100 Days of Sunlight Abbie Emmons, 2019-08-07 When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's obnoxious optimism, convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. *100 Days of Sunlight* is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting

back up when life knocks you down.

Story Genius Lisa Cron, 2016-08-09 Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal

logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a first draft with the authority, richness, and command of a riveting sixth or seventh draft.

Your Story Matters Leslie Leyland Fields, 2020-04-07
Your Story Matters presents a dynamic and spiritually formative process for understanding and redeeming the past in order to live well in the present and into the future. Leslie Leyland Fields has used and taught this practical and inspiring writing process for decades, helping people from all walks of life to access memory and sift through the truth of their stories. This is not just a book for writers. Each one of us has a story, and understanding God's work in our stories is a vital part of our faith. Through the spiritual practice of writing, we can remember his acts among us, declare his glory among the nations, and pass on to others what we have witnessed of God in this life: the mysterious, the tragic, the miraculous, the ordinary. With a companion video curriculum from RightNow Media, this is a why not book as opposed to a how to book. Leslie asks each of us an important question: Why not learn to tell your story, in the context of the grander story of God?

The Art of Memoir Mary Karr, 2015-09-15 Credited with sparking the current memoir explosion, Mary Karr's *The Liars' Club* spent more than a year at the top of the

New York Times list. She followed with two other smash bestsellers: *Cherry* and *Lit*, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In *The Art of Memoir*, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and “black belt sinner,” providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers’ experience, *The Art of Memoir* lays bare Karr’s own process. (Plus all those inside stories about how she dealt with family and friends get told— and the dark spaces in her own skull probed in depth.) As she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King’s *On Writing* and Anne Lamott’s *Bird by Bird*, *The Art of Memoir* is an elegant and accessible exploration of one of today’s most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

The Situation and the Story Vivian

Gornick, 2002-10-11 A guide to the art of personal writing, by the author of *Fierce Attachments* and *The End of the Novel of Love* All narrative writing must pull from the raw material of life a tale that will shape experience, transform event, deliver a bit of wisdom. In a story or a novel the I who tells this tale can be, and often is, an unreliable narrator but in nonfiction the reader must always be persuaded that the narrator is speaking truth. How does

one pull from one's own boring, agitated self the truth-speaker who will tell the story a personal narrative needs to tell? That is the question *The Situation and the Story* asks--and answers. Taking us on a reading tour of some of the best memoirs and essays of the past hundred years, Gornick traces the changing idea of self that has dominated the century, and demonstrates the enduring truth-speaker to be found in the work of writers as diverse as Edmund Gosse, Joan Didion, Oscar Wilde, James Baldwin, or Marguerite Duras. This book, which grew out of fifteen years teaching in MFA programs, is itself a model of the lucid intelligence that has made Gornick one of our most admired writers of nonfiction. In it, she teaches us to write by teaching us how to read: how to recognize truth when we hear it in the writing of others and in our own.
