Zombology Brian Anse Patrick, 2014 In films, television, books, games, pornography, and now even in firearms and ammunition being sold to the American public, zombies are one of the mainstays of the popular culture of our time. Far from being only a passing curiosity, Brian Patrick dissects the zombie, showing it as the articulation of deep-seated fears within the Western psyche, a symbol in fact for the growing dehumanization that many of us observe, or perhaps sense without fully realizing it, in modern civilization. Patrick connects the zombie phenomenon to previous historical occurrences, drawing on both religion and psychology to show how such symbolic tropes that lodge in the collective unconscious of a culture are reflective of the psychological needs of large numbers of people in times of crisis. Patrick likewise shows how zombiedom has manifested particularly in American gun culture, and how this relates to the growth of a large-scale citizens' activist movement in favor of gun rights. Also included are practical tips on how to stay out of the clutches of zombiedom. Zombology is more than just a book about zombies, however. The zombie, for Patrick, is a peculiarly Western phenomenon, and as such, he examines how it can be seen as a manifestation of not-so-abstract forces battling for the future of our civilization: will collectivization or the individual, dream or reality win out? Patrick offers his own diagnosis. At the very least the zombie adds some much-needed psychic contrast to the cold, to the grey and to the unending. It also provides a face, albeit necrotic, to the seemingly impersonal sociological forces that undermine the West; for in a near-perfect correspondence with the zombie, the West itself appears to be necrotic in a galloping way. Both need brains to ease the pain.-p. 48

Killing Zombies for Fun & Profit Leethal, 2016-09-27 A warped little journey of sarcasm, economics, & profitable zombie hunting. While the eradication of Zombies may not be a realistic way to make a living (yet), certain sociological tidbits contained in the book may offer insight to the future of our economical status. Our world seems to be collapsing around us more each day, and while Zombies may be a metaphor for our impending doom, it really pays to be prepared for a worst case scenario. I tell my friends, I'm not paranoid. I prepare for the worst, and pray for the best.

Zombie Apocalypse: Day 91 (HB) Marc Stevens, 2022-04-27 *Zombie Apocalypse: Day 91 (HB)* By: Marc Stevens Welcome to the end of days! *Zombie Apocalypse: Day 91* is a brand-new survival table-top RPG adventure. Zompoc Michael G. Thomas, Nick S. Thomas, 2010-03 How do you fight a zombie if you are armed with only a shovel and are being pursued down a street? How can you raise a body of like minded individuals to defend your territory or to expand during the Zompoc? What is the Zompoc and what is a zombie? This book was written to answer these questions and much more. Many books recommend particular weapon types but they are always described by those with no experience of these items. As well as providing information we think is important we also offer more specific advice and guidance based upon the many questions we received from the readers of our first book. In *Zompoc: How to Survive a Zombie Apocalypse (HTSAZA)* we covered all the key areas that would be of concern with regards to survival, basic combat and overall strategies for the apocalypse. Some of the most popular parts of the book were the sections on long term survival and on the specifics of weapons and tactics when fighting zombies. It was with these points in mind that we produced this new addition to the Zompoc library.

Zombies Invasion Britain Anthony Stephens, 2013-06-07 How did it come to this thought Stephen Williams as he huddled amongst the evergreen and deciduous trees of Western Park shivering in the cold, unable even to light a fire for fear of alerting the zombies all around him to his whereabouts. If only we had had some border controls, maybe they could have stopped the zombies...

Can Sue and Jared find the extra food and guns they'll need? Can they fight off the zombies and marauders that are coming for them? Can their marriage survive a zombie apocalypse? Undead War: Tales of the Zombie Apocalypse Dead Guns Press, 2015-12-08 The Undead War means a battle of survival for the remaining pockets of humanity. It's the only thing that matters these days. Survive and win at all cost. The old ways of life mean nothing anymore. Those God-forsaken 9-to-5 jobs, the bills, the corporate empires, politicians bickering over stupid crap, all those laws on the books and everything that meant anything were swept aside. That includes those nice big screens televisions, computers, jewelry, gold, those fancy cars and the money that everyone slaved their asses off to get - it don't mean a damn thing anymore. When those things came back to life, the governments said they were going to eradicate the undead, the zombies, zekes, ferals, walkers or whatever those damned things are being called these days, but instead the governments the world over just collapsed. There's nothing left of the old ways of life just the surviving and dying.

A TOURIST IN ZOMBIE COUNTRY Urs Gretler, 2019-02-02 After the outbreak of the zombie apocalypse, an elderly Swiss tourist finds himself stranded in America. Unable to go home, he and other survivors set up a small agricultural settlement in Alabama and defend it against marauders. After more than one year he manages to return to Europe, thanks to the French Navy. A few European countries, although severely affected by the zombie pandemic, had managed to hang on. He returns to America as advisor to a French scientific expedition. Their road trip takes them to the Gulf coast, West Texas, Kansas and the Appalachians. They return with important information about the zombies and about the few survivors in America. An alarming incident with a zombie brought back from America leads to one more trip across the ocean, this time as advisor to a battalion-sized French army unit. In the end the scientists succeed in finding the origin of the zombie pandemic.
