Athanasius: Select Works and Letters Athanasius,

Mediating Religion and Government Kevin R. den Dulk,E. Oldmixon,2014-11-19 The study of religion and politics is a strongly behavioral sub-discipline, and within the American context, scholars place tremendous emphasis on its influence on political attitudes and behaviors, resultuing in a better understanding of religion's ability to shape voting patterns, party affiliation, and views of public policy.

Tuppence To Spend Lilian Harry,2010-08-19 A vivid wartime saga of colour and authenticity capturing both the harshness and the warmth of life during the dark days of the Second World War. Dan Hodges is devastated when his wife Nora dies during the early days of the war. Working long hours in a Portsmouth shipyard, how is he to look after his two sons, Gordon and Sammy? Then Gordon, something of a tearaway, is sent to an approved school, which leaves young Sammy alone in the house until neighbours in April Grove intervene and Sammy is evacuated to Bridge End, a village near Southampton. Ruth Purslow, a young childless widow, takes him in, her compassion aroused by his plight. Slowly, as they grow closer, Ruth begins to dread the time when Sammy must return to Portsmouth...

A Traveller in Time Alison Uttley,2011-05-31 Penelope Taberner Cameron is a solitary and a sickly child, a reader and a dreamer. Her mother, indeed, is of the opinion that the girl has grown all too attached to the products of her imagination and decides to send her away from London for a restorative dose of fresh country air. But staying at Thackers, in remote Derbyshire, Penelope is soon caught up in a new mystery, as she finds herself transported at unforeseeable intervals back and forth from modern to Elizabethan times. There she becomes part of a remarkable family that is, Penelope realizes, in terrible danger as they plot to

free Mary, Queen of Scots, from the prison in which Queen Elizabeth has confined her. Penelope knows the tragic end that awaits the Scottish queen, but she can neither change the course of events nor persuade her new family of the hopelessness of their cause, which love, loyalty, and justice all compel them to embrace. Caught between present and past, Penelope is ever more torn by questions of freedom and fate. To travel in time, she discovers, is to be very much alone. And yet the slow recurrent rhythms of the natural world, beautifully captured by Alison Uttley, also speak of a greater ongoing life that transcends the passage of the years.

The Word of Islam John Alden Williams, 2010-07-22 Since the 1970s, Islam has been undergoing a tremendous resurgence throughout the world. This resurgence has often been labeled Islamic fundamentalism by the media, but it includes believers of every persuasion, from the most conservative to the most liberal. Given this fact, it is vital for the West to understand the terms in which Islam thinks and to communicate effectively with Muslims. This anthology includes writings central to Islamic thought, some translated earlier but here redone, and others which have never before appeared in any Western language. The selections include an interpretation of the Qur'an, as well as portions of the Hadith, or sayings and actions of the Prophet; Islamic law; mysticism (Sufism); theology; and sectarian writings. A final essay on Islam today places these writings in their contemporary context and shows the breadth and variety of Islamic belief and practice. Compiled with the intention of letting Islam describe itself in its own words, the book is an important source for all students of Muslim culture and world religions. This book is similar in scope to Williams' well-known 1961 George Braziller publication, but freshly written and much improved.

Once They Hear My Name Ellen S. Lee, Marilyn Lammert, Mary Anne Hess, 2008 A testament to the more than 100,000 Korean adoptees who have come to the United States since the 1950s, this collection of oral histories features the stories of nine Korean Americans who were adopted as children and the struggles they've shared as foreigners in their native lands. From their early confrontations with racism and xenophobia to their later-in-life trips back to Korea to find their roots (with mixed results), these narratives illustrate the wide variety of ways in which all adoptive parents and adoptees--not just those from Korea--must struggle with issues of identity, alienation, and family.

The Horse who Drank the Sky Murray Pomerance, 2008 The author argues in this book that what is most important for cinema is that we are alive with it and that for all its dramatic, literary, political, sociological, and philosophical weight, film is ultimately an art that provokes, touches, and riddles the viewer through an image that transcends narrative and theory.

Christ crucified: or, the marrow of the Gospel, evidently holden forth in seventy-two sermons on the whole fifty-third chapter of Isaiah ... Seventh edition. [The epistle dedicatory and preface are subscribed J. C.] James DURHAM (Covenanting Divine.), 1769
