Dur of the Zombie Vol. 5 Tsukasa Saimura, 2017-06-27 After the fiery zombie massacre at the gym, the students finally get a chance to catch their breath. But in the calm after the storm, questions begin to arise: just what sort of creatures have the infected students become? Even during their frenzied states, the zombies still try to keep their loved ones safe! Are these signs of empathy enough to let the groups peacefully co-exist? Can zombies truly rise above the fear and weakness of a human heart?

This collection of new essays examines some of the most influential and inventive zombie literature, from the early stories to the most recent narratives, including some told from a zombie perspective.

P E ombie Nights Tom Lichtenberg, 2010-03-11 Being a zombie, not so easy. That could have been Dave Connor's six word memoir. He also realized there were others that knew of the importance and value of this precious cargo he and his crew were asked to protect and deliver to the one person that could complete the cure. He turned his thoughts from the way it was long before he was born into a world where woman devoured men, and focused on the voice of his artificial first officer informing him through his wristband that his anticipated game of chance has started.
