A World Without "Whom" Emmy J. Favilla, BuzzFeed, 2017-11-14 A provocative and jaunty romp through the dos and don'ts of writing for the internet (NYT)--the practical, the playful, and the politically correct--from BuzzFeed copy chief Emmy Favilla. *A World Without Whom* is Eats, Shoots & Leaves for the internet age, and BuzzFeed global copy chief Emmy Favilla is the witty go-to style guru of webspeak. As language evolves faster than ever before, what is the future of correct writing? When Favilla was tasked with creating a style guide for BuzzFeed, she opted for spelling, grammar, and punctuation guidelines that would reflect not only the site's lighthearted tone, but also how readers actually use language IRL. With

wry cleverness and an uncanny intuition for the possibilities of internet-age expression, Favilla makes a case for breaking the rules laid out by Strunk and White: A world without whom, she argues, is a world with more room for writing that's clear, timely, pleasurable, and politically aware. Featuring priceless emoji strings, sidebars, quizzes, and style debates among the most lovable word nerds in the digital media world--of which Favilla is queen--*A World Without Whom* is essential for readers and writers of virtually everything: news articles, blog posts, tweets, texts, emails, and whatever comes next . . . so basically everyone.

GREP in InDesign Peter Kahrel, 2008-10-27 Updated: June 2015. Author Peter Kahrel updated this Short Cut to cover InDesign CC. Several examples have been added, and most examples are now analysed in more detail. Updated: August 2010. Author Peter Kahrel updated this Short Cut to cover InDesign CS5. Updated: November 2009. Author Peter Kahrel updated this Short Cut to address typos and reader comments. GREP (short for General Regular-Expression Print) is a powerful tool that lets you use wildcards (jokers) to search and replace text. InDesign's GREP implementation can be used for text and also for formatting codes, finding patterns in text as well as literal text. GREP moves beyond the restrictions

that hampered earlier InDesign search features, but unfortunately it does have the reputation of being difficult to master. As with many things, it can be challenging to learn, but, fortunately, a lot can be done with surprisingly simple expressions. The aim of this Short Cut is to show how to create simple but powerful regular expressions.

The Engaged Scholar Andrew J. Hoffman, 2021-03-02 Society and democracy are ever threatened by the fall of fact. Rigorous analysis of facts, the hard boundary between truth and opinion, and fidelity to reputable sources of factual information are all in alarming decline. A 2018 report published by the RAND Corporation labeled this problem truth decay and Andrew J. Hoffman lays the challenge of fixing it at the door of the academy. But, as he points out, academia is prevented from carrying this out due to its own existential crisis—a crisis of relevance. Scholarship rarely moves very far beyond the walls of the academy and is certainly not accessing the primarily civic spaces it needs to reach in order to mitigate truth corruption. In this brief but compelling book, Hoffman draws upon existing literature and personal experience to bring attention to the problem of academic insularity—where it comes from and where, if left to grow unchecked, it will go—and argues for the emergence of a more publicly and politically engaged scholar. This book is a call to make that path toward public engagement more acceptable and legitimate for those who do it; to enlarge the tent to be inclusive of multiple ways that one enacts the role of academic scholar in today's world.

