Out Online: Trans Self-Representation and Community Building on YouTube Tobias Raun, 2016-05-05 Trans people are increasingly stepping out of the shadow of pathologization and secretiveness to tell their life stories, share information and to connect with like-minded others, using YouTube as a platform. Out Online: Trans Self-Representation and Community Building on YouTube explores the digital revolution of trans video blogging, addressing 'trans' in its many meanings and configurations to examine the different ways in which the body in transformation and the vlog as a medium intersect. Drawing on rich, virtual ethnographic studies of trans video blogging, the author sheds light on the ways in which the video blog (or 'vlog') as a multimodal medium enables trans people to tell their stories with the use of sound, text, music, and pictures - thus offering new ways to construct and archive bodily changes, and to revise the story endlessly. A

groundbreaking study of the intersection between trans identity and technology, Out Online explores the transformative and therapeutic potential of the video blog as a means by which trans vloggers can emerge and develop online, using the vlog as a site for creation, intervention, community building and resistance. As such, it will appeal to social scientists and scholars of cultural and media studies with interests in gender, sexuality and embodiment.

How Music Changed YouTube Guillaume Heuguet, 2024-02-08 How do digital technologies transform music? The answer depends on the lens of one's analysis: creation, promotion, or the experience of the listener. How Music Changed YouTube shows that the reverse question - How does music transform digital technologies? - is also worth exploring: through reliance on sound recording and music, internet technologies and media are manufactured, transformed, and come to

dominate. Guillaume Heuguet's study situates YouTube in relation to both the internet platform and music industries by unpacking the cultural and technological forms embedded within and observing the practices and values associated with it, from the art of collecting to the accelerated circulation of samples and remixes. Heuguet's documentary and genealogical work relies on YouTube's traces in internet archives, its successive interfaces, the blogs of its teams, and a few emblematic channels and videos. Particular attention is paid to the tensions between the promises associated with music algorithms - recommendation system, copyright control, view calculation - and the reality of their operation from a technical and cultural point of view. *How Music Changed YouTube* shows how, far from responding to an immediate need, YouTube's editorial and economic model developed over time, how the various fans, artists, labels, lawyers and legislators shaped the site, and how these factors affected its rise as a global media force in the early 21st century.

YouTube Alan Lastufka, Michael Dean, 2008-11-25 Explains how to view, upload, and share videos with friends and the Internet community using the YouTube website.

Music, Indigeneity, Digital Media Thomas R. Hilder, Henry Stobart, Shzr Ee Tan, 2017 Investigates the significance of a range of digital technologies in contemporary Indigenous musical performance, exploring interdisciplinary issues of music production, representation, and transmission.

Speaking from the Shadows David Barringer, 2023-08-10 If discouragement is the common cold of our emotions, then depression is the cancer. I love Jesus, I pastor a church, and I deal with bouts of depression. For years I've been wanting to read a book about depression not only from a Christ-centered perspective but from a leader who knew the struggle personally. It was Toni Morrison who once said, "If there's a book that you want to read, but it hasn't been written yet, then

you must write it.” Thus you have *Speaking from the Shadows*. For those who deal with depression, this is my attempt to articulate what you and I experience that others don’t understand. For those who’ve never dealt with depression, this is my endeavor to “pull back the curtain” to let you see into our world to be a support and help through shadowy times. Darkness does not discriminate, but neither does the light. So, like a lantern chasing away a shadow, my heart would be that this book would penetrate the darkness of what depression has been doing and bring hope to lives, marriages, and families. It’s time to bring light to a darkness that affects over 18 million adults every year. It’s time to bring hope to a largely ignored topic that claims more lives than homicide. It’s time to normalize vulnerability. It’s time to normalize getting the professional help we need. It’s time to recognize the healing virtue that Christ brings. There is a hope. And His name is Jesus.
