Facebook Reloaded Federico Guerrini,2012-06-26T15:00:00+02:00 Per gli utenti italiani di Facebook, il social network più famoso al mondo, è il

momento dei bilanci. Dopo l'ondata di entusiasmo dello scorso anno, che ha decuplicato in pochi mesi il numero di iscritti alla piattaforma, per molti è l'ora dei dubbi e dei ripensamenti. Un atteggiamento di diffidenza generato spesso da una scarsa conoscenza del mezzo. Quanti dei milioni di membri di Facebook, infatti, sanno davvero come sfruttarne tutte le potenzialità ed evitare i principali rischi? Questo libro di Federico Guerrini, facebookiano della prima ora e autore di numerose pubblicazioni su Internet e sulle nuove tecnologie, analizza a fondo il fenomeno del momento: dai suoi riflessi sul mondo del lavoro e sulle storie sentimentali, ai problemi di privacy e tecnodipendenza che affollano le cronache di tutti i giornali. Grande attenzione viene dedicata all'uso consapevole di Facebook e alle applicazioni più utili per trasformare e potenziare l'esperienza di social networking. C'è anche lo spazio per azzardare qualche previsione sugli scenari futuri del Web, in cui Facebook potrebbe recitare sempre più un ruolo da protagonista.

Moments Dawn A. Minott,2013-03 In an age and time where poetry and prose of the heart are slowly being replaced with musical thumps wrapped in loud beats that demand our undivided attention, this book is a solace of poetic expressions wherein you may pause from the hurried busyness of life

and soothe your soul. It is a candid expose of life lessons predicated on debunking the widely held misconception that we only live once to heralding the actuality that we, in fact, die at least once but we live every day. It is a masterful fusion of prose, poems, and prayers that challenge readers to first conceptualize their best-lived life and then to live that life fully each day and, secondly, to move a step further and to visualize the benefits and joys of their best-lived life compounded exponentially and to know with full assurance that that abundant life envisioned can be their reality. This book is one woman's experience of how God pursued her and won her heart with His patient, undying, don't-want-anything-in-return love and the story of how her life changed on the journey to find His heart. It is a compelling life story that will touch your soul, move your heart, and inspire you to embark on your own quest to having/possessing/enjoying life right here, right now.

The Gap in the Curtain John Buchan, 2014-03-24 **The Gap in the Curtain** John Buchan is remembered for his spy thrillers like *The 39 Steps* but he also wrote tales of the supernatural. Whether *The Gap in the Curtain* is a supernatural tale, or science fiction, or horror, is difficult to say. A brilliant but possibly slightly unbalanced scientist discovers a means of lifting the curtain for a moment and gaining a glimpse of the future. This discovery allows six guests in his country house to see, for a brief instant of time, a page from a newspaper from one year in the future. The book then follows the life of each of the six people up to that date a year in the future, and examines the way they deal with the knowledge they have gained. The trick to it is that what they each see is an isolated fact, taken out of context. It can enlighten, but it can just as easily mislead. They know one thing that is going to happen, but they don't know how and why it will happen. The knowledge turns out to be surprisingly dangerous.
