

# Editor

**Steve Dunham**

**The Editor** Steven Rowley, 2020-06-30 From the bestselling author of *Lily and the Octopus* comes a novel about a struggling writer who gets his big break, with a little help from the most famous woman in America. After years of trying to make it as a writer in 1990s New York City, James Smale finally sells his novel to an editor at a major publishing house: none other than Jacqueline Kennedy Onassis. Jackie--or Mrs. Onassis, as she's known in the office--has fallen in love with James's candidly autobiographical novel, one that exposes his own dysfunctional family. But when the book's forthcoming publication threatens to unravel already fragile relationships, both within his family and with his partner, James finds that he can't bring himself to finish the manuscript. Jackie and James develop an unexpected friendship, and she pushes him to write an authentic ending, encouraging him to head home to confront the truth about his relationship with his mother. Then a long-held family secret is revealed, and he realizes his editor may have had a larger plan that goes beyond the page... From the bestselling author of *Lily and the Octopus* comes a funny, poignant, and highly original novel about an author whose relationship with his very famous book editor will change him forever--both as a writer and a son.

**Make the Cut** Lori Coleman, Diana Friedberg, 2014-07-16 First published in 2010. Being a successful editor is about more than just knowing how to operate a certain piece of software, or when to make a certain transition. On the contrary, there are many unwritten laws and a sense of propriety that are never discussed or taught in film schools or in other books. Based on their own experiences, first as upcoming assistant editors, then as successful Hollywood editors, the authors guide you through the ins and outs of establishing yourself as a respected film and video editor. Insight is included on an array of technical issues such as script breakdown, prepping for sound effects, organizing camera and sound reports, comparison timings, assembly footages and

more. In addition, they also provide first-hand insight into industry protocol, providing tips on interviewing, etiquette, career planning and more, information you simply won't find in any other book. The book concludes with a chapter featuring Q+A sessions with various established Hollywood editors about what they expect from their assistant editors.

What Editors Do Peter Ginna, 2017-10-06 Essays from twenty-seven leading book editors: "Honest and unflinching accounts from publishing insiders . . . a valuable primer on the field." —Publishers Weekly Editing is an invisible art in which the very best work goes undetected. Editors strive to create books that are enlightening, seamless, and pleasurable to read, all while giving credit to the author. This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication. What Editors Do gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to approach the work of editing. Serving as a compendium of professional advice and a portrait of what goes on behind the scenes, this book sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing—and shows why, in the face of a rapidly changing publishing landscape, editors are more important than ever. "Authoritative, entertaining, and informative." —Copyediting

**The Editor**, 1924

**An Arresting Voice** Octavia Winder Boylan, 1924

*The Layers of Magazine Editing* Michael Robert Evans, 2004-08-25 Unlike the myriad writing manuals that emphasize grammar, sentence structure, and other skills necessary for entry-level editing jobs, this engaging book adopts a broader view, beginning with the larger topics of audience, mission, and tone, and working its way down, layer by layer, to the smaller questions of grammar and punctuation. Based on Michael Evans's years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines—including *The Atlantic*, *Better Homes and Gardens*, *Ebony*, *Esquire*, and *National Geographic*—this book reveals the people-oriented nature of the job.

The Artful Edit: On the Practice of Editing Yourself Susan Bell, 2008-08-17 Provides a wealth of examples, quotes, and case studies that include an instructional discussion of an editorial collaboration on *The Great Gatsby*, in an upbeat guide to the mechanics and techniques of self-editing that includes strategic tips and exercises. Reprint.

The Editor's Companion Steve Dunham, 2015-01-01 Excel at editing! The editor's job encompasses much more than correcting commas and catching typos. Your chief mission is to help writers communicate effectively--which is no small feat. Whether you edit books, magazines, newspapers, or online publications, your ability to develop clear, concise, and focused writing is the key to your success. *The Editor's Companion* is an invaluable guide to honing your editing skills. You'll learn about editing for:

- **CONTENT:** Analyze and develop writing that is appealing and appropriate for the intended audience.
- **FOCUS:** Ensure strong beginnings and satisfying endings, and stick with one subject at a time.
- **PRECISE LANGUAGE:** Choose the right words, the right voice, and the right tense for every piece.
- **GRAMMAR:** Recognize common mistakes in punctuation, parts of speech, and sentence structure--and learn how to avoid them.