The American Passport in Turkey Ozlem Altan-Olcay, Evren Balta, 2020-05-15 An ethnographic exploration of the meaning of national citizenship in the context of globalization The American Passport in Turkey explores the diverse meanings and values that people outside of the United States attribute to U.S. citizenship, specifically those who possess or seek to obtain U.S. citizenship while residing in Turkey. Özlem Altan-Olcay and Evren Balta interviewed more than one hundred individuals and families and, through their narratives, shed light on how U.S. citizenship is imagined, experienced, and practiced in a setting where everyday life is marked by numerous uncertainties and unequal opportunities. When a Turkish mother wants to protect her daughter's modern, secular upbringing through U.S. citizenship, U.S. citizenship, for her, is a form of insurance for her daughter given Turkey's unknown political future. When a Turkish-American citizen describes how he can make a credible claim of national belonging because he returned to Turkey yet can also claim a cosmopolitan Western identity because of his U.S. citizenship, he represents the popular identification of the West with the United States. And when a natural-born U.S. citizen describes with enthusiasm the upward mobility she has experienced since moving to Turkey, she reveals how the status of U.S. citizenship and Americanness become valuable assets outside of the States. Offering a corrective to citizenship studies where discussions of inequality are largely limited to domestic frames, Altan-Olcay and Balta argue that the relationship between inequality and citizenship regimes can only be fully understood if considered transnationally. Additionally, The American Passport in Turkey demonstrates that U.S. global power not only reveals itself in terms of foreign policy but also manifests in the active desires people have for U.S. citizenship, even when they do not intend to live in the United States. These citizens, according to the authors, create a new kind of empire with borders and citizen-state relations that do not map onto recognizable political territories.

A Single Man Christopher Isherwood, 2013-11-19 Welcome to sunny suburban 1960s Southern California. George is a gay middle-aged English professor, adjusting to solitude after the tragic death of his young partner. He is determined to persist in the routines of his former life. A Single Man follows him over the course of an ordinary twenty-four hours. Behind his British reserve, tides of grief, rage, and loneliness surge—but what is revealed is a man who loves being alive despite all the everyday injustices. When Christopher Isherwood's A Single Man first appeared, it shocked

many with its frank, sympathetic, and moving portrayal of a gay man in maturity. Isherwood's favorite of his own novels, it now stands as a classic lyric meditation on life as an outsider.

A Tomb With a View - The Stories & Glories of Graveyards Peter Ross, 2020-09-03 A FINANCIAL TIMES, I PAPER AND STYLIST BOOK OF THE YEAR 'In his absorbing book about the lost and the gone, Peter Ross takes us from Flanders Fields to Milltown to Kensal Green, to melancholy islands and surprisingly lively ossuaries . . . a considered and moving book on the timely subject of how the dead are remembered, and how they go on working below the surface of our lives.' - Hilary Mantel 'Ross is a wonderfully evocative writer, deftly capturing a sense of place and history, while bringing a deep humanity to his subject. He has written a delightful book.' - The Guardian 'The pages burst with life and anecdote while also examining our relationship with remembrance.' - Financial Times (best travel books of 2020) 'Among the year's most surprising sleeper successes is A Tomb with a View. In a year with so much death, it may have initially seemed a hard sell, but the author's humanity has instead acted as a beacon of light in the darkness.' - The Sunday Times 'Fascinating . . . Ross makes a likeably idiosyncratic guide and one finishes the book feeling strangely optimistic about the inevitable.' - The Observer 'Ross has written [a] lively elegy to Britain's best burial grounds.' - Evening Standard (*Best New Books of Autumn 2020*) 'One of the non-fiction books of the year.' - The i paper (*2020 Best Books for Christmas*) 'Brilliant.' - Stylist (*Best Christmas books for Christmas 2020*) 'Never has a book about death been so full of life. James Joyce and Charles Dickens would've loved it - a book that reveals much gravity in the humour and many stories in the graveyard. It also reveals Peter Ross to be among the best non-fiction writers in the country.' - Andrew O'Hagan For readers of The Salt Path, Mudlarking, Ghostland, Kathleen Jamie and Robert Macfarlane. Enter a grave new world of fascination and delight as award-winning writer Peter Ross uncovers the stories and glories of graveyards. Who are London's outcast dead and why is David Bowie their guardian angel? What is the remarkable truth about Phoebe Hessel, who disguised herself as a man to fight alongside her sweetheart, and went on to live in the reigns of five monarchs? Why is a Bristol cemetery the perfect wedding venue for goths? All of these sorrowful mysteries - and many more - are answered in A Tomb With A View, a book for anyone who has ever wandered through a field of crooked headstones and wondered about the lives and deaths of those who lie beneath.

Eats, Shoots & Leaves Lynne Truss, 2004-04-12 We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In Eats, Shoots & Leaves, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.
