his partner in tabloid television Several doctors, all of them taken with—and almost taken in by—Dena There are others, captivated by a woman who tries to go home again, not knowing where home or love lie.

The Couple Next Door Shari Lapena, 2017-05-30 A NEW YORK TIMES BESTSELLER Another thrilling domestic suspense novel from the New York Times bestselling author of *Not a Happy Family* “The twists come as fast [as] you can turn the pages.” —People “I read this novel at one sitting, absolutely riveted by the storyline. The suspense was beautifully rendered and unrelenting!” —Sue Grafton It all started at a dinner party. . . . A domestic suspense debut about a young couple and their apparently friendly neighbors—a twisty, rollercoaster ride of lies, betrayal, and the secrets between husbands and wives. . . . Anne and Marco Conti seem to have it all—a loving relationship, a wonderful home, and their beautiful baby, Cora. But one night, when they are at a dinner party next door, a terrible crime is committed. Suspicion immediately lands on the parents. But the truth is a much more complicated story. Inside the curtained house, an unsettling account of what actually happened unfolds. Detective Rasbach knows that the panicked couple is hiding something. Both Anne and Marco soon discover that the other is keeping secrets, secrets they’ve kept for years. What follows is the nerve-racking unraveling of a family—a chilling tale of deception, duplicity, and unfaithfulness that will keep you breathless until the final shocking twist.

Reel Time Robert Morris Seiler,Tamara Palmer Seiler,2013 In this authoritative work, Seiler and Seiler argues that the establishment and development of moviegoing and movie exhibition in Prairie Canada is best understood in the context of changing late-nineteenth-century and early-twentieth-century social, economic, and technological developments. From the first entrepreneurs who attempted to lure customers in to movie exhibition halls, to the digital revolution and its impact on moviegoing, Reel Time highlights the pivotal role of amusement venues in shaping the leisure activities of working- and middle-class people across North America. As marketing efforts, the lavish interiors of the movie palace and the romantic view of the local movie theatre concealed a competitive environment in which producers, exhibitors, and distributors tried to monopolize the industry and drive their rivals out of business. The pitched battles and power struggles between national movie theatre chains took place at the same time that movie exhibitors launched campaigns to reassure moviegoers that theatres were no longer the unclean and immoral places of amusement of yesteryear. Under the leadership of impresarios, the movie theatre rose up from these attacks to become an important social and cultural centre - one deemed suitable for women and children. An innovative examination of moviegoing as a social practice and movie exhibition as a commercial enterprise, Reel Time depicts how the industry shaped the development of the Canadian Prairie West and propelled the region into the modern era. Robert M. Seiler is associate professor emeritus in communication and culture at the University of Calgary. Tamara P. Seiler is professor emeritus of Canadian studies at the University of Calgary. Reel Time is their second joint publication.

The Language of Jokes in the Digital Age Delia Chiaro,2017-11-23 In this accessible book, Delia Chiaro provides a fresh overview of the language of jokes in a globalized and digitalized world. The book shows how, while on the one hand the lingua-cultural nuts and bolts of jokes have remained unchanged over time, on the other, the time-space compression brought about by modern technology has generated new settings and new ways of joking and playing with language. The Language of Jokes in the Digital Age covers a wide range of settings from social networks, e-mails and memes, to more traditional fields of film and TV (especially sitcoms and game shows) and advertising. Chiaro's consideration of the increasingly virtual context of jokes delights with both up-to-date examples and frequent reference to the most central theories of comedy. This lively book will be essential reading for any student or researcher working in the area of language and humour and will be of interest to those in language and media and sociolinguistics.

Urban Green Peter Harnik,2012-07-16 For years American urban parks fell into decay due to disinvestment, but as cities began to rebound—and evidence of the economic, cultural, and health benefits of parks grew—investment in urban parks swelled. The U.S. Conference of Mayors recently cited meeting the growing demand for parks and open space as one of the biggest challenges for urban leaders today. It is now widely agreed that the U.S. needs an ambitious and creative plan to increase urban parklands. Urban Green explores new and innovative ways for “built out” cities to add much-needed parks. Peter Harnik first explores the question of why urban parkland is needed and then looks at ways to determine how much is possible and where park investment should go. When presenting the ideas and examples for parkland, he also recommends political practices that help create parks. The book offers many practical solutions, from reusing the land under defunct factories to sharing schoolyards, from building trails on abandoned tracks to planting community gardens, from decking parks over highways to allowing more activities in cemeteries, from eliminating parking lots to uncovering buried streams, and more. No strategy alone is perfect, and each has its own set of realities. But collectively they suggest a path toward making modern cities more beautiful, more sociable, more fun, more ecologically sound, and more successful.
