*Reputation Management Online* Ben Medeiros, 2022-02-20 This book examines the work of the public relations, technology, and legal professionals who provide online “reputation management” services, situating their work within contemporary debates about regulating speech on the internet. The author argues that legal solutions like the European “Right to Be Forgotten” are not really possible in the United States, but that the private solutions of reputation management help to ameliorate novel concerns about reputation. At the same time, he contends that these practices prompt different free speech and dignitary concerns unique to the digital environment. Drawing upon rhetorical and legal analysis of diverse texts, including reputation management promotional materials, interviews with practitioners, legal cases, and popular online commentary about reputational disputes themselves, the book intervenes in specific debates about the regulation of the internet, as well as broader socio-legal debates about the role of reputation-damaging speech in a democratic society. This timely and relevant study will have great relevance for all students and scholars of communication studies, public relations, rhetoric, new and digital media, internet law, technology and society, computer-mediated communication, and sociology.

**British Musical Modernism** Philip Rupprecht, 2015-07-09 *British Musical Modernism* explores the works of eleven key composers to reveal the rapid shifts of expression and technique that transformed British art music in the post-war period. Responding to radical avant-garde developments in post-war Europe, the Manchester Group composers - Alexander Goehr, Peter Maxwell Davies, and Harrison Birtwistle - and their contemporaries assimilated the serial-structuralist preoccupations of mid-century internationalism to an art grounded in resurgent local traditions. In close readings of some thirty-five scores, Philip Rupprecht traces a modernism suffused with the formal elegance of the 1950s, the exuberant theatricality of the 1960s, and - in the works of David Bedford and Tim Souster - the pop, minimalist, and live-electronic directions of the early 1970s. Setting music-analytic insights against a broader social-historical backdrop, Rupprecht traces a British musical modernism that was at once a collective artistic endeavor, and a sounding myth of national identity.

*Rum-runners and Renegades* Rich Mole, 2013 On October 1, 1917, prohibition came into effect in the province of British Columbia. Washington and Oregon had gone dry the previous year. The ban on liquor sales led to deadly conflict and legal chaos in the Pacific Northwest, and the legacy of those booze battles continues into the 21st century. Rich Mole introduced readers to West Coast prohibition's pioneer years in *Scoundrels and Saloons: Whisky Wars of the Pacific Northwest, 1840-1917*. In *Rum-runners and Renegades*, he recounts the wild and wacky—and sometimes tragic—results of later prohibition laws through the exploits of both prohibitionists and prohibition-busters, among them Jonathan Rogers, a wealthy Vancouver builder and prohibition leader; the Billingsley brothers, a quartet of handsome bootleggers from Seattle; and enterprising Johnny Schnarr, Victoria's number-one rum-runner. From vicious marine hijackers and bedeviled police to corrupt politicians and frustrated drinkers on both sides of the border, this is an action-filled account of liquor and lawlessness on the West Coast.

**The Medal** Richard Galloway,2005-02 Life during and after the American Civil War was a torrent of hardship and misery. Drawing upon extensive research, Richard Galloway's novel, *The Medal*, is an endearing fictional account of one soldier's personal triumph through combat, POW life, slavery, personal conflicts, romance, and, most importantly, loved ones--lost and found. The United States is in the midst of the Civil War, and Simon Bolivar Ramsey is a Union private in the 100th Regiment, New York State Volunteers. In addition to his loved ones back home, Simon has something even more. He carries his father's medal, a talisman that protects him through battles and internment. While in Andersonville, the most brutal of all Southern prisoner-of-war camps, the beloved medal is stolen. Following a dramatic escape, Simon falls victim to amnesia, is given a new identity, and begins a second life on a Confederate widow's Georgia plantation. Then, through a strange twist of fate, the medal reenters Simon's life, spurring partial memories and the revelation that his life has just begun. Will Simon be reunited with his past, or will his future leave a lasting impression on generations to come? Follow Simon on his journey to a surprising conclusion as he seeks to find true meaning and--ultimately--his true self.
