Mythallica Mikhail Dingle,2014-06-30 The Solarian, or the Sons of Suns (designed to resemble the Melanesian Pacific Islanders) are a peaceful people and for years have stood on the outskirts of an intergalactic warfare being waged between the Hyperion Regime and The Feed. The ruthless Void The Sever has claimed the universe as his own and wishes to annihilate the Keystone species (Solarian included) who inhabit it. When young Aether (Greek Deity. name meaning the air of the gods) and Caelum (Greek Deity name meaning the heavens) are separated from the rest of their Solarian tribe, their only hope of getting back to them is to join the fight! Along the way, they discover fascinating worlds and powerful allies from various myths who assist them on their quest to find their family. They quickly find out that freedom is not easily acquired. It must be taken! Lux Nova is set in a universe where science and fantasy collide, featuring a unique and vast collection of characters, creatures and locations.

Dopesick Beth Macy,2018-08-09 Now a major TV series on Disney+ 'A shocking investigation... Dopesick is essential' The Times 'Unfolds with all the pace of a thriller' Observer 'A deep - and deeply needed - look into the troubled soul of America' Tom Hanks 'Essential reading' New York Times Beth Macy reveals the disturbing truth behind America's opioid crisis and explains how a nation has become enslaved to prescription drugs. This powerful and moving story explains how a large corporation, Purdue, encouraged small town doctors to prescribe OxyContin to a country already awash in painkillers. The drug's dangerously addictive nature was hidden, whilst many used it as an escape, to numb the pain of joblessness and the need to pay the bills. Macy tries to answer a grieving mother's question - why her only son died - and comes away with a harrowing tale of greed and need.

The Hard Stuff Wayne Kramer,2018-08-14 The first memoir by Wayne Kramer, legendary guitarist and cofounder of quintessential Detroit proto-punk legends The MC5 Voyeuristically dramatic. -THE NEW YORK TIMES BOOK REVIEW In January 1969, before the world heard a note of their music, the MC5 was on the cover of Rolling Stone. Led by legendary guitarist Wayne Kramer, the band was a reflection of the times: exciting, sexy, violent, chaotic, and even out of control. The missing link between free jazz and punk rock, the MC5 toured the country, played alongside music legends, and had a rabid following, their music acting as the soundtrack to the blossoming blue collar youth movement. Kramer wanted to redefine what a rock 'n' roll group was capable of, and though there was power in reaching for that, it was also a recipe for personal and professional disaster. The band recorded three major label albums but, by 1972-it was all over. Kramer's story is (literally) a revolutionary one, but it's also the deeply personal struggle of an addict and an artist, a rebel with a great tale to tell. From the glory days of Detroit to the junk-sick streets of the East Village, from Key West to Nashville and sunny L.A., in and out of prison and on and off of drugs, Kramer's is the classic journeyman narrative, but with a twist: he's here to remind us that revolution is always an option.

Dope Thief Dennis Tafoya,2009-04-28 Ray and his best friend, Manny, close ever since they met in juvie almost twenty years ago, have a great scam going: With a couple of fake badges and some DEA windbreakers they found at a secondhand store, they pose as federal agents and rip off small-time drug dealers, taking their money and drugs and disappearing before anyone is the wiser. It's the perfect sting: the dealers they target are too small to look for revenge and too guilty to call the police, nobody has to die, nobody innocent gets hurt, and Ray and Manny score plenty. But it can't last forever. Eventually, they choose the wrong mark and walk out with hundreds of thousands of dollars, and a heavy hitter, who is more than willing to kill to get his money back, is coming after them. Now Ray couldn't care less about the score. He wants out---out of the scam, out of a life he feels like he never chose. Whether the victim of his latest job---not to mention his partner---will let him is another question entirely. Dennis Tafoya brings a rich, passionate, and accomplished new voice to the explosive story of a small-time crook with everything to lose in Dope Thief, his outstanding hardboiled debut.

