Advances in Mathematical Economics Volume 18 Shigeo Kusuoka,Toru Maruyama,2014-06-07 A lot of economic problems can be formulated as constrained optimizations and equilibration of their solutions. Various mathematical theories have been supplying economists with indispensable machineries for these problems arising in economic theory. Conversely, mathematicians have been stimulated by various mathematical difficulties raised by economic theories. The series is designed to bring together those mathematicians who are seriously interested in getting new challenging stimuli from economic theories with those economists who are seeking effective mathematical tools for their research.

Home, Belonging and Memory in Migration Sadan Jha,Pushpendra Kumar Singh,2021-09-09 This volume explores ideas of home, belonging and memory in migration through the social realities of

Departing from the dominant understanding of migration as an aberration impelled by economic factors, the book focuses on the centrality of migration in the making of society. Part of the series *Migrations in South Asia*, this book will be useful to scholars and researchers of migration studies, refugee studies, gender studies, development studies, social work, political economy, social history, political studies, social and cultural anthropology, exclusion studies, sociology, and South Asian Studies.

Drama and the Performing Arts in Pre-Cromwellian Ireland Alan John Fletcher, 2001 The Irish contribution to world theatre is famous, but today awareness of Irish theatrical activity is chiefly confined to the modern period. This book corrects that imbalance with an unparalleled study of the early history of drama and performance in Ireland, from the seventh century through the sixteenth and seventeenth centuries, and ending on the eve of the arrival of Oliver Cromwell. The work of professional entertainers is discussed, as is that of amateurs, in theatricals sponsored by churches, guilds, civic authorities, and aristocratic patrons. Drawing on a wide variety of sources, many unpublished, Alan Fletcher opens up a vibrant but forgotten Irish landscape in which drama and performance collaborated actively in the mapping and manufacture of social history. Modern Irish drama is acknowledged as having a rich and vibrant tradition. *Drama, Performance and Polity in Pre-Cromwellian Ireland* helps to show how that vibrant tradition of drama and theatre has a very long history. Dr. Fletcher deals not only with performance traditions outside the Pale in the sixteenth and seventeenth centuries, but for the first time delves into such traditions as can be gleaned about Gaelic Ireland during the preceding millennium. Fletcher surveys the 'native' traditions beyond the Pale; early and sixteenth-century activities within Dublin; Kilkenny drama; provincial centres outside Dublin; and Dublin in the seventeenth century up to the arrival of Oliver Cromwell, when the Irish theatres were closed.
