The Patient as Text Petter Aaslestad,2018-05-08 A commonly-held model of the doctor-patient relationship casts it as a subject/object relationship: broadly the patient is a 'text', and the doctor the reader or interpreter of that text. However, recent critical models preset notions of text and reader as complex and unstable, and the relationship of doctor and patient as similarly complicated. Explorations of psychiatry and 'madness' by critics such as Michel Foucault present a further background of complex ideological change. In *The Patient as Text*, Petter Aaslestad explores selections from over a century of psychiatric notes from Gaustad Hospital, Norway against this critical background, exploring the impact of ideological and medical changes surrounding the psychiatric clinical relationship and psychiatric professionals as constructors of narratives. This book will be of interest to researchers in the medical humanities, psychiatric practitioners, and those with an interest in medical history and critical theory.

Daylighters Rachel Caine,2013-11-05 While Morganville, Texas, is often a troubled town, Claire Danvers and her friends are looking forward to coming home. But the Morganville they return to isn't the one they know; it's become a different place—a deadly one... Something drastic has happened in Morganville while Claire and her friends were away. The town looks cleaner and happier than they've ever seen it before, but when their incoming group is arrested and separated—vampires from humans—they realize that the changes definitely aren't for the better. It seems that an organization called the Daylight Foundation has offered the population of Morganville something they've never had: hope of a vampire-free future. And while it sounds like salvation—even for the vampires themselves—the truth is far more sinister and deadly. Now, Claire, Shane and Eve need to find a way to break their friends out of Daylighter custody, before the vampires of Morganville meet their untimely end... Includes a teaser from *Prince of Shadows: A Novel of Romeo and Juliet*!

Unforgivable Megan Hart,2019-11-15 There is nothing crueler than the person who doesn't want you enough to keep you, but who doesn't love you enough to let you go. Alice and Mick, hot young lovers with the whole world ahead of them...until it all went catastrophically awry. It takes so little to lose so much. When a not-so-chance meeting at an old friend's party brings them back together, Alice must decide if the pleasure is worth the pain that will surely follow. After all, people, and relationships, can't ever really change. But if Alice does decide to let him back into her heart—and into her bed—will Mick be ready to show her the man that he's become...and take a chance on love? Can Alice ever trust him again? Is it possible to forgive the unforgivable? *Unforgivable* was previously published as a 3-part serial, *Don't Deny Me*. It has been revised and collected as a full-length novel featuring angst, woe, a frustrating but charming hero and a determined heroine who find their Happy Ever After together.

Infectious Injustice Justin Cook,2023-10-10 A secret preview into the treacherous journey of a man thrown from a successful life in Silicon Valley into the dark asphyxiating prison of San Quentin, with murders, serial killers, rats, and COVID around every corner. This true story is told by an inmate who was inside, living and breathing in the system of incarceration for nearly two years. He paints a masterpiece of detail by challenging the stigma that prisoners are less than people, that law enforcement is superior, and that the system of incarceration in the United States is still functioning. You will join him in the cell while he recounts hunger strikes, malnutrition, panic, and pandemonium, by weaving comedic banter with a stoic sense of realism. This is a captivating tale of how sick and dying men, caused

by the nationally publicized disaster of thirty deaths in a short period in the prison, stitched together the remnants of their shattered dignity and formed a brotherhood to withstand all odds; it paints the solo journey of a man's struggle through addiction, loss, corruption, oppression, racism, and fear. You won't put down this enthralling and uttering engrossing saga of survival, a triumphant testament to the endurance of the human spirit, loyalty, respect, and the fallacy of rehabilitation while incarcerated.

Hale K Webster,2018-06-26 He's my everything. I would die without him. Because he infects me. My brother. He's inside my mind. My thoughts are black and bruised. Twisted and wrong. A secret that eats me alive, but one I'll take to my grave. And then it happens. He sees inside me. Understands the darkness. Loves what he finds. I'm contagious. It's true. Now, he's sick too.

Backpacking through Bedlam Seanan McGuire,2023-03-07 Seanan McGuire's New York Times-bestselling and Hugo Award-nominated urban fantasy InCryptid series continues with the twelfth book following the Price family, cryptozoologists who study and protect the creatures living in secret all around us. Reunion, noun: 1. The state of being united again. Reconciliation, noun: 1. An act of reconciling, as when former enemies agree to an amiable truce. 2. The process of making consistent or compatible. 3. See also "impossible." Alice Price-Healy gave up her life for fifty years to focus completely on the search for her missing husband. The danger of focus like that is that it leaves little room for thinking about what happens after...and now that she's finally managed to find Thomas, she has no idea what she's supposed to do next. The fact that he comes with a surrogate daughter who may or may not have some connection to Alice's recently adopted grandson is just icing on the complicated cake. So the three of them are heading for the most complicated place in the universe: they're going home. But things on Earth have changed while Alice, Thomas, and Sally have been away. The Covenant of St. George, antagonized by Verity's declaration of war and Sarah's temporary relocation of an entire college campus, is trying to retake North America from the cryptids and cryptozoologists who've been keeping the peace for the past hundred years. And they're starting in New York. Alice and company have barely been back for an hour before the Ocean Lady and the Queen of the Routewitches are sending them to New York to help, and they find themselves embroiled in the politics of dragons, kidnappings, and of course, the most dangerous people of all: family. Getting "back to normal" may be the hardest task Alice has undertaken yet.
