Cosmas of Prague János M. Bak,Pavĺína Rychterová,2020-10-01 The Latin-English bilingual volume presents the text of The Chronicle of the Czechs by Cosmas of Prague. Cosmas was born around 1045, educated in Liège, upon his return to Bohemia, he got married as well as became a priest. In 1086 he was appointed prebendary, a senior member of clergy in Prague. He completed the first book of the Chronicle in 1119, starting with the creation of the world and the earliest deeds of the Czechs up to Saint Adalbert. In the second and third books Cosmas presents the preceding century in the history of Bohemia, and succeeds in reporting about events up to 1125, the year when he died. The English translation was done by Petra Mutlova and Martyn Rady with the cooperation of Libor Švanda. The introduction and the explanatory notes were written by Jan Hasil with the cooperation of Irene van Rensvoude.T

Anonymus and Master Roger Martyn Rady,János M. Bak,László Veszprémy,2010-07-01 Contains two very different narratives; both are for the first time presented in an updated Latin text with an annotated English translation.An anonymous notary of King Bela of Hungary wrote a Latin Gesta Hungarorum (ca. 1200/10), a literary composition about the mythical origins of the Hungarians and their conquest of the Carpathian Basin. Anonymus tried to (re)construct the events and protagonists—including ethnic groups—of several centuries before from the names of places, rivers, and mountains of his time, assuming that these retained the memory of times past. One of his major inventions was the inclusion of Attila the Hun into the Hungarian royal genealogy, a feature later developed into the myth of Hun-Hungarian continuity.The Epistle to the Sorrowful Lament upon the

Destruction of the Kingdom of Hungary by the Tartars of Master Roger includes an eyewitness account of the Mongol invasion in 1241–2, beginning with an analysis of the political conditions under King Bela IV and ending with the king's return to the devastated country.

Customary Law in Hungary Martyn C. Rady, 2015 This is the first comprehensive treatment in any language of the history of customary law in Hungary, from the thirteenth to the twentieth centuries. Hungary's customary law was described by Stephen Werboczy in 1517 in the extensive law code known as the Tripartitum. As Werboczy explained, Hungarian law derived from the interplay of Romano-canonical law, statute, written instruments, and court judgments. It was also responsive, however, to popular conceptions of the law's content and application, as communicated through the lay membership of the kingdom's courts. Publication of the Tripartitum was intended to make the law more certain by fixing it in writing. Nevertheless, its text was customized by actual use, in the same way as the statute laws of the kingdom were adjusted as a consequence of court practice and of errors in their transmission. The reputation attaching to the Tripartitum and Hungary's insulation from the Roman Law Reception meant that the Tripartitum continued to retain authority until well into the nineteenth century. Attempts to replace it foundered and it was the principal text on which the courts and the schools relied, not only in Habsburg Hungary but also in Transylvania. Courts, nevertheless, continued to modify its provisions in the interests of rendering judgments that they deemed either to be right or in conformity with developing practices. Even after the establishment of a parliamentary form of government in the nineteenth century, a strong customary element attached to Hungarian law, which was amplified by the association of customary law with national traditions. The consequence was that Hungary maintained aspects of a customary law regime until the Communist period.

The Middle Kingdoms Martyn Rady,2023-05-02 An essential new history of Central Europe, the contested lands so often at the heart of world history Central Europe has long been infamous as a region beset by war, a place where empires clashed and world wars began. In *The Middle Kingdoms*, Martyn Rady offers the definitive history of the region, demonstrating that Central Europe has always been more than merely the fault line between West and East. Even as Central European powers warred with their neighbors, the region developed its own cohesive identity and produced tremendous accomplishments in politics, society, and culture. Central Europeans launched the Reformation and Romanticism, developed the philosophy of the Renaissance and the Enlightenment, and advanced some of the twentieth century's most important artistic movements. Drawing on a lifetime of research and scholarship, *The Middle Kingdoms* tells as never before the captivating story of two thousand years of Central Europe's history and its enduring significance in world affairs.

