The Hero of No Last Name C.A. Zitzelberger,2014-01-18 An oppressive regime. A life stolen. An escaped slave. A fiery fate. A world where anyone can become powerful. A slave since infancy, working the mines was all Camilla had ever known. She spent her life under the rule of the omnipotent Gi Force, the martial tyrants who control the world's universal government. Then one day, her baby brother, the only family she has left, is fatally poisoned in the mine. As she watches his slow decline toward death, she resolves to save him at any cost. Deep within one of the Gi Force's secure vaults lies her only hope to cure the poison, a healing stone called Aeraden. The stone, legend says, is used to create the cure-all, the panacea. Together with Tom, her best friend and fellow slave, they formulate a plan to escape and steal Aeraden from the Gi Force. As they struggle against the tumultuous odds, Camilla learns the depth of the Gi's deception and their devastating power. Weary and nearly broken by the desolation of her enslavement and the hopelessness of her predicament, she scrambles to continue on. Through her desperation, she not only finds the strength to fight back but also the true power that resides within her. Engaging, haunting, and visceral. *The Hero of No Last Name* is a story about adversity and the strength that can be found within anyone.

Resurrection S. Usher Evans,2021-05-25 From award-winning author S. Usher Evans comes a smashing continuation of her bestselling urban fantasy series. Picking up six months after the *Demon Spring* trilogy, the *Demon Fall* trilogy will leave readers guessing alongside our main characters as they explore the new reality of demons and humans. Lotan is safe, but the world continues to churn unpredictably. Jack continues to struggle with the decision made by Anya - and what it might mean for their already-rocky relationship. Meanwhile, he and Cam must toe the line between their demon friends and an increasingly active ICDM - who seem hell-bent on eradicating demons completely. Filled with twists and turns, and an ending that no reader will see coming, *Resurrection* is a stellar addition to the *Demon Spring* world. The *Demon Fall* trilogy is a spin-off series in the *Demon Spring* universe. It is strongly recommended that readers begin with the *Demon Spring* series prior to starting this one. Danseur Nobel Tecumapese Morning Star,

When the River Rises Rachel Ember, 2022-07-29 Cam has always had a soft spot for dangerous guys. Not that he gets much action, dangerous or otherwise—he never managed to outgrow his baby fat, and the most interesting thing about him is his 4.0 GPA. When Jake shows up, tall, brooding, and in leather, he seems to have stepped straight out of Cam's fantasies. Except he's not there as a suitor, but as a bossy bodyguard sent by Cam's crime boss aunt. Her enemies don't care that Cam has no interest in the family business, so Cam reluctantly agrees to go into hiding—not realizing Jake's safe house is a thousand miles away on a remote Nebraska farm, where Jake sheds his leather jacket and handgun for a cowboy hat and a horse. Maybe Cam has no choice but to trust Jake with his safety. But as the summer wears on in this strange land of wild mustangs, old grudges, and thunderstorms, he doesn't dare trust Jake with his heart.

The Terminals Royce Scott Buckingham, 2014-10-14 In *The Terminals*, Royce Buckingham tells the riveting story of a covert team of young, terminally ill teens who spend their last year alive running dangerous missions as super-spies for an organization that may not be all it seems. When 19 year-old Cam Cody is diagnosed with a terminal illness, he expects to spend the rest of his shortened life in an adjustable bed. Then one night, a mysterious man offers Cam one chance to join a covert unit of young terminals. They are like him, only they spend the last year of their lives executing exciting and dangerous missions to make the world a better place. With nothing to lose, Cam is in. A helicopter flies Cam to a secret tropical location, where he's tossed out with a parachute and an instruction manual. After a rough landing, he meets his nine teammates. The other terminals don't seem sick; Zara is beautiful, Donnie is an amazing athlete, and Calliope sings like a bird. He soon learns that they're enhanced with an experimental super steroid TS-8, which suppresses their illnesses' symptoms and heightens their physical and mental abilities. It's also fatal if taken for more than a year. Cam joins this extreme spy team, and they begin pulling dangerous operations in multiple countries. As his teammates fall around him, he starts to receive cryptic messages from a haggard survivor of last year's class hiding in the forest. She reveals that the program isn't what it seems, leading Cam to question whether any of them are really sick at all.

Midlife Crisis Audra North, 2017-08-28 Cam McGhee grew up like any other small-town Texas farm boy: he played football, went to church every Sunday, and married his high school sweetheart. But thirty-five years after he said I do, Cam finds himself nursing a beer in a gay bar, thinking about what might have been. Dave Montoya is confident, self-assured, and cautiously single. But when he meets shy, uncertain, and clearly-still-not-out Cam in a coffee shop in Austin, his reservations about getting seriously involved again disappear. Cam is everything he's looking for in a partner . . . almost, anyway. No matter how much Dave wants him, and how good they are together, Cam can't bring himself to openly embrace the life he was meant to live. After all, when his secret finally gets out, he faces the very real possibility of losing everything that kept him going for the first fifty years of his life, just like he's feared for so long. But with a little faith—and a lot of love—his dream of living fully, truly, as himself might finally be within reach.

Our Cursed Love Julie Abe, 2023-12-12 Julie Abe's *OUR CURSED LOVE* is a magical 50 *FIRST DATES* meets *LOVE AND GELATO* set in Tokyo, Japan—about destiny, the impact of the choices we make, and the magic of true love. Six days to remember. Love or lose him forever. Remy Kobata has always wished she was destined to be with her best friend, Cam Yasuda. All the way from being

neighbors from birth to mixing up magical prank potions together to their “just friends” homecoming date during their senior year in high school, nothing’s a secret between Remy and Cam—except for how much she is in love with him. Remy is trying to work up the courage to confess her feelings during their winter break trip to Japan, when she gets selected for a mystical tea leaves reading and it reveals that they’re not meant to be together. After they stumble upon a secret magical apothecary in the back alleys of Tokyo, Remy and Cam are offered an ancient soulmate elixir, created before all love potions were banned by the magical government. They each have their reasons for wanting to take it, but what could go wrong with finding your soulmate a little earlier? Except, after they drink up, their senior year trip flips into the worst vacation ever: Cam has forgotten who Remy is. If she can't help Cam remember her by midnight New Year’s Eve, they’ll both be cursed to forget each other. To unravel their past and rewrite the future, Remy and Cam must travel through Tokyo to rediscover Cam’s memories and make new ones—and maybe even fall in love all over again.
