Uncovering the Logic of English: A Common-Sense Solution to America's Literacy Crisis Denise Eide,2011-01-27 English is so illogical! It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like Why is there a silent final E in have, large, and house? and Why is discussion spelled with -sion rather than -tion? With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as 1+1=2.

The American Heritage Book Of English Usage Editors of the American Heritage Di,1996-09-09 For the first time, the editors of the acclaimed American Heritage(R) Dictionary have applied their efforts to word usage as its own subject. The result is this practical guide that includes chapters on grammar, style, diction, gender, social groups, pronunciation, word formation, science terms, and a subject and a word index.

Dreyer's English Benjamin Dreyer,2020-08-04 NEW YORK TIMES BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • Paste • Shelf Awareness "Essential (and delightful!)"—People We all write, all the time: books, blogs, emails. Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips on punctuation and spelling. . . . Even better: He'll entertain you while he's at it."—Newsday

Crazy English Richard Lederer,2010-05-11 In what other language, asks Lederer, do people drive on a parkway and park in a driveway, and your nose can run and your feet can smell? In CRAZY ENGLISH, Lederer frolics through the logic-boggling byways of our language, discovering the names for phobias you didn't know you could have, the longest words in our dictionaries, and the shortest sentence containing every letter in the alphabet. You'll take a bird's-eye view of our beastly language, feast on a banquet of mushrooming food metaphors, and meet the self-reflecting Doctor Rotcod, destined to speak only in palindromes.

A Book of Middle English J. A. Burrow,Thorlac Turville-Petre,2013-04-03 This essential Middle English textbook, now in its third edition,introduces students to the wide range of literature written inEngland between 1150 and 1400. New, thoroughly revised edition of this essential MiddleEnglish textbook. Introduces the language of the time, giving guidance onpronunciation, spelling, grammar, metre, vocabulary and regionaldialects. Now includes extracts from 'Pearl' andChaucer's 'Troilus and Criseyde'. Bibliographic references have been updated throughout. Each text is accompanied by detailed notes.

The New Oxford Book of English Prose John Gross,1998 This is a unique anthology. Drawing on the full range of English prose, wherever it has been written, it illustrates the growth, development, and resources of the language from the legends of Sir Thomas Malory to the novels of Kashuo Ishiguro. In the process it reveals a variety ofachievements which no other language can match. The book represents an enormous diversity of men and women - from John Bunyan to John Updike, from Brendan Behan to Chinua Achebe, from Dorothy Wordsworth to Patrick White. As the centuries progress, American writers increase their presence, and by the twentieth century there are contributions fromIndia, Australia, Canada, Nigeria, the Caribbean and many other parts of the world. The selection is no less remarkable for its breadth in terms of subject-matter and treatment. Fiction is generously represented, but many other kinds of writing have also been drawn on: letters, diaries, and memoirs; history and philosophy; criticism and reportage; sermons and satire; travel-books;reflections on art, science, politics and sport. There are classic and well-loved passages, and also a great deal that is unfamiliar. John Gross has chosen with consummate skill to produce a volume that is both a testimonial to English prose and an endless source of pleasurable browsing.

The Elements of English Stan Malless,Jeff McQuain,2014-08-18 Stan Malles and Jeff McQuain have written this brief, yet very important glossary in the spirit of E.D. Hirsch's bestselling Cultural Literacy. Here is a dictionary of basic terms for literature, composition, and grammar that every American, no matter their age, needs to know. Perfect for home and classroom use, The Elements of English is simple to use, unintimidating to read and easy to understand. Each area of language arts is divided into its own section, and a comprehensive index is also included. Each entry is concise, yet explained very clearly. Examples are listed to illustrate meanings, as are reminders, hints, and tips that further define and elucidate the terms. The Elements of English has been used very successfully in classrooms across the country. This revised and expanded edition includes new entries plus three additional appendices. This is a little book that fills a big need, and it deserves a wide distribution and readership.

