They do nothing less than deliver you to your best and most powerful self.”—Kathy Freston, author of Quantum Wellness The Tools offers a solution to the biggest complaint patients have about therapy: the interminable wait for change to begin. Suddenly, through this transformative approach, obstacles become new chances—to find courage, embrace discipline, develop self-expression, deepen creativity. A dynamic, results-oriented practice, The Tools aims to deliver relief from persistent problems and restore control and hope right away. Every day presents challenges—big and small—that the tools transform into opportunities to bring about bold and dramatic change in your life. Stutz and Michels teach you how to: • Get Unstuck: Master the things you are avoiding and live in forward motion. • Control Anger: Free yourself from out-of-control rage and never-ending grudges. • Express Yourself: Learn the secret of true confidence and find your authentic voice. • Combat Anxiety: Stop obsessive worrying and negative thinking. • Find Discipline: Activate willpower and make the most of every minute. A Promised Land Barack Obama,2020-12-08 A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation’s highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune’s Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man’s bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama’s conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Let's Pretend This Never Happened Jenny Lawson,2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of Furiously Happy. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent Let’s Pretend This Never Happened, Lawson’s long-suffering

husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. Lifespan David A. Sinclair,Matthew D. LaPlante,2019-09-10 A NEW YORK TIMES BESTSELLER “Brilliant and enthralling.” —The Wall Street Journal A paradigm-shifting book from an acclaimed Harvard Medical School scientist and one of Time’s most influential people. It’s a seemingly undeniable truth that aging is inevitable. But what if everything we’ve been taught to believe about aging is wrong? What if we could choose our lifespan? In this groundbreaking book, Dr. David Sinclair, leading world authority on genetics and longevity, reveals a bold new theory for why we age. As he writes: “Aging is a disease, and that disease is treatable.” This eye-opening and provocative work takes us to the frontlines of research that is pushing the boundaries on our perceived scientific limitations, revealing incredible breakthroughs—many from Dr. David Sinclair’s own lab at Harvard—that demonstrate how we can slow down, or even reverse, aging. The key is activating newly discovered vitality genes, the descendants of an ancient genetic survival circuit that is both the cause of aging and the key to reversing it. Recent experiments in genetic reprogramming suggest that in the near future we may not just be able to feel younger, but actually become younger. Through a page-turning narrative, Dr. Sinclair invites you into the process of scientific discovery and reveals the emerging technologies and simple lifestyle changes—such as intermittent fasting, cold exposure, exercising with the right intensity, and eating less meat—that have been shown to help us live younger and healthier for longer. At once a roadmap for taking charge of our own health destiny and a bold new vision for the future of humankind, Lifespan will forever change the way we think about why we age and what we can do about it.

Men and Miscarriage Aaron Gouveia,MJ Gouveia,2021-07-06 From an esteemed author known for battling gender norms and bringing down man up culture, comes this essential guide for men and those who love them. Miscarriage, infertility, and abortion are generally considered women’s issues—and while they are far from uncommon in our society, open conversations surrounding those topics are exceedingly rare. They're seen as taboo, even distasteful. And that’s just for women. When it comes to men and how they are impacted by these issues, it’s almost complete radio silence. It’s not that men don’t think about these things or aren’t affected—after all, they make up half of most couples experiencing these issues—it’s that toxic masculinity and gender stereotypes in our society tell men that suffering in silence equals strength and expressing emotions is weakness. It’s men not knowing how to feel, how to express those feelings, or if they’re even allowed to feel this trauma beyond supporting their partner. In Men and Miscarriage, husband and wife Aaron and MJ Gouveia ask men (and others) these questions directly. Using their own personal experiences enduring four miscarriages and a medically-necessary abortion combined with interviews of people from all different backgrounds and walks of life, the couple sheds light on how these topics influence men, women, their relationships, their mental health, and examines the shame and stigma too often associated with pregnancies that don't go as planned.

But before she can blow its white fluff away, her brother tells her she has to make a wish. If only she can think of just the right wish to make . . . With lyrical, stirring text and stunning, evocative artwork, Matt de la Peña and Christian Robinson have crafted a moving ode to family, to dreamers, and to finding hope in the most unexpected places.

Secrets of the Millionaire Mind T. Harv Eker,2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

The Autobiography of Malcolm X Malcolm X,Alex Haley,1965 Malcolm X's blazing, legendary autobiography, completed shortly before his assassination in 1965, depicts a remarkable life: a child born into rage and despair, who turned to street-hustling and cocaine in the Harlem ghetto, followed by prison, where he converted to the Black Muslims and honed the energy and brilliance that made him one of the most important political figures of his time - and an icon in ours. It also charts the spiritual journey that took him beyond militancy, and led to his murder, a powerful story of transformation, redemption and betrayal. Vilified by his critics as an anti-white demagogue, Malcolm X gave a voice to unheard African-Americans, bringing them pride, hope and fearlessness, and remains an inspirational and controversial figure today.
