**Whispers in the Tall Grass** Nick Brokhausen, 2019-10-19 "[An] exceptionally raw look at the Vietnam War . . . an excellent tribute to the generation that fought, laughed, and died in Southeast Asia." --New York Journal of Books This is the second volume of a Green Beret's riveting memoir of his time serving in Recon Teams Habu and Crusader, CNN, part of Military Assistance Command, Vietnam--Studies and Observations Group (MACV-SOG). Picking up where *We Few* left off, *Whispers in the Tall Grass* opens as the war moves into a new phase. The enemy are using special formations to hunt recon teams and missions are now rarely accomplished without heavy contact. Despite the teams' careful prep, losses are mounting. More and more missions are extracted by Bright Lights until eventually classic recon missions are almost impossible, and the teams briefly trial HALO insertion. Finally, as the US prepares to withdraw, the teams undertake back-to-back missions directing air strikes and disrupting supply lines to ease the pressure on the ARVN. Broken by the pace, but desperate not to leave the Yards, Brokhausen is ordered to out-process, his request for extension denied, and is forced to leave his friends--his brothers--behind. Written in the same vivid, immediate style that made *We Few* a cult classic, *Whispers in the Tall Grass* follows Habu, Crusader and other teams as they undertake missions in this new, deadlier phase of the war. The narrative veers from hair-raising to tragic and back as the teams insert into hot targets, act as Bright Light for stricken teams, and play hard in between missions to diffuse the ever-rising tension. "Brokhausen tells all in a masterfully gonzo style of reporting and recollection shaped by clever gallows humor." --Booklist