English Around the World Edgar W. Schneider,2010-12-20 The global spread of English has had widespread linguistic, social and cultural implications, affecting the lives of millions of people around the world. This textbook provides a lively and accessible introduction to world Englishes, describing varieties used in places as broad-ranging as America, Jamaica, Australia, Africa and Asia, and setting them within their historical and social contexts. Students are guided through the material with chapter previews and summaries, maps, timelines, lists of key terms, discussion questions and exercises, and a comprehensive glossary, helping them to understand, analyse and compare different varieties of English, and apply descriptive terminology. The book is accompanied by a useful web site, containing textual and audio examples of the varieties introduced in the text, and links to related sources of interest. Providing essential knowledge and skills for those embarking on the study of world Englishes, this is set to become the leading introduction to the subject.

I Hate English! Ellen Levine,Steve Björkman,1995-09-01 When her family moves to New York from Hong Kong, Mei Mei finds it difficult to adjust to school and learn the alien sounds of English.

(All supplementary audio is available on the DK English for Everyone website and IOS/Android App). - Sentence formation guides: Visual break downs of English grammar, showing learners how to recreate even complex English sentences - Visual English vocabulary cues: Lists of useful English words and common phrases with visual aids are available throughout the book - Personalized learning: Write-on lines encourage ESL learners to write their own prompts and translations where needed to help customize English language learning The English for Everyone Level 1 resources cover the skills and topics required for all major global English-language exams and reference frameworks including: - CEFR: A1 - TOEFL (test paper): 0-250 - TOEFL (computer-based test): 0-30 - TOEFL (online test): 0-10 - IELTS: 0-2.5 - TOEIC: 0-200 English for Everyone is a series of guides and practice books that supports English learning for adults from a beginner level, to intermediate, and advanced practical English. Offering an easy-to-follow format that offers guidance for both teaching English as a second or foreign language, and a self-study approach with resources available to improve English speaking, reading, and writing.

So You Really Want to Learn English Book 1 Susan Elkin,2005-08-26 Offers a set of answers to the exercises in So You Really Want to Learn English 1. This title is suitable for a teacher or parent looking for a textbook course to inspire a love of reading whilst also covering the fundamentals of grammar, spelling and punctuation. It suitable pupils working at Key Stage 3 and towards Common Entrance at 13+.

Mysteries of English Grammar Andreea S. Calude,Laurie Bauer,2021-09-30 Despite a history of hundreds of years of research analysing aspects of English grammar, there are still open problems which continue to baffle language researchers today. Such ‘grammar mysteries’ arise for a number of reasons: because the language is changing; because different speakers of the language adhere to distinct norms and thus introduce and maintain variation in the system; because there are differences between the grammar of spoken and written English. This book illuminates some of the complexities of the subject, the areas where new discoveries await and why it matters. Through a series of accessible and engaging case studies on various aspects of grammar, from multiple negation to possession, the authors present grammar as an intellectual challenge. This book brings out into the open questions about language usage to which we still do not have good answers in a bid to make variation overt and to revel in the mystery of the English language. Both aimed at the interested general reader and the beginning student of English language and linguistics, this is a fresh take on grammar.

Introducing English Language Louise Mullany,Peter Stockwell,2015-07-30 Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible ‘two-dimensional’ structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. *Introducing English Language*: is the foundational book in the Routledge English Language Introductions series, providing an accessible introduction to the English language contains newly expanded coverage of morphology, updated and revised exercises, and an extended Further Reading section comprehensively covers key disciplines of linguistics such as historical linguistics, sociolinguistics and psycholinguistics, as well as core areas in language study including acquisition, standardisation and the globalisation of English uses a wide variety of real texts and images from around the world, including a Monty Python sketch, excerpts from novels such as Virginia Woolf’s *To the Lighthouse*, and news items from *Metro* and the BBC provides updated classic readings by the key names in the discipline, including Guy Cook, Andy Kirkpatrick and Zoltán Dörnyei is accompanied by a website with extra activities, project ideas for each unit, suggestions for further reading, links to essential English language resources, and course templates for lecturers. Written by two experienced teachers and authors, this accessible textbook is an essential resource for all students of the English language and linguistics.

