The U.S. Press and Iran William A. Dorman,Mansour Farhang,2023-04-28 No one seriously interested in the character of public knowledge and the quality of debate over American alliances can afford to ignore the complex link between press and policy and the ways in which mainstream journalism in the U.S. portrays a Third World ally. The case of Iran offers a particularly rich view of these dynamics and suggests that the press is far from fulfilling the watchdog role assigned it in democratic theory and popular imagination.

*Saudi Arabia in the Balance* Paul Aarts, Gerd Nonneman,2007-09 Saudi Arabia in the Balance brings together today's leading scholars in the field to investigate the domestic, regional, and international affairs of a Kingdom whose policies have so far eluded the outside world. With the passing of King Fahd and the installation of King Abdullah, a contemporary understanding of Saudi Arabia is essential as the Kingdom enters a new era of leadership and particularly when many Saudis themselves are increasingly debating, and actively shaping, the future direction of domestic and foreign affairs. Each of the essays, framed in the aftermath of 9/11 and the 2003 invasion of Iraq, offers a systematic perspective into the country's political and economic realities as well as the tension between its regional and global roles. Important topics covered include U.S. and Saudi relations; Saudi oil policy; the Islamist threat to the monarchy regime; educational opportunities; the domestic rise of liberal opposition; economic reform; the role of the royal family; and the country's foreign relations in a changing international world. Contributors: Paul Aarts, Madawi Al-Rasheed, Rachel Bronson, Iris Glosemeyer, Steffen Hertog, Yossi Kostiner, Stéphane Lacroix, Giacomo Luciani, Monica Malik, Roel Meijer, Tim Niblock, Gerd Nonneman, Michaela Prokop, Abdulaziz Sager, Guido Steinberg

*Islam Under Siege* Akbar S. Ahmed,2013-05-10 In this groundbreaking book, Akbar Ahmed, one of the world's leading authorities on Islam, who has worked in the Muslim world but lives in the West, explains what is going wrong in his society by referring to Islamic history and beliefs. Employing theological and anthropological perspectives, he attempts to answer the questions that people in the West are asking about Islam: Why do they hate us? Is Islam compatible with democracy? Does Islam subjugate women? Does the Quran preach violence? These important questions are of relevance to Muslims and to non-Muslims alike. *Islam Under Siege* points out the need for, and provides the route to, the dialogue of civilizations. September 11, 2001, underlined the role of Islam in our time. In its demographic spread, its political span, and its religious commitment, Islam will be an increasingly forceful presence on the world stage in the twenty-first century. While some scholars predict that there will be a clash of civilizations, others see a need for a dialogue of civilizations. This book will help students, scholars of politics, sociology, international relations, and cultural studies, and reporters as well as a more general audience interested in some of the most important issues of our time.