The Habsburgs Martyn Rady,2020-08-25 The definitive history of a powerful family dynasty who dominated Europe for centuries -- from their rise to power to their eventual downfall. In *The Habsburgs*, Martyn Rady tells the epic story of a dynasty and the world it built -- and then lost -- over nearly a millennium. From modest origins, the Habsburgs gained control of the Holy Roman Empire in the fifteenth century. Then, in just a few decades, their possessions rapidly expanded to take in a large part of Europe, stretching from Hungary to Spain, and parts of the New World and the Far East. The Habsburgs continued to dominate Central Europe through the First World War. Historians often depict the Habsburgs as leaders of a ramshackle empire. But Rady reveals their enduring power, driven by the belief that they were destined to rule the world as defenders of the Roman Catholic Church, guarantors of peace, and patrons of learning. *The Habsburgs* is the definitive history of a

remarkable dynasty that forever changed Europe and the world.

The Habsburgs Martyn Rady,2020-08-25 The definitive history of a powerful family dynasty who dominated Europe for centuries -- from their rise to power to their eventual downfall. In The Habsburgs, Martyn Rady tells the epic story of a dynasty and the world it built -- and then lost -- over nearly a millennium. From modest origins, the Habsburgs gained control of the Holy Roman Empire in the fifteenth century. Then, in just a few decades, their possessions rapidly expanded to take in a large part of Europe, stretching from Hungary to Spain, and parts of the New World and the Far East. The Habsburgs continued to dominate Central Europe through the First World War. Historians often depict the Habsburgs as leaders of a ramshackle empire. But Rady reveals their enduring power, driven by the belief that they were destined to rule the world as defenders of the Roman Catholic Church, guarantors of peace, and patrons of learning. The Habsburgs is the definitive history of a remarkable dynasty that forever changed Europe and the world.

The Case of Rady Scott MOHAMED BOUZITOUNE,2018-08-02 Rady Scoot, young innocent where they are, suddenly he finds with the most disappointed in his existence because of his parents. They had promised him that if he passed the exams, they would give him a state-of-the-art sports car. Fruit of the disappointment and the anguish, Rady decides to leave his sweet home. He wants to travel to Mallorca and gets a large sum of money betting on the horses, which allows him to embark on a merchant whose captain tells him the story of his family. Already in Mallorca, Rady discovers values such as friendship, trust and kindness of people. But suddenly Rady's dream turns into a real nightmare. He suffers strange events that until they are not solved he will not be allow to be happy again.

Nobility, Land and Service in Medieval Hungary Martyn C. Rady,2000

The Habsburg Empire: A Very Short Introduction Martyn Rady, 2017-03-16 The Habsburgs are the most famous dynasty in continental Europe. From the thirteenth to the twentieth centuries, they ruled much of Central Europe, and for two centuries were also rulers of Spain. Through the Spanish connection, they acquired lands around the Mediterranean and a chunk of the New World, spreading eastwards to include the Philippines. Reaching from South-East Asia to what is now Ukraine, the Habsburg Empire was truly global. In this Very Short Introduction Martin Rady looks at the history of the Habsburgs, from their tenth-century origins in Switzerland, to the dissolution of the Habsburg Empire in 1918. He introduces the pantheon of Habsburg rulers, which included adventurers, lunatics, and at least one monarch who was so malformed that his true portrait could never be exhibited. He also discusses the lands and kingdoms that made up the Habsburg Empire, and the decisive moments that shaped their history. Dynasty, Europe, global power, and the idea of the multi-national state all converge on the history of the Habsburg Empire. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Habsburgs Martyn Rady, 2022-03-03 In *The Habsburgs*, Martyn Rady tells the epic story of a dynasty and the world it built - and then lost - over nearly a millennium. From modest origins, the Habsburgs grew in power to gain control of the Holy Roman Empire in the fifteenth century, before their possessions rapidly expanded to take in a large part of Europe, stretching from the Far East to the New World. The family continued to dominate Central Europe until the catastrophe of the First World War. With its seemingly disorganized mass of territories, its tangle of laws and its medley of

languages, the Habsburg Empire has always appeared haphazard and incomplete. But here Martyn Rady shows the reasons for the family's incredible endurance, driven by the belief that they were destined to rule the world. The Habsburg emperors were themselves absurdly varied in their characters - from warlords to contemplatives, from idle to frenzied - but all driven by the same sense of family mission. The Habsburgs is the definitive history of a remarkable dynasty that, for better or worse, shaped Europe and the world.

One Hundred Years of the C.S.A. Josef Martínek, 1955

The Martyrs of Japan Rady Roldán-Figueroa, 2021-06-22 An examination of the role that Catholic missionary orders played in the dissemination of accounts of Christian martyrdom in Japan. The author offers an overarching portrayal of the writing, printing, and circulation of books of "Japano-martyrology."
