**Drag Racing** Jay H. Smith,1995 Introduces the sport of drag racing and the different types of cars which are raced.

**Match Race Mayhem** Doug Boyce,2017-06-15 Drag racing is a very regulated sport. In the history of the NHRA, IHRA, and other sanctioning bodies, many classes existed in an effort to make sure the cars racing against each other are as equal as possible. It is a noble, if not futile, pursuit. You have two cars facing off that have very similar statistics in terms of weight, transmission type, fuel type, estimated horsepower, and all other sorts of measurables. The byproduct is that often the races that were fair were not the races that the fans wanted to see. During the golden age of drag racing, fans didn't care as much about class racing as much as they wanted to see scores settled, rivalries battled, and interesting match-ups. There were the manufacturer rivalries, Ford versus Chevy, Chevy versus Mopar, Mopar versus Ford, as well as numerous driver rivalries. Match races were also a great way to feature wildly popular cars that no longer had a class in which to compete, yet the fans still wanted to see them. So popular and intense were these races that many track promoters didn't bother to promote class racing at all. Instead, they used the match races as headliners, similar to the marquee at your local arena or a billboard in Las Vegas, all resulting in putting more fans in the stands. And the drivers loved it too. Although the prize money for national events was fairly average for the day, the extra appearance fees and prize money to lure the most popular match racers to events increased the driver's take exponentially. Many of the most popular pro drivers quit class racing altogether just to go match racing. Veteran drag race author Doug Boyce tells the tale of the history of match racing through the cars, the drivers, the events, the classes, the rivalries, and everything else that was fun about match racing during the golden era. It's all here, complemented by wonderful vintage photography provided by fans and professionals in attendance. If you are a fan of any class of drag racing, from any era, Match Race Mayhem is a fun addition to your racing library. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

**The World's Fastest Boats** Nick Cook,2001 Discusses the history and development of some of the world's fastest boats, describing the specific features and specifications of such vessels as ice boats, catamarans, hydrofoils, and jetboats.

**"TV" Tommy Ivo** Tom Cotter,2011-03-04 2011 International Automotive Media Gold Award Winner In the early 1960s, Tommy Ivo had the world in the palm of his hands. Still a young man, he was already a star of television and film with a promising Hollywood future ahead of him. Then his producers told him he had to quit drag racing. He quit the entertainment industry instead. This is the official story of Ivo's incredible life and racing career. Readers will follow "TV" Tommy as he becomes the most ambitious drag racer in the nation, building his own cars in the garage behind his Burbank home; becoming the first driver to pilot his dragsters to 170, 175, and 180 miles per hour and towing his cars to match races at small-town drag strips across the United States. Always the showman, Ivo pioneered promotional techniques that are today taken for granted. In this regard especially, his impact on the sport cannot be understated, and his legacy is detailed in this incredible bio of one of drag racing's most irrepressible characters.

**Tales from the Drag Strip** Don Garlits,2013-06-01 Since the moment that young men began modifying and personalizing their automobiles back in the 1940s and '50s, "Big Daddy" Don Garlits was squarely in the thick of this intoxicating pursuit. Tales from the Drag Strip with "Big Daddy" Don Garlits is a first-person account of the many memorable experiences this drag racing icon has lived through in his half-century of nitromethane-fueled exploits. The many races, racers, race fans, and race tracks that have touched his colorful career are recounted as only Big Daddy can, painting a vivid picture of his life at speed and the triumphs and tragedies that came along the way. Insightful, ironic, humorous, and touching—but all true—Big Daddy's remembrances are the next best thing to reliving the glory days of America's quickest and fastest motorsports through the eyes of an American institution.

**Superfast Drag Racing** J Chris Roselius,2020 Start your engines and get in gear! Exciting photos and facts will have readers turning the pages to discover the history of drag racing, what a typical race day looks like, and more about the sport.

**Tales from a Top Fuel Dragster** Shirley Muldowney,2013-11-01 Shirley Muldowney not only broke the gender barrier in the National Hot Rod Association in the 1970s, but she also completely rewrote the record books in Top Fuel Eliminator, drag racing's quickest and fastest category. She was the first woman to receive a Top Fuel license from the NHRA. Between 1977 and 1982, Muldowney won three NHRA Top Fuel championships—the first female ever to win a title in any professional motorsport. She won the prestigious NHRA US Nationals in 1982 and was recently inducted into the International Motorsports Hall of Fame. By the time she retired at the end of the 2003 season, Muldowney had become one of the most recognized and celebrated race car drivers in history. Tales from a Top-Fuel Dragster is an unabashed collection of stories, anecdotes, and opinions in Muldowney's own unvarnished style of storytelling, laced with her straightforward, take-no-prisoners approach. She has spent her entire lifetime telling it like it is, standing up to the establishment, and refusing to do anything other than in her own way. Politically correct? Hardly. Readers

are encouraged to strap themselves in when she shares her many tales. It's the whole truth and nothing but the truth according to the legendary Shirley Muldowney.

**Snake Vs. Mongoose: How a Rivalry Changed Drag Racing Forever** Tom Madigan,

*High Performance* Robert C. Post,1994 What emerges is a compelling look at the men and women who have devoted their lives to this extraordinary pursuit and a sensitive exploration of their motivations.

**Drag Racing** Bill Holder,Drag Holder,William G Holder,1993

**San Diego Drag Racing and the Bean Bandits** Emmanuel Burgin,Colleen M. O'Connor,Susan Wachowiak,2017-12-11 San Diego enjoys a long and storied race car and drag racing history, and the Bean Bandits are a huge part of that heritage. Yet their story remains buried in plain sight. Told here in photographs garnered from private, personal, and historical collections, the 1950s pioneering exploits of Bean Bandits leader Joaquin Arnett and his contributions to that racing history come to life. The San Diego native led his Bean Bandits to over 300 wins and several land speed records while competing against other local clubs, like the Prowlers, Oilers, Roadsters, and Roadrunners. Eventually, the Bean Bandits' streamliners set records on the Bonneville Salt Flats. Arnett won the first National Hot Rod Association (NHRA) Championship in 1953, was named to the International Car Racing Hall of Fame in 1992, and was awarded an NHRA Lifetime Achievement Award in 1994. Arnett and his Bean Bandits' car also graced the cover of Hot Rod magazine's special drag strip issue in 1953.

**Drag Racers** Jeffrey Zuehlke,2007-09-01 Drag racing is all about pure speed. Inside and out, top fuel dragsters, funny cars, and other drag racers are built to burn off the starting line and sail across the finish line. Races take just a few seconds, but they're packed with excitement, danger, and intense competition. Even the smallest mistake can be the difference between winning and losing. In this book you will learn how the sport got its start on a lonely stretch of road near Santa Barbara, California. You'll also learn about the major classes of drag racers, how they got their start, and the drivers who push them to their limits.
