**The Return of the Lost Civilizations : The Forgotten Agreement** Priyank Talesara,2020-10-13 When an ancient agreement is brought to light, how will humans cope with it? Are they ready to take on the challenge that the agreement poses? Through a narrative of a struggle to call this earth home, the book brings out the violence, selfishness and cruelty that human beings have deteriorated themselves to. When a team of mysterious beings appear in Antarctica, all they see around them is death and destruction as they desperately race against time to find the pieces of the puzzle that will move forward the ancient agreement. Through a narrative of mystery and wonder, the book portrays that this earth is also the homeland for other species. Humans don't have the right to reign supreme. The book brings out the horrors of exploitation that have characterized human civilization since time immemorial; the greed which has led us to destroy each other. It tells us why we need to stop and bring in peace and love for our fellow humans and species too. God has given us the gift of wisdom to be loving and tender to everyone and not fight for our sole survival. This is what we must strive towards, lest we become demons, the very things which we are fighting against.

**Xavion and Sareyus** Isaiah Sleeping Turtle Johnson Bey,2023-06-21 During the Earth's third incarnation, eight of the nine gods craft a warrior. He is Xavion, and at thirty years old, he is in the midst of warring empires in the continent of Nodin. Being mixed of all human ethnicities, Xavion is often discriminated against. As a champion representing five rival minorities, Xavion is hell-bent to purge imperialism from the north. Sareyus, the goddess of fire, protests Xavion's creation. Her anger of the pantheon's ignorance forces her to take action. While in the guise of a human, she is thrust into the political instability. Upon meeting, they are smitten. Together, they uncover conspiracies that could destabilize Heaven and Earth. What will become of the Third World for Xavion and Sareyus?

**Even the Dead Have a Story to Tell** Tramain Fitzgerald,2014-05-08 Even the Dead Have a Story to Tell by Tramain Fitzgerald is an intriguing story surrounding the lives of several young men from the 'hood' in New Jersey, who have been transplanted in Memphis, TN, where their mothers' hope is for them to start a 'new life.' Unfortunately, as teens they experience difficulty fitting into this gang-ridden area ruled by the East Coast and West Coast gangs, but initially keep his information to themselves. Try as they might to avoid being 'sucked in,' they find it impossible to create a lifestyle and, taking up with another young man, the three become the mind, body, and soul of the Blue Terrains. Now they not only become rivals with the other gangs, but are also up against corrupt cops hiding in the shadows. This fascinating tale depicts a sense of danger and the excitement of the game, but also shares the sad side of this lifestyle--death, secrets kept, and a mother's tears--certain to hold to the reader's attention to the very end.

Frostgrave: Ghost Archipelago: Tales of the Lost Isles Joseph A. McCullough,2017-10-19 The Ghost Archipelago has returned. A vast island chain, covered in the ruins of ancient and otherworldly civilizations, the Archipelago appears every few centuries, far out in the southern ocean. At such times, pirates, adventurers, wizards, and legendary heroes all descend upon the islands in the hopes of finding lost treasures and powerful artefacts. A few, drawn by the blood of their ancestors, search for the fabled Crystal Pool, whose waters grant abilities far beyond those of normal men. It is only the bravest, however, who venture into the islands, for they are filled with numerous deadly threats. Cannibal tribes, sorcerous serpent-men, and poisonous water-beasts all inhabit the island ruins, guarding their treasure hordes and setting traps for the unwary. This book of fiction collects all-new stories set in the Ghost Archipelago.

Alphas & Angels: The Royal Pack of Louisiana Neicy P.,2019-02-03 The pack is back!!! Xiare had been adjusting to his life on Earth as the prince of his father's pack. He knew that it was going to be very different from the one he ruled over in Hell, but he refused to let that stop him. Xiare got acquainted with the rules and laws of his pack, enforcing them on intruders or anyone else that posed a threat to them. It wasn't the Canis pack or the unknown demons that forced his visits to Hell against his mate Alijah's demands. It was his daughter that warned him of the Earth's destruction if she didn't find her place there. Ezra was on his way to gaining his wings by mating with his marker, Nevaeh Bricks. He granted all her family's wishes by planning a traditional mating ceremony with the Elders present. Perfection was what he was aiming for, but it wasn't what he was going to get, especially if Nevaeh was already promised to another that didn't mind breaking the rules. The Blacks and Kings were the packs to fear. But all that was going to change with the birth of a Descendant.

*Humanity's Endgame* Eve Langlais,2021-03-16 Humanity's endgame was only the beginning for me. Aliens ended life as we know it on Earth. Not on purpose I should add, though that didn't matter to the billions who died. But it turned out, in some respects, surviving was even worse. My family used to say good thing I was pretty. In case you were wondering, it didn't help when the end of the world arrived. Alone, and afraid, somehow, I managed to hold on. Foraging for supplies. Eking out a hidden existence. Avoiding the mutants that emerged after the alien plague. I'd resigned myself to dying alone, which was when I literally fell into Xavion's arms. And I managed to find love in the apocalypse. genre: apocalypse romance, end of the

world romance, action and adventure romance, first contact, alien invasion, futuristic romance

King Michael: The Dark Angel Neicy P., 2019-07-25 King Michael, The Dark Angel, has always put others before him and he feels that he has earned the right to sit back, relax and enjoy himself... after he puts his life and everything else on the line one last time for his family. One failed attempt on his life after another is thwarted but right when he believes that all hope is lost, he sets his eyes on Ariella. One glance and he knows that she is his true destiny and come hell or high water, he won't allow anyone to steal the bright future he now sees that he can have with this queen by his side. Ariella, a strong, independent boss in her own right, has always followed the rules and never questions the edicts and decisions of those ranked higher than her. She unquestioningly takes on the assignment to bring King to his knees. What she doesn't expect is for her feelings to overcome her faith and blind her from the truth... or is it that she was deceived and now her eyes are finally wide open? King Michael and Ariella have an instant, undeniable attraction to one another, but the question is, are they truly destined to be together or will Ariella carry out the orders of the elders sacrificing her and King's chance at a happily ever after?

**The Emergence of Value** Lawrence Cahoon, 2023-09-01 Philosophers, social scientists, and natural scientists argue over whether a natural scientific account of human being is compatible with uniquely human norms like ethics, justice, art, and the concern for truth. Many attempts at such an account have been tried and failed; others, like evolutionary psychology, have tried but stumbled. *The Emergence of Value* argues that a broad enough understanding of nature and human nature can incorporate human values and norms, without reducing them to inhuman processes. Lawrence Cahoon advances the position that nature includes values as well as facts, and human uniqueness is therefore compatible with nature, as it must be. To demonstrate this, we must consider multiple sciences and recent philosophical traditions and their impact on our notions of truth, morality, justice, and beauty.