The Cambridge History of the English Language Richard M. Hogg,Norman Francis Blake,Robert Burchfield,Roger Lass,Suzanne Romaine,1992 Volume 5 covers the dialects of England since 1776, the historical development of English in the former Celtic-speaking countries, and English other countries.

The English Language Charles Leslie Wrenn,1962

English for Life 1 Cecil Gray,1993 A four-book course satisfying all language needs for lower secondary to CSEC examination level.

Abc English: Book One Jennifer Christenson,2013-07-23 The main objective of abc English is to develop basic phonics concepts while also developing a basic English life skills vocabulary.--Preface.

Diminutives in English Klaus P. Schneider,2012-10-24 That English has no diminutives is a common myth. The present study shows, however, that English does possess diminutives, and not only analytic but also synthetic diminutive markers. Analytic markers include, first and foremost, little, as well as other adjectives from the same word field, whereas the inventory of synthetic markers comprises suffixes as, for instance, -ie, -ette, -let, -kin, -een, -s, -er, -poo and -pegs. These markers are examined from a grammatical and a pragmatic perspective in an integrative formal-functional framework. The grammatical perspective involves phonological, morphological and semantic features, while the pragmatic perspective involves pragmalinguistic as well as sociopragmatic features on the levels of the speech act and larger interactive units in dialogue. The findings reveal that English diminutive suffixes are, in fact, among the most productive suffixes of the English language. While the suffixes share a number of features, each has developed its own profile, specifically regarding semantic and pragmatic features. In everyday conversation, there is a division of labour between the synthetic and the analytic type of formation concerning the communicative functions of diminutives and their distribution in discourse. The choice of formal device and its function depend crucially on pragmatic factors, notably on the illocution, the interactive status, the realisation strategy, and the politeness value of the utterances in which diminutives are employed, and also on the relationship between the interlocutors.

An Historical Syntax of the English Language Museo Di Roma,2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language*, published in four massive volumes between 1963 and 1973, is certainly one of the cornerstones of research in English linguistics. Visser's achievements can hardly be overestimated. Before the advent of modern corpus linguistics, he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time. This has made this publications an indispensable resource for anyone investigating the history of English syntax. This reproduction of Visser's volumes is more than welcome, and timely, as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate. Having a searchable and easy-to- use online version, although maybe not perfect, available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance.

English Communication for Social and Human Services Mary Ellen Toffle,2017-08-31 This book gives social and human services students and professionals

the opportunity to begin developing cross-cultural communication skills in the English language. The need to be able to communicate in English is becoming more and more obvious. Social workers and other human services professionals will be working with immigrants from countries where English is the official language or at least a second language (Nigeria, Ghana, The Gambia, etc). The growing numbers of English- speaking immigrants are impacting the human services fields of medicine, mental health, social work, the education systems and the legal systems all over Europe. This book is based on the European Common Framework but goes beyond a typical English language text. It focuses on the various skill sets necessary for human services professionals, including important text analysis skills as well as analytical case skills. “Soft skills” such as interpersonal skills and expressing empathy are also presented for student reflection. Students learn the principles of cross-cultural communication through Cross-Cultural Text Analysis which helps them improve their English as they develop cross-cultural awareness, sensitivity and communication skills. Students experience different cultural-linguistic contexts where they can appreciate the dynamic relationship between culture and language applied to the field of human services. For many this book will be the first step in beginning a lifetime adventure of becoming cross-cultural.

(English Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the power of words has are more evident than ever. They have the capacity to inspire, provoke, and ignite change. (English Introduction

In todays digital age, the availability of (English books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of (English books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of (English books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing (English versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, (English books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing (English books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for (English books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, (English books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of (English books and manuals for download and embark on your journey of knowledge?

FAQs About (English Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