You'll also find valuable editing resources and checklists, advice on editorial relationships and workflow, and real-

life samples of editing with explanations of what was changed and why. The Editor's Companion provides the tools you need to pursue high quality in editing, writing, and publishing--every piece, every time.

Thinking Like Your Editor: How to Write Great Serious Nonfiction and Get It Published Susan Rabiner, Alfred Fortunato, 2010-09-27 Distilled wisdom from two publishing pros for every serious nonfiction author in search of big commercial success. Over 50,000 books are published in America each year, the vast majority nonfiction. Even so, many writers are stymied in getting their books published, never mind gaining significant attention for their ideas—and substantial sales. This is the book editors have been recommending to would-be authors. Filled with trade secrets, *Thinking Like Your Editor* explains: • why every proposal should ask and answer five key questions; • how to tailor academic writing to a general reader, without losing ideas or dumbing down your work; • how to write a proposal that editors cannot ignore; • why the most important chapter is your introduction; • why simple structure, complex ideas is the mantra for creating serious nonfiction; • why smart nonfiction editors regularly reject great writing but find new arguments irresistible. Whatever the topic, from history to business, science to philosophy, law, or gender studies, this book is vital to every serious nonfiction writer.

*The Editor's Companion* Janet Mackenzie, 2004-07-21 The Editor's Companion explains the traditional skills of editing for publication. It describes the editorial tasks for all kinds of print and screen publications and is an essential tool not only for professional editors but also for media and publications officers, self-publishers and writers editing their own work.

Editor & Publisher , 1972 The fourth estate.

Starting Your Career as a Freelance Editor Mary Embree, 2012-03-01 If you've ever considered editing as a career, this book will help you on your new path. You'll learn about the

requirements in various fields, how to get started, the step-by-step facets of setting up and conducting your editing services, working with writers and publishers, promoting yourself and your expertise, and determining what to charge. In addition to books there are articles, dissertations, brochures, reports, abstracts, editorials, reviews, ad copy, and much more. There is more to making a living as a freelance editor than correct English usage, sentence structure, and grammatical construction. Here, you'll learn what you need to know to decide on a specialty and how to manage the business side of your career.

*Self-Editing for Fiction Writers, Second Edition* Renni Browne, Dave King, 2010-06-15 Hundreds of books have been written on the art of writing. Here at last is a book by two professional editors to teach writers the techniques of the editing trade that turn promising manuscripts into published novels and short stories. In this completely revised and updated second edition, Renni Browne and Dave King teach you, the writer, how to apply the editing techniques they have developed to your own work. Chapters on dialogue, exposition, point of view, interior monologue, and other techniques take you through the same processes an expert editor would go through to perfect your manuscript. Each point is illustrated with examples, many drawn from the hundreds of books Browne and King have edited.

*Learning the Vi and Vim Editors* Arnold Robbins, Elbert Hannah, Linda Lamb, 2008-07-15 There's nothing that hard-core Unix and Linux users are more fanatical about than their text editor. Editors are the subject of adoration and worship, or of scorn and ridicule, depending upon whether the topic of discussion is your editor or someone else's. vi has been the standard editor for close to 30 years. Popular on Unix and Linux, it has a growing following on Windows systems, too. Most experienced system administrators cite vi as their tool of choice. And since 1986, this book has been the guide for vi. However, Unix systems are not what they were 30 years ago, and neither is this book. While

retaining all the valuable features of previous editions, the 7th edition of *Learning the vi and vim Editors* has been expanded to include detailed information on vim, the leading vi clone. vim is the default version of vi on most Linux systems and on Mac OS X, and is available for many other operating systems too. With this guide, you learn text editing basics and advanced tools for both editors, such as multi-window editing, how to write both interactive macros and scripts to extend the editor, and power tools for programmers -- all in the easy-to-follow style that has made this book a classic. *Learning the vi and vim Editors* includes:

- A complete introduction to text editing with vi
- How to move around vi in a hurry
- Beyond the basics, such as using buffers
- vi's global search and replacement
- Advanced editing, including customizing vi and executing Unix commands
- How to make full use of vim
- Extended text objects and more powerful regular expressions
- Multi-window editing and powerful vim scripts
- How to make full use of the GUI version of vim, called gvim
- vim's enhancements for programmers, such as syntax highlighting, folding and extended tags
- Coverage of three other popular vi clones -- nvi, elvis, and vile -- is also included.