Most Dope Paul Cantor,2022-01-18 The first biography of rapper Mac Miller, the Pittsburgh cult favorite-turned-rap superstar who touched the lives of millions before tragically passing away at the age of 26—now in paperback Malcolm James McCormick was born on January 19, 1992. He began making music at a young age and by 15 was already releasing mixtapes. One of the first true viral superstars, his early records earned him a rabid legion of die-hard fans—as well as a few noteworthy detractors. But despite his undeniable success, Miller was plagued by struggles with substance abuse and depression, both of which fueled his raw and genre-defying music, yet ultimately led to his demise. Through detailed reporting and interviews with dozens of Miller’s confidants, Paul Cantor brings you to leafy Pittsburgh, seductive Los Angeles, and frenzied New York, where you will meet Miller’s collaborators, producers, business partners, best friends, and even his roommates. Traveling deep into Miller’s inner circle, behind the curtain, the velvet ropes, and studio doors, Most Dope tells the story of a passionate, gifted young man who achieved his life’s ambition, only to be undone by his personal demons. Most Dope is part love letter, part cautionary tale, never shying away from the raw, visceral way Mac Miller lived his life. Praise for Most Dope A tender, studious remembrance. —The New York Times Book Review An insightful exploration of his life . . . painstakingly reported by Cantor, who interviewed more than 100 people during a three-year process. —USA Today An inside look at Miller's life through the eyes of his friends and industry peers, tracking the musician's life journey as he quickly ascended the ranks. —Daily Beast

The Dope: The Real History of the Mexican Drug Trade Benjamin T. Smith,2021-08-10 A myth-busting, 100-year history of the Mexican drug trade that reveals how an industry founded by farmers and village healers became dominated by cartels and kingpins. The Mexican drug trade has inspired prejudiced narratives of a war between north and south, white and brown; between noble cops and vicious kingpins, corrupt politicians and powerful cartels. In this first comprehensive history of the trade, historian Benjamin T. Smith tells the real story of how and why this one-peaceful industry turned violent. He uncovers its origins and explains how this illicit business essentially built modern Mexico, affecting everything from agriculture to medicine to economics—and the country’s all-important relationship with the United States. Drawing on unprecedented archival research; leaked DEA, Mexican law enforcement, and cartel documents; and dozens of harrowing interviews, Smith tells a thrilling story brimming with vivid characters—from Ignacia “La Nacha” Jasso, “queen pin” of Ciudad Juárez, to Dr. Leopoldo Salazar Viniegra, the crusading physician who argued that marijuana was harmless and tried to decriminalize morphine, to Harry Anslinger, the Machiavellian founder of the American Federal Bureau of Narcotics, who drummed up racist drug panics to increase his budget. Smith also profiles everyday agricultural workers, whose stories reveal both the economic benefits and the human cost of the trade. The Dope contains many surprising conclusions about drug use and the failure of drug enforcement, all backed by new research and data. Smith explains the complicated dynamics that drive the current drug war violence, probes the U.S.-backed policies that have inflamed the carnage, and explores corruption on both sides of the border. A dark morality tale about the American hunger for intoxication and the necessities of human survival, The Dope is essential for understanding the violence in the drug war and how decades-old myths shape Mexico in the American imagination today.

Film Dope ,1994

Assembly Language Step-by-Step Jeff Duntemann,2011-03-03 The eagerly anticipated new edition of the bestselling introduction to x86 assembly language The long-awaited third edition of this bestselling introduction to assembly language has been completely rewritten to focus on 32-bit protected-mode Linux and the free NASM assembler. Assembly is the fundamental language bridging human ideas and the pure silicon hearts of computers, and popular author Jeff Dunteman retains his distinctive lighthearted style as he presents a step-by-step approach to this difficult technical discipline. He starts at the very beginning, explaining the basic ideas of programmable computing, the binary and hexadecimal number systems, the Intel x86 computer architecture, and the process of software development under Linux. From that foundation he systematically treats the x86 instruction set, memory addressing, procedures, macros, and interface to the C-language code libraries upon which Linux itself is built. Serves as an ideal introduction to x86 computing concepts, as demonstrated by the only language directly understood by the CPU itself Uses an approachable, conversational style that assumes no prior experience in programming of any kind Presents x86 architecture and assembly concepts through a cumulative tutorial approach that is ideal for self-paced instruction Focuses entirely on free, open-source software, including Ubuntu Linux, the NASM assembler, the Kate editor, and the Gdb/Insight debugger Includes an x86 instruction set reference for the most common machine

instructions, specifically tailored for use by programming beginners Woven into the presentation are plenty of assembly code examples, plus practical tips on software design, coding, testing, and debugging, all using free, open-source software that may be downloaded without charge from the Internet.

