

Welcome To Lakeland

JR Anderson

Lakeland Mary M. Flekke,Randall M. MacDonald,2005 Lakeland celebrates the history of one of central Florida's most scenic cities. The small town that encompasses dozens of lakes was perfectly named in 1883, and grew to include an eclectic mix of downtown buildings, elegant hotels, roadways, handsome parks, and picturesque neighborhoods. By mid-century, Lakeland had grown to support small industries, churches, several schools, an airport, and two small colleges, one of which features the largest single-site collection of Frank Lloyd Wright architecture.

Lakeland Lynn M. Homan,Thomas Reilly,2004-10 Munnville, Rome City, and Redbug were just a few of the suggested names for the small Central Florida community that would come to be known as Lakeland. Not long after its founding, other descriptive monikers-Lovely City of Lakes and Highest, Healthiest, Busiest-would be applied. Recently ranked as the tenth Best Place to Live of medium-sized cities in the South, Lakeland today offers an entrancing combination of contrasting elements that all work well together. Fields of strawberries and rolling hills covered with citrus groves surround a growing city comprised of a mixture of structures, both new and old, modern and beautifully preserved. Commercial entities join with cultural organizations in mutually beneficial relationships to produce a quality of life that many other cities only hope to attain. Lakeland may well be as it was advertised in 1905-Florida's Best Town.

Lakeland: Picturing Change Randall M. MacDonald,Susan Priest MacDonald,Sarah E. MacDonald,2010-04

Struggle for Power the Longest School Strike Leon Bock Kavunedus,Leon Bock,Thomas Kavunedus,2011 Two people participating in the same events, yet on opposite sides, give an engrossing view of a struggle which engulfed a large community in northern Westchester County in New York State. It became the longest teachers strike in New York State's history. Even though they are personal memoirs, both authors try to give as full a picture of the personalities, institutions, and issues driving the struggle as each experienced it. The narrative is in two parts, side by side, and event by event. Both are impressionistic accounts that do not claim to be objective. Dr. Leon Bock's account is the viewpoint of a leader of a major institution, the Lakeland School District. In representing the district he had the heavy responsibility to merge the interests of students and parents, faculty, the taxpaying community, and the Board of Education. Mr. Thomas Kavunedus, a faculty member, served as a negotiator for the Lakeland Federation of Teachers. He saw his responsibilities as extending to the promotion of learning and teaching environment which would foster excellence. The contract with the school district, which Mr. Kavunedus had participated in promulgating years earlier, was a major step in raising teachers out of the dark ages of coffee in the boiler room, and hopefully greater professionalism. Both authors disagree with one another on many of the issues. Most of these issues bedevil our schools today. Yet, there is enough civility to recognize that partisanship need not be so all engulfing that it demonizes the other side and its objectives. No narrative of such a complex event can be totally accurate and objective. The authors try to focus on the interpersonal relationships, rather than serve as a textbook history of this series of complex events. There is no intention to discredit, or malign any of the personalities in the narrative; rather they are presented as the writers experienced them under conditions of stress.

Lakeland Terrier Patricia Peters,2012-07-17 This Comprehensive Owner's Guide to the Lakeland Terrier serves as a complete introduction to this

unique British terrier breed known for its prowess at seeking both quarry and comedy. The Lakey, as the breed is affectionately known, is a free-thinking little devil, smaller than most of the other long-legged terriers and more easygoing. The Lakeland Terrier, named for the Lake District in Britain, is unspoiled compared to many of his more popular earthdog brethren, and yet he is equally as bold, daring, and fearless as the larger Airedale, Irish, and Welsh Terriers. Written by Patricia Peters, well-known dog illustrator and Lakeland Terrier breeder of the famed Kilfel Kennels, this Special Limited Edition offers an opening chapter on the history of the breed, from its beginnings in the Lake District to its coming to the United States in the 1920s. The chapters on characteristics and the breed standard encapsulate all of the virtues and potential drawbacks of this cocky, little terrier breed, offering sound advice about which owners are best suited to handle the cunning con artist and clown of the Terrier Group. Potential owners will welcome the chapter on finding a breeder and selecting a healthy, sound puppy. Chapters on puppy-proofing the home and yard, purchasing the right supplies for the puppy as well as house-training, feeding, and grooming are illustrated with handsome adults and puppies bursting with intelligence and mischief! In all, there are over 135 photographs in this compact, useful, and entertaining volume. The author's advice on obedience training the Lakeland Terrier, a bright and industrious breed that can pose a challenge to novice owners, will help readers better mold and train their dogs into the well-behaved canine citizens. The extensive and lavishly illustrated chapter on healthcare provides up-to-date detailed information on selecting a qualified veterinarian, vaccinations, parasites, infectious diseases, and more. A chapter on senior dog care gives readers insight into what's required to care for these long-lived terriers once they reach their golden years. A chapter on competing with the Lakeland Terrier in dog shows and various trials sponsored by the American Kennel Club gives owners a glimpse into the many possibilities of participating with their Lakeys in the dog sport. Sidebars throughout the text offer helpful hints, covering topics as diverse as specialty shows, dental care, toxic plants, first aid, crate training, and parasite control.
