Manage Weeds on Your Farm Charles L. Mohler, John R. Teasdale, Antonio DiTommaso, 2021 *Manage Weeds on Your Farm: A Guide to Ecological Strategies* provides you with in-depth information about dozens of agricultural weeds found throughout the country and the best ways of managing them. In Part One, the book begins with a general discussion of weeds: their biology, behavior and the characteristics that influence how to best control their populations. It then describes the strengths and limitations of the most common cultural management practices, physical practices and cultivation tools. Part Two is a reference section that describes the identification, ecology and management of 63 of the most common and difficult-to-control weed species found in the United States.

Craft Weed Ryan Stoa, 2018-11-27 How the future of post-legalization marijuana farming can be sustainable, local, and artisanal. What will the marijuana industry look like as legalization spreads? Will corporations sweep in and create Big Marijuana, flooding the market with mass-produced weed? Or will marijuana agriculture stay true to its roots in family farming, and reflect a sustainable, local, and artisanal ethic? In *Craft Weed*, Ryan Stoa argues that the future of the marijuana industry should be powered by small farms—that its model should be more craft beer than Anheuser-Busch. To make his case for craft weed, Stoa interviews veteran and novice marijuana growers, politicians, activists, and investors. He provides a history of marijuana farming and its post-hippie resurgence in the United States. He reports on the amazing adaptability of the cannabis plant and its genetic gifts, the legalization movement, regulatory efforts, the tradeoffs of indoor versus outdoor farms, and the environmental impacts of marijuana agriculture. To protect and promote small farmers and their communities, Stoa proposes a Marijuana Appellation system, modeled after the wine industry, which would provide a certified designation of origin to local crops. A sustainable, local, and artisanal farming model is not an inevitable future for the marijuana industry, but *Craft Weed* makes clear that marijuana legalization has the potential to revitalize rural communities and the American family farm. As the era of marijuana prohibition comes to an end, now is the time to think about what kind of marijuana industry and marijuana agriculture we want. *Craft Weed* will help us plan for a future that is almost here.

Farm Weeds of Canada (Classic Reprint) George H. Clark, 2017-10-12 Excerpt from *Farm Weeds of Canada* The first edition Of *Farm Weeds of Canada* was distributed free to public libraries, universities, colleges, high schools, rural schools, agri cultural societies and farmers' institutes and clubs. The book was designed to stimulate interest in the study Of farm weeds in general, their habits of growth and the best methods of combating them. The second edition has been prepared and published to meet the urgent requests from individuals who desire the book for their personal use. The information presented in the text is useful because the illustrations Of weeds and weed seeds make it intelligible to farmers and others who are not expert in the nomenclature of plants. The expense entailed in the preparation, printing and binding of seventy six coloured plates as contained in this volume precludes it from the list of those publications Of the Department Of Agriculture that are distributed generally and free Of charge. The nominal price fixed for its sale will restrict its distribution to those who will preserve and make proper use of it, and will meet a part Of the unusual expense incurred in its issue. Heart of Dankness Mark Haskell Smith, 2012-04-03 Reporting for the Los Angeles Times on the international blind tasting competition held annually in Amsterdam known as the Cannabis Cup, novelist Mark Haskell Smith sampled a variety of marijuana that was unlike anything he'd experienced. It wasn't anything like typical stoner weed, in fact it didn't get you stoned. This cannabis possessed an ephemeral quality known to aficionados as "dankness." Armed with a State of California Medical Marijuana recommendation, he begins a journey into the international underground where super-high-grade marijuana is developed and tracks down the rag-tag community of underground botanists, outlaw farmers, and renegade strain hunters who pursue excellence and diversity in marijuana, defying the law to find new flavors, tastes, and effects. This unrelenting pursuit of dankness climaxes at the Cannabis Cup, which Haskell Smith vividly portrays as the Super Bowl/Mardi Gras of the world's largest cash crop.

Humboldt Emily Brady,2013-06-18 In the vein of Susan Orlean's The Orchid Thief and Deborah Feldman's Unorthodox, journalist Emily Brady journeys into a secretive subculture--one that marijuana built. Humboldt: Life on America's Marijuana Frontier Say the words Humboldt County to a stranger and you might receive a knowing grin. The name is infamous, and yet the place, and its inhabitants, have been nearly impenetrable. Until now. Humboldt is a narrative exploration of an insular community in Northern California, which for nearly 40 years has existed primarily on the cultivation and sale of marijuana. It's a place where business is done with thick wads of cash and savings are buried in the backyard. In Humboldt County, marijuana supports everything from fire departments to schools, but it comes with a heavy price. As legalization looms, the community stands at a crossroads and its inhabitants are deeply divided on the issue--some want to claim their rightful heritage as master growers and have their livelihood legitimized, others want to continue reaping the inflated profits of the black market. Emily Brady spent a year

living with the highly secretive residents of Humboldt County, and her cast of eccentric, intimately drawn characters take us into a fascinating, alternate universe. It's the story of a small town that became dependent on a forbidden plant, and of how everything is changing as marijuana goes mainstream.