Dust & Grooves Eilon Paz,2015-09-15 A photographic look into the world of vinyl record collectors—including Questlove—in the most intimate of environments—their record rooms. Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

Drug Use for Grown-Ups Dr. Carl L. Hart,2022-01-11 “Hart’s argument that we need to drastically revise our current view of illegal drugs is both powerful and timely . . . when it comes to the legacy of this country’s war on drugs, we should all share his outrage.” —The New York Times Book Review From one of the world's foremost experts on the subject, a powerful argument that the greatest damage from drugs flows from their being illegal, and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr. Carl L. Hart, Ziff Professor at Columbia University and former chair of the Department of Psychology, is one of the world's preeminent experts on the effects of so-called recreational drugs on the human mind and body. Dr. Hart is open about the fact that he uses drugs himself, in a happy balance with the rest of his full and productive life as a researcher and professor, husband, father, and friend. In *Drug Use for Grown-Ups*, he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use--not drugs themselves--have been a tremendous scourge on America, not least in reinforcing this country's enduring structural racism. Dr. Hart did not always have this view. He came of age in one of Miami's most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine. His initial work as a researcher was aimed at proving that drug use caused bad outcomes. But one problem kept cropping up: the evidence from his research did not support his hypothesis. From inside the massively well-funded research arm of the American war on drugs, he saw how the facts did not support the ideology. The truth was dismissed and distorted in order to keep fear and outrage stoked, the funds rolling in, and Black and brown bodies behind bars. *Drug Use for Grown-Ups* will be controversial, to be sure: the propaganda war, Dr. Hart argues, has been tremendously effective. Imagine if the only subject of any discussion about driving automobiles was fatal car crashes. *Drug Use for Grown-Ups* offers a radically different vision: when used responsibly, drugs can enrich and enhance our lives. We have a long way to go, but the vital conversation this book will generate is an extraordinarily important step.

You Are Dope Ovie Soko,2020-10-01 Whatever’s happened before is in the past. Just do your thing. Don’t fight yourself, because that will make you more frustrated than anything At the end of the day, it’s the small gestures that speak the loudest Ovie Soko won hearts all over the world during his time on Love Island UK with his openness and wise insights. Now, he has a message for everyone: YOU ARE DOPE You, yes, YOU, are exactly where you’re meant to be right now. You’re ready for what life is going to throw at you and you’re ready to embrace life in all of its glorious complications. This book will help you find your way to peace and teach you to cherish the small moments that are a part of our big lives. Most importantly, it will show you how to love who you are right now and embrace who you are going to be.

Canary in the Coal Mine William Cooke,2023-05-09 One doctor's courageous fight to save a small town from a silent epidemic that threatened the community's future--and exposed a national health crisis. When Dr. Will Cooke, an idealistic young physician just out of medical training, set up practice in the small rural community of Austin, Indiana, he had no idea that much of the town was being torn apart by poverty, addiction, and life-threatening illnesses. But he soon found himself at the crossroads of two unprecedented health-care disasters: a national opioid epidemic and the worst drug-fueled HIV outbreak ever seen in rural America. Confronted with Austin's hidden secrets, Dr. Cooke decided he had to do something about them. In taking up the fight for Austin's people, however, he would have to battle some unanticipated foes: prejudice, political resistance, an entrenched bureaucracy--and the dark despair that threatened to overwhelm his own soul. *Canary in the Coal Mine* is a gripping account of the transformation of a man and his adopted community, a compelling and ultimately hopeful read in the vein of *Hillbilly Elegy*, *Dreamland*, and *Educated*.

Whats The Name Of The App That Makes Dope Ediots Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change.
