Zook v. Theisen-Clemens Co., 273 MICH 536 (1935) ,1935 12

Only a Twig Lois Ann Zook, 1979-01-01

The Five Lives of Our Cat Zook Joanne Rocklin, 2012-04-01 In this warmhearted middle-grade novel, Oona and her brother, Fred, love their cat Zook (short for Zucchini), but Zook is sick. As they conspire to break him out of the vet's office, convinced he can only get better at home with them, Oona tells Fred the story of Zook's previous lives, ranging in style from fairy tale to grand epic to slice of life. Each of Zook's lives has echoes in Oona's own family life, which is going through a transition she's not yet ready to face. Her father died two years ago, and her mother has started a relationship with a man named Dylan—whom Oona secretly calls “the villain.” The truth about Dylan, and about Zook's medical condition, drives the drama in this loving family story. Praise for *The Five Lives of Our Cat Zook* STARRED REVIEW Rocklin's characters are fully developed: readers will be invested. Set in Oakland, readers are also treated to a refreshingly authentic child's view of a diverse city. The only imperfection in this novel is that it ends. —Booklist, starred review “Oona's character is a combination of Harriet the Spy in curiosity and Anastasia in spunk. Another emotionally satisfying outing from Rocklin; hanky recommended.” —Kirkus Reviews Just as she did in *One Day and One Amazing Morning on Orange Street*, Rocklin intertwines her characters so smartly that the many coincidences and serendipitous events feel organic to the story. The story's ending—bittersweet, inevitable, and true—offers much-needed catharsis for the family and for anyone who has ever loved a pet. —The Horn Book This heartwarming family tale is filled with resilient and thoughtful characters who are willing to learn from their mistakes. Readers who enjoy the novels of Jeanne Birdsall and Leslie Crunch will appreciate this charming story. —School Library Journal There is a strong sense of place in this loving story with the ending sure to generate some tears. This would make a strong library lesson extension activity. —Library Media Connection Awards SCBWI's Golden Kite Award for Fiction - 2012 Dorothy Canfield Fisher Book Award Rebecca Caudill Young Readers' Book Award

Life from Above Michael Bright, Chloe Sarosh, 2019-09-03 With over 200 spectacular images, including astonishing satellite photographs and stills from the PBS docuseries, *Life from Above* reveals our planet as you've never seen it before. Thanks to advanced satellite images, we can now see the earth's surface, its megastructures, weather patterns, and natural wonders in breathtaking detail. From the colors and patterns that make up our planet to the mass migrations and seismic changes that shape it, *Life from Above* sheds new light on the place we call home. It reveals the intimate stories behind the images, following herds of elephants crossing the plains of Africa and turtles traveling on ocean currents that are invisible unless seen from space. The true colors of our planet are revealed, from the striped tulip fields of Holland to the vivid turquoise lakes in Iceland to the green swirl of a plankton super bloom attracting a marine feeding frenzy. Whether it's the world's largest beaver dam--so remote it was discovered only through satellite imagery--or newly formed islands born from volcanic eruptions, you'll discover new perspectives with every image.

Unstoppable Chris Zook, 2007-05-03 Over the next decade, two out of every three companies will face the challenge of their corporate lives: redefining their core business. Buffeted by global competition and facing an uncertain future, more and more executives will realize that they must make fundamental changes in their core even as they continue delivering the goods and services that keep them in business today. *Unstoppable* shows these managers how to look deep within their organizations to find undervalued, unrecognized, or underutilized assets that can serve as new platforms for sustainable growth. Drawing on more than thirty interviews with CEOs from companies such as De Beers, American Express, and Samsung, it shows readers how to recognize when the core needs reinvention and how to deploy the hidden assets that can be the basis for tomorrow's growth. Building on the author's previous books, *Profit from the Core* and *Beyond the Core*, this book shows how any company in crisis can transform itself to become truly unstoppable.
