**Feminist Weed Farmer** Madrone Stewart,2018-09-11 Weed is a powerful medicine, and growing your own is as empowering as it gets. Humorous, sage, and with a big heart, each chapter is infused with what she's learned about equalizing the weed industry, applying mindfulness to pest management, and the importance of owning each step of the process. **Craft Weed** Ryan Stoa,2018-11-13 How the future of post-legalization marijuana farming can be sustainable, local, and artisanal. What will the marijuana industry look like as legalization spreads? Will corporations sweep in and create Big Marijuana, flooding the market with mass-produced weed? Or will marijuana agriculture stay true to its roots in family farming, and reflect a sustainable, local, and artisanal ethic? In *Craft Weed*, Ryan Stoa argues that the future of the marijuana industry should be powered by small farms—that its model should be more craft beer than Anheuser-Busch. To make his case for craft weed, Stoa interviews veteran and novice marijuana growers, politicians, activists, and investors. He provides a history of marijuana farming and its post-hippie resurgence in the United States. He reports on the amazing adaptability of the cannabis plant and its genetic gifts, the legalization movement, regulatory efforts, the tradeoffs of indoor versus outdoor farms, and the environmental impacts of marijuana agriculture. To protect and promote small farmers and their communities, Stoa proposes a Marijuana Appellation system, modeled after the wine industry, which would provide a certified designation of origin to local crops. A sustainable, local, and artisanal farming model is not an inevitable future for the marijuana industry, but *Craft Weed* makes clear that marijuana legalization has the potential to revitalize rural communities and the American family farm. As the era of marijuana prohibition comes to an end, now is the time to think about what kind of marijuana industry and marijuana agriculture we want. *Craft Weed* will help us plan for a future that is almost here.

**The Cornbread Mafia** James Higdon,2019-05-01 In the summer of 1987, Johnny Boone set out to grow and harvest one of the greatest outdoor marijuana crops in modern times. In doing so, he set into motion a series of events that defined him and his associates as the largest homegrown marijuana syndicate in American history, also known as the Cornbread Mafia. Author James Higdon—whose relationship with Johnny Boone, currently a federal fugitive, made him the first journalist subpoenaed under the Obama administration—takes readers back to the 1970s and '80s and the clash between federal and local law enforcement and a band of Kentucky farmers with moonshine and pride in their bloodlines. By 1989 the

task force assigned to take down men like Johnny Boone had arrested sixty-nine men and one woman from busts on twenty-nine farms in ten states, and seized two hundred tons of pot. Of the seventy individuals arrested, zero talked. How it all went down is a tale of Mafia-style storylines emanating from the Bluegrass State, and populated by Vietnam veterans and weed-loving characters caught up in Tarantino-level violence and heart-breaking altruism. Accompanied by a soundtrack of rock-and-roll and rhythm-and-blues, this work of dogged investigative journalism and history is told by Higdon in action-packed, colorful and riveting detail.

**Little Farm Homegrown** Susan Colleen Browne, 2018-06-21 A gardening book for anyone who has dreamed of going back to the land and living a simpler life... After two city-bred Boomers weather their first, tumultuous year on their rural backyard farm, the couple foresees smooth sailing for the future...only to discover their homesteading journey has just begun. The sequel to Susan Colleen Browne's award-winning memoir, *Little Farm in the Foothills*, *Little Farm Homegrown* follows modern homesteaders Susan and her husband John creating a hands-on life in the foothills of the Pacific Northwest. As they experience the joys and challenges—and sometimes life-changing adversity—of living closer to the land, they labor to transform an old clearcut into a working homestead. In this lively true story, John and Susan cope with the demands of their middle years while raising chickens, creating a self-sufficient lifestyle, and adapting to—and often battling—nature. As Susan writes, “The Gardening School of Hard Knocks is actually a super-effective way to get an education, but I’d like to save you from learning everything the hard way.” With that in mind, *Little Farm Homegrown* includes tips for caring for your laying hens, maintaining your homestead, and growing your food crops sustainably. Like the first *Little Farm in the Foothills* memoir, *Little Farm Homegrown* is a warmhearted tale for gardeners, nature-lovers, and dreamers of all ages! Praise for the first *Little Farm* book, *Little Farm in the Foothills*: “The Brownes’ foray into slower living...is an enjoyable read. Their delightful, yet very real, experiences in making the big leap toward their dreams make for a humorous and charming book.” —Washington State Librarian Jan Walsh

**Burning Rainbow Farm** Dean Kuipers, 2008-12-01 Visit [www.burningrainbowfarm.com](http://www.burningrainbowfarm.com) On a mission to build a peaceful, pot-friendly Shangri-La, Tom Crosslin and his lover Rollie Rohm founded Rainbow Farm, a well-appointed campground and concert venue tucked away in rural Southwest Michigan. The farm quickly became the center of marijuana and environmental activism in Michigan, drawing thousands of blue-collar libertarians and hippie liberals, evangelicals and militiamen to its annual hemp festivals. People came from all over the country to support Tom and Rollie's libertarian brand of patriotism: They loved America but didn't like the War on Drugs. As Rainbow Farm launched a popular statewide ballot initiative to change marijuana laws, local authorities, who had scarcely tolerated Rainbow Farm in the past, began an all-out campaign to shut the place down. Finally, in May 2001, Tom and Rollie were arrested for growing marijuana. Rollie's 11-year-old son, who grew up on Rainbow Farm, was placed in foster care - Tom would never see him again. Faced with mandatory jail terms and the loss of the farm, Tom and Rollie never showed up for their August court date. Instead, the state's two best-known pot advocates burned Rainbow Farm to the ground in protest. County officials called the FBI, and within five days Tom and Rollie were dead. Obscured by the attacks of September 11, their stories will be told here for the first time.