You'll find several valuable appendixes, including an alphabetical quick reference to both vi and ex mode commands for regular vi and for vim, plus an updated appendix on vi and the Internet. *Learning either vi or vim* is required knowledge if you use Linux or Unix, and in either case, reading this book is essential. After reading this book, the choice of editor will be obvious for you too.

**Max Perkins** A. Scott Berg, 2013-08-01 The talents Maxwell Perkins nurtured were known worldwide: F. Scott Fitzgerald, Ernest Hemingway, Thomas Wolfe among numerous others. But the man himself remained a mystery, a backstage presence who served these authors not only as editor but as critic, career manager, moneylender, psychoanalyst, confessor and friend. This outstanding biography, a winner of the National Book Award, is the first to explore the fascinating life of this editor extraordinaire in

both professional and personal domains. It tells not only of Perkins' stormy marriage and secret twenty-five-year romance with Elizabeth Lemmon, but also of his intensely intimate relationships with the leading literary lights of the twentieth century.

Dialogue Editing for Motion Pictures John Purcell, 2013-07-24  
Produce professional level dialogue tracks with industry-proven techniques and insights from an Emmy Award winning sound editor. Gain innovative solutions to common dialogue editing challenges such as room tone balancing, noise removal, perspective control, finding and using alternative takes, and even time management and postproduction politics. In *Dialogue Editing for Motion Pictures*, Second Edition veteran film sound editor John Purcell arms you with classic as well as cutting-edge practices to effectively edit dialogue for film, TV, and video. This new edition offers: A fresh look at production workflows, from celluloid to Digital Cinema, to help you streamline your editing Expanded sections on new software tools, workstations, and dialogue mixing, including mixing in the box Fresh approaches to working with digital video and to moving projects from one workstation to another An insider's analysis of what happens on the set, and how that affects the dialogue editor Discussions about the interweaving histories of film sound technology and film storytelling Eye-opening tips, tricks, and insights from film professionals around the globe A companion website ([www.focalpress.com/cw/purcell](http://www.focalpress.com/cw/purcell)) with project files and video examples demonstrating editing techniques discussed in the book Don't allow your dialogue to become messy, distracting, and uncinematic! Do dialogue right with John Purcell's all-inclusive guide to this essential yet invisible art.

*An Editor's Guide to Writing and Publishing Science* Michael Hochberg, 2019 This contemporary guide is packed full of expert tips and suggestions which will make the reader think in a fresh, creative, and novel way about writing and publishing science.

Editor-Proof Your Writing Don McNair, 2013-04-01 Veteran

editor Don McNair lays out an easy-to-follow and systematic method for clearing up foggy writing--writing that's full of extra, misused, and overused words--in this guide to producing sparkling copy that attracts readers, agents, editors, and sales. McNair explains the common mistakes made by most writers and shows how eliminating unnecessary words strengthens action, shorten sentences, and makes writing crackle with life. Containing 21 simple, straightforward principles, *Editor-Proof Your Writing* teaches how to edit weak verb forms, strip away author intrusions, ban redundancies, eliminate foggy phrases, correct passive-voice sentences, slash misused and overused words, and fix other writing mistakes. A superb addition to any writer's toolkit, this book will not only make writing clearer and more grammatical, it will also make it more concise, entertaining, and appealing to publishers.

