Torrent Amanda Gearing,2017-01-30 Six years on from Queensland's tragic 'inland tsunami', this new edition of The Torrent reconnects with the survivors at the heart of the catastrophe. On January 10, 2011, after weeks of heavy rain and as floodwaters began to overwhelm much of southeast Queensland, a 'wall of water' hit Toowoomba and the Lockyer Valley. The Torrent tells the extraordinary stories of survival and loss that emerged from that terrible day.

It's a conflict in which Michelle is outnumbered and out-powered, and she'll never be the same.

Torrent #5 Marc Guggenheim,2023-07-05 END OF STORY ARC Michelle Metcalf has lost everything, including her powers. But a hero who has lost it all is a hero with nothing left to lose. The Troublesome Creek Collection: Troublesome Creek / Willow Springs / Torrent Falls Jan Watson,2017-05-09 This Collection bundles all three of Jan Watson's Troublesome Creek novels into one e-book for a great value! #1 Troublesome Creek: A charming historical novel set in the late 1800s. Born and raised in the hills of Kentucky, Laura "Copper" Grace loves the wilderness of her home in Troublesome Creek. But when her stepmother threatens to send her away to boarding school to become a lady, Copper faces the possibility of losing everything that is precious to her. Copper must come to terms with her family and discover the true meaning of home. Nothing can drag her off the mountain, until the day she realizes that God has other plans for her life. #2 Willow Springs: The year is 1883 and following a whirlwind courtship, seventeen-year-old Copper Brown finds herself living in the bustling city of Lexington, KY, far away from her beloved mountain home, newly married to a man she barely knows. Having been raised to put her trust in God, Copper sets out to find a purpose for this new life that she'd never imagined. #3 Torrent Falls: The year is 1888; Copper is a young widow with a baby trying to make a go of the ramshackle farm she received from her father in Troublesome Creek. Copper's life seems as dilapidated as the farm as she struggles to come to terms with her shattered world. Desperate to rekindle the easy faith she had as a child, she searches for peace and God's direction in the serenity of the Kentucky mountains. Further complicating her life is a budding romance with John Pelfrey, Copper's long ago sweetheart. Once sure she could never love again, Copper gives her heart to John only to face betrayal. A skilled midwife, Copper is challenged in many ways as she ministers to the women of eastern Kentucky. Always a believer, Copper still has much to learn as she grows in wisdom and in faith.

The Torrent Amanda Gearing,2013-03-01 Of all the extraordinary stories to emerge from the catastrophic Queensland floods of January 2011, the most starkly tragic and dramatic were those that came out of Toowoomba and the Lockyer Valley. The Torrent is a unique and powerful account of the devastating power of nature - and the enduring resilience of the human spirit.

Torrent Tom Calen,2014-09-23 In the year 2060—after decades of war, famine and financial collapse—individual nations ceased to exist, borders were blurred, different currencies were abandoned, and the new world order was complete. The dominion of the Global Alliance, ruled by the heads of the Five Families, had begun. Now, over a century later, the power of the Global Alliance is absolute. Every aspect of daily life brings the Families more power and more profit. Though there are internal struggles within the Families, the world is enjoying history's longest stretch of peace. Even crime is nearly non-existent—due to the SID chip implanted in every citizen at birth. Banking and shopping are now controlled through the simple swipe of a hand, and the world's citizens are pacified in a haze of security and consumerism. But when the man overseeing the launch of the SID upgrade discovers a fatal design flaw, the government quickly silences him. His children, eighteen-year-old Danica Seton and her thirteen-year-old brother Marcus, are forced to run as agents of the Global Alliance hunt them. Their frantic flight will lead them into the company of a pale-skinned man with a dark history. Dr. Sonje Nysgaard, a colleague of the children's father and likewise aware of the flaw, narrowly escapes the attempt on her life. Hiding from Alliance soldiers, she finds herself under the protection of a terrorist organization dedicated to the overthrow of the Alliance and the Families. These distractions are ill timed for Kerwen Garrott, the head, or Caput, of his Family. With the unveiling of the Peacekeeper drones, the world's first fully automated soldier, the Garrott name has risen high—thus attracting the distrust and contempt of the other Families. And as Caput Garrott struggles to navigate the treacherous politics of the Alliance, the terrorists have marked him as their next target. The first threads tugged are small, but possess the potential to unravel the whole tapestry—a tapestry carefully woven two millennia ago in deep shadow and bloody conspiracy. Few remember its origin, and none can predict the role one man will play in what is to come. A man who would become both savior and enslaver. A man from the woods. A man named Torrance. So begins the story of the Scars of Tomorrow.

Beyond the Torrent Jack McGarr,John McGarr,2000-06 When Donal, the eighteen-year-old crown prince of Topal, finds on the river bank an object with a cryptic message, he knows that somehow it has come from across the wide, raging river that separates his

kingdom from the land on the other side. He devises an ingenious and dangerous way to cross the torrent and discovers a culture opposite to his own. The women hunt, farm, herd and rule while the men must care for children, keep house and prepare meals. He also meets Lacia, the most beautiful girl he has ever seen, who detests his immodest outfit of doublet and hose, the type of costume she wears, and insists that he wear a gown while in Lona. Donal persuades her to visit Topal but she is so disturbed by what she perceives as injustice that she soon returns to her own country. However, the brief contact between the two countries leads to social revolution on both sides of the torrent as the members of each oppressed sex resolve to better themselves.

Surfing the Torrent Jonathan Chaves,2023-07-24 Surfing the Torrent is about a quest for truth, goodness, and beauty in a world that increasingly questions their very existence. The first of the two parts consists of poems derived from experiences in Greece revealing the birth of love for the place, and a woman of that place, the author’s wife. The second part expands to journeys to Europe, India, Taiwan, China, Japan, and through the US, all of which contribute to the winding road. The poems explore varying worldviews and religions, eventually discovering theosis and spiritual growth. Humor plays a role, as it too can be revelatory. The reader is invited to enjoy the poems in a way that is elusive in much modern poetry.

From a Trickle to a Torrent Geoff Childs,Namgyal Choedup,2018-10-30 What happens to a community when the majority of young people leave their homes to pursue an education? From a Trickle to a Torrent documents the demographic and social consequences of educational migration from Nubri, a Tibetan enclave in the highlands of Nepal. The authors explore parents’ motivations for sending their children to distant schools and monasteries, social connections that shape migration pathways, young people’s estrangement from village life, and dilemmas that arise when educated individuals are unable or unwilling to return and reside in their native villages. Drawing on numerous decades of research, this study documents a transitional period when the future of a Himalayan society teeters on the brink of irreversible change.
