**Ad Boy** Warren Dotz, Masud Husain, 2009 More than 450 American ad characters, industry icons, and product personalities hailing from the 1950s, '60s, and '70s pack the pages of this vibrant, vintage collection. The postwar economic boom launched a generation of charming, cheeky, and relentlessly cheerful critters and characters that found their way into our homes--and our hearts--in print, on television, and on packaging. Some took detours that reflected the times (Elsie the Cow was sent into outer space in 1958). Some were fashion victims who survived (remember hippy Hush Puppies, circa 1969?). And some are no longer with us (the Frito Bandito was finally brought to justice in 1971). These endearingly offbeat characters are as fresh and entertaining today as they were creatively inspired in decades past.

*Your Ad Here* Michael Serazio, 2013-04-05 2015 Susanne K. Langer Award for Outstanding Scholarship, Media Ecology Association 2013 Book of the Year, Visual Communication Division, National Communication Association Amidst the profound upheavals in technology, economics, and culture that mark the contemporary moment, marketing strategies have multiplied, as brand messages creep ever deeper into our private lives. In *Your Ad Here*, an engaging and timely new book, Michael Serazio investigates the rise of "guerrilla marketing" as a way of understanding increasingly covert and interactive flows of commercial persuasion. Digging through a decade of trade press coverage and interviewing dozens of agency CEOs, brand managers, and creative directors, Serazio illuminates a diverse and fascinating set of campaign examples: from the America's Army video game to Pabst Blue Ribbon's "hipster hijack," from buzz agent bloggers and tweeters to The Dark Knight's "Why So Serious?" social labyrinth. Blending rigorous analysis with eye-opening reporting and lively prose, *Your Ad Here* reveals the changing ways that commercial culture is produced today. Serazio goes behind-the-scenes with symbolic creators to appreciate the

professional logic informing their work, while giving readers a glimpse into this new breed of “hidden persuaders” optimized for 21st-century media content, social patterns, and digital platforms. Ultimately, this new form of marketing adds up to a subtle, sophisticated orchestration of consumer conduct and heralds a world of advertising that pretends to have nothing to sell.

Mass Media Advertising Edith Smit,1999 For most consumers, advertising is less important than advertisers might think. Advertising appears to function as something in the background that is hardly noticed, as wallpaper. But mass-mediated advertising should at least function as a reminder when people are making choices. Smit addresses these questions through in-depth interviews, a nation-wide telephone survey with follow-up mail and a face-to-face survey. Edith Smit is associate professor at the Department of Communication at the University of Amsterdam and at the Amsterdam School of Communications Research (ascor). She is also Deputy Director of swocc, the Dutch Foundation for Fundamental Research on Commercial Communication.

**Ad Nauseam** Carrie McLaren,Jason Torchinsky,2009-06-23 With the style and irreverence of Vice magazine and the critique of the corporatocracy that made Naomi Klein's No Logo a global hit, the cult magazine Stay Free!—long considered the Adbusters of the United States—is finally offering a compendium of new and previously published material on the impact of consumer culture on our lives. The book questions, in the broadest sense, what happens to human beings when their brains are constantly assaulted by advertising and corporate messages. Most people assert that advertising is easily ignored and doesn't have any effect on them or their decision making, but Ad Nauseam shows that consumer pop culture does take its toll. In an engaging, accessible, and graphically appealing style, Carrie McLaren and Jason Torchinsky (as well as contributors such as David Cross, The Onion's Joe Garden, The New York Times's Julie Scelfo, and others) discuss everything from why the TV program CSI affects jury selection, to the methods by which market researchers stalk shoppers, to how advertising strategy is like dog training. The result is an entertaining and eye-opening account of the many ways consumer culture continues to pervade and transform American life.

**A.D. 30** Ted Dekker, 2014-10-28 A sweeping epic set in the harsh deserts of Arabia and ancient Palestine. A war that rages between kingdoms on the earth and in the heart. The harrowing journey of the woman at the center of it all. Step back in time to the year of our Lord...A.D. 30. The outcast daughter of one of the most powerful Bedouin sheikhs in Arabia, Maviyah is called on to protect the very people who rejected her. When their enemies launch a sudden attack with devastating consequences, Maviyah escapes with the help of two of her father's warriors--Saba who speaks more with his sword than his voice and Judah, a Jew who comes from a tribe that can read the stars. Their journey will be fraught with terrible danger. If they can survive the vast forbidding sands of a desert that is deadly to most, they will reach a brutal world subjugated by kings and emperors. There Maviyah must secure an unlikely alliance with King Herod of the Jews. But Maviyah's path leads her unexpectedly to another man. An enigmatic teacher who speaks of a way in this life which offers greater power than any kingdom. His name is Yeshua, and his words turn everything known on its head. Though following him may present even greater danger, his may be the only way for Maviyah to save her people--and herself.

*The Language of Pictures in Print Media Advertising* Wilfried Pichler, 2002-03-07 Inhaltsangabe: Abstract: Today we

observe a development in which the role of language is steadily decreasing whereas the impact of pictures is increasing. This goes hand in hand with a development in which information relies more and more on visual concepts. More and more language takes the part of explaining how to read the visual presentations, more and more language takes the part of providing the background information which is necessary to understand the meaning of the visual foreground. Kress and van Leeuwen (1998) argue that Today, we seem to move towards a decrease of control over language (e.g. the greater variety of accents allowed on the public media, the increasing problems in enforcing normative spelling), and towards an increase in codification and control over the visual (e.g. the use of image banks from which ready-made images can be drawn for the construction of visual texts, and, generally, the effect of computer imaging technology). Although we may be aware of this tendency, we have not been taught in school how to read visual concepts and so most of us share some degree of illiteracy concerning a critical reading of information presented by images. This is remarkable because we all agree about their influence on our lives but at the same time when we do not develop analytical tools for describing what kinds of strategies, what kinds of concepts are working in visual presentations of information. We tend to overlook the importance of visual concepts simply because we generally do not know enough about their code. This paper analyses photos and language which are parts of ads, which have definitely been designed for transferring messages because they have been made to advertise one specific product. Images and the text of advertisements never are casual products like family pictures. Although the photo in the family album is coded its coding is less elaborated than the coding of pictures in ads. We have to keep in mind that many people, experts in advertising, experts in public relations were involved in the process of designing an ad before we can look at the final result. This is why ads are definitely conceptually designed because they are meant to create a specific meaning in the viewer's mind. It is a truism that no visual concept, no photo of an ad was chosen by chance. Photographs and language of ads are more likely to have been carefully constructed and selected according to the meaning they are supposed to create. This is [...]

**Advertising Design by Medium** Robyn Blakeman, 2022-03-28 Conceived to give readers the principles and the tools to create successful advertisements in a variety of mediums, this book is a detailed exploration of how visual and verbal elements of design work together to solve a business goal. Effective visual and verbal design solutions are more than just a good idea; they are purposeful, on-target, on-strategy, and recognizable no matter where, or in what form, they appear. Success depends on creative teams' understanding of ideation, layout, type, color, varied image formats, copywriting, media advantages and limitations, and production procedures for varied media formats. The step-by-step approach of this book goes beyond broad theoretical discussions on copy and design. Instead, the book dissects the creative process into individualized and detailed discussions both creative and non-creative students alike can understand and employ. This book is ideal as a textbook for design courses within programs in advertising, graphic design, integrated marketing communication, strategic marketing, entrepreneurship, business,

and mass communication. Accompanying the text are online materials for instructors: lecture slides, a testbank, and an instructor manual. [www.routledge.com/9781032183596](http://www.routledge.com/9781032183596)
