Casino Nicholas Pileggi, 2016-10-18 The true story behind the Martin Scorsese film: A “riveting . . . account of how organized crime looted the casinos they controlled” (Kirkus Reviews). Focusing on Chicago bookie Frank “Lefty” Rosenthal and his partner, Anthony Spilotro, and drawing on extensive, in-depth interviews, the #1 New York Times–bestselling author of the Mafia classic *Wiseguy*—basis for the film *Goodfellas*—Nicholas Pileggi reveals how the pair worked together to oversee Las Vegas casino operations for the mob. He unearths how Teamster pension funds were used to take control of the Stardust and Tropicana and how Spilotro simultaneously ran a crew of jewel thieves nicknamed the “Hole in the Wall Gang.” For years, these gangsters kept a stranglehold on Sin City’s brightly lit nightspots, skimming millions in cash for their bosses. But the elaborate scheme began to crumble when Rosenthal’s disproportionate ambitions drove him to make mistakes. Spilotro made an error of his own, falling for his partner’s wife, a troubled showgirl named Geri. It would all lead to betrayal, a wide-ranging FBI investigation, multiple convictions, and the end of the Mafia’s longstanding grip on the multibillion-dollar gaming oasis in the midst of the Nevada desert. *Casino* is a journey into 1970s Las Vegas and a riveting nonfiction account of the world portrayed in the Martin Scorsese film of the same name, starring Robert DeNiro, Joe Pesci, and Sharon Stone. A story of adultery, murder, infighting, and revenge, this “fascinating true-crime Mob history” is a high-stakes page-turner (Booklist).

Super Casino Pete Earley, 2009-11-04 In this lively and probing book, award-winning author Pete Earley traces the extraordinary evolution of Las Vegas -- from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy

Siegel, and offers a fascinating portrait of the life, death, and fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus -- to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city.

Casino Craps Frank Scoblete, 2010-05 The most comprehensive craps book ever written, this is the book that gives readers everything needed to get a real, verifiable edge at the game of craps. The authors, two of the greatest living dice controllers, share, in words and pictures, their secret Golden Touch technique and give the edge needed to beat the house. Readers will learn several keys to winning craps, including how the game is really played, how to develop a Golden Touch controlled throw, which are the best and worst bets and buy bets, how to reduce the hit of the house edge by using the five count, how to push the casino to give a better game than advertised, how to set the dice to reduce or increase the appearance of different numbers, and how to judge what a real edge means.

The Casino Answer Book John Grochowski, 1998 In casino gambling there's a house advantage built into every game. John Grochowski shows you how to beat that advantage and increase your winning odds in three of the most popular casino games (blackjack, video poker, and roulette).

Casino Nicholas Pileggi, 2015-08-13 The Stardust... The Fremont... The Marina. They ran them all. And they lost. Big time. No one knew more about casinos than Frank 'Lefty' Rosenthal, the gambling mastermind who, along with his best friend and partner, Anthony 'the Ant' Spilotro, virtually ran Las Vegas for the mob. For years it was the perfect arrangement - Lefty provided

the smarts, while Tony kept the bosses happy with weekly suitcases filled with millions in skimmed cash. It should have lasted forever but Lefty's obsessions with running the town - and Tony's obsession with Lefty's beautiful showgirl wife, Geri - eventually led to betrayals and investigations that exploded into one of the greatest scandals in mob history. Casino is the shattering inside account of how the mob finally lost its stranglehold on Las Vegas, the neon money-making machine it had created.

Risk and Reward N. Richard Werthamer, 2009-07-07 For decades, casino gaming has been steadily increasing in popularity worldwide. Blackjack is among the most popular of the casino table games, one where astute choices of playing strategy can create an advantage for the player. *RISK AND REWARD* analyzes the game in depth, pinpointing not just its optimal strategies but also its financial performance, in terms of both expected cash flow and associated risk. The book begins by describing the strategies and their performance in a clear, straightforward style. The presentation is self-contained, non-mathematical, and accessible to readers at all levels of playing skill, from the novice to the blackjack expert. Careful attention is also given to simplified, but still nearly optimal strategies that are easier to use in a casino. Unlike other books in the literature the author then derives each aspect of the strategy mathematically, to justify its claim to optimality. The derivations mostly use algebra and calculus, although some require more advanced analysis detailed in supporting appendices. For easy comprehension, formulae are translated into tables and graphs through extensive computation. This book will appeal to everyone interested in blackjack: those with mathematical training intrigued by its application to this popular game as well as all players seeking to improve their performance.

No Work and All Play Roger Wagner, 2011-05-26 The contents of the book describe the many examples of the types of characters and crazy daily episodes that an average person who selects a career in casino hotel management will witness and are part of during a lifetime in such a career. The book is really not about me, but it is a lifetime chronicle of my career where every work day is fun and there is almost never any drudgery. The three most interesting characters in the book are none other than a tycoon named Donald Trump, a Casino Icon named Jack Binion and a baseball legend named Mickey Mantle. The book also describes

many other very interesting real-life persons in my career from Mob-connected people to other well known casino operators of their day. Most of these characters are not famous celebrities but their stories are sometimes even more humorous than those of Trump or Mantle. The stories about these people are real and actually happened, although the actual dates may be incorrect in some cases and some of the intricate details may be embellished to improve the stories. None of the tales degrade any of the characters in my book, but I do tell humorous stories about all of them that demonstrate they all have to put their pants on one leg at a time like the rest of us. It is not a text book, but it can serve as a good primer for a person considering making gaming hospitality their career objective. The seven different sections of the book are written to show how a person entering a casino hospitality position might evolve from the lowest level in a casino organization to a very high level of management, and that it generally takes many years to accomplish. It also describes the different relationships that one develops in any type of business and I use real people to illustrate how they each fit into the different types of relationships.

The Secret Casino at Red Men's Hall Samuel W. Valenza Jr., 2014-04 The sleepy town of Mt. Holly, New Jersey, was more than it seemed. In the unsettled years following the Great Depression, it hosted the Secret Casino at Red Men's Hall, an underground playground that attracted Mafia bosses and players alike. Under the watchful and protective eye of author Samuel Valenza Jr.'s father, the casino was a thriving den for craps, roulette, poker, and slots players. the continuing cooperation of local law enforcement was assured each Saturday morning, when Officer Bucky Squires made his pickup of payoff money held for him in Mom's icebox. Growing up in this environment, the author's young life was scarred with violence, fear, hunger, betrayal, and homelessness, while his father enjoyed the high life with his powerful gangster associates. the author was just six

years old when Frank Paulie Carbo, a prolific Murder, Inc. assassin, raided the casino and slaughtered his uncle, the casino handyman and 'gofer'--as a warning. the murder was the beginning of the end at Red Men's Hall, which fell under intense scrutiny from the authorities. Using the narrative style of a crime novel, Valenza recalls the intimate and often dangerous days of a life lived in the shadow of the Mafia.