**The Subversive Copy Editor** Carol Fisher Saller, 2009-08-01  
Each year writers and editors submit over three thousand grammar and style questions to the Q&A page at The Chicago Manual of Style Online. Some are arcane, some simply hilarious—and one editor, Carol Fisher Saller, reads every single one of them. All too often she notes a classic author-editor standoff, wherein both parties refuse to compromise on the rights and wrongs of prose styling: This author is giving me a fit. I wish that I could just DEMAND the use of the serial comma at all times. My author wants his preface to come at the end of the book. This just seems ridiculous to me. I mean, it's not a post-face. In *The Subversive Copy Editor*, Saller casts aside this adversarial view and suggests new strategies for keeping the peace. Emphasizing habits of carefulness, transparency, and flexibility, she shows copy editors how to build an environment of trust and cooperation. One chapter takes on the difficult author; another speaks to writers themselves. Throughout, the focus is on serving the reader, even if it means breaking rules along the way. Saller's own foibles and misadventures provide ample material: I mess up all the time, she

confesses. It's how I know things. Writers, Saller acknowledges, are only half the challenge, as copy editors can also make trouble for themselves. (Does any other book have an index entry that says terrorists. See copy editors?) The book includes helpful sections on e-mail etiquette, work-flow management, prioritizing, and organizing computer files. One chapter even addresses the special concerns of freelance editors. Saller's emphasis on negotiation and flexibility will surprise many copy editors who have absorbed, along with the dos and don'ts of their stylebooks, an attitude that their way is the right way. In encouraging copy editors to banish their ignorance and disorganization, insecurities and compulsions, the Chicago Q&A presents itself as a kind of alter ego to the comparatively staid Manual of Style. In The Subversive Copy Editor, Saller continues her mission with audacity and good humor.

**I Am Goose!** Dorothea Rohner, 2020 Goose asks to play Duck, Duck, Goose with the other animals and birds, but causes trouble by insisting that none of them can possibly be goose.

Getting the books **Editor** now is not type of challenging means. You could not deserted going bearing in mind book store or library or borrowing from your links to right to use them. This is an unquestionably easy means to specifically acquire lead by on-line. This online message Editor can be one of the options to accompany you like having extra time.

It will not waste your time. bow to me, the e-book will utterly vent you further concern to read. Just invest little times to edit this on-line notice **Editor** as without difficulty as evaluation them wherever you are now.

[split top roubo plans](#)  
[benchcrafted](#) - Feb 10 2023  
 web specs background our split  
 top roubo bench plan is based  
 on andre roubo s bench from  
 plate 11 of l art du menuisier  
 with the added capabilities of  
 benchcrafted vises we  
 developed this plan so  
 woodworkers could build a  
 bench using our tail vise and  
 glide leg vise without having to  
 figure out all the details  
*what s a tail vise for on a  
 workbench rockler  
 woodworking and hardware* -  
 Apr 12 2023  
 web mar 19 2021 what s a tail  
 vise for on a workbench posted  
 march 19 2021 categories  
 woodworking faq workshop

setup tool maintenance do you  
 need a tail vise on your  
 workbench when i built my  
 workbench many years ago i  
 installed a vise on the front i  
 keep seeing tail vises in the  
 projects shown in woodworking  
 magazines  
*scandinavian workbench felder  
 group* - Mar 31 2022  
 web bench it is almost 2 longer  
 than the origi nal coming in at  
 about 7 long it is a few inches  
 wider making it perfect for my  
 armspan i incorporated modern  
 hardware a dieter schmid  
 shoulder and tail vise lie nielsen  
 toolworks has similar vises  
 square metal bench dogs the  
 veritas bench bolt kit slotted  
 washers and more

two years these are a kind of  
spare time project for me and  
there has not been enough  
spare time

**bench vises wood** - Mar 11  
2023

web jan 7 2021 woodworking  
vises vary in price from about  
30 to as much as 400 generally  
once you decide on a particular  
style of vise the more you  
spend the better the quality  
and effectiveness of that vise  
now let s take a look at the  
most common types of vises for  
woodworking front vises

**shop made tail vise popular  
woodworking** - Aug 16 2023

web jun 25 2021 the recent  
addition of a shop made tail  
vise to my old torsion box  
workbench demonstrates this  
perfectly you can easily adopt  
and adapt the principles and  
construction techniques i used

to your own situation the  
resulting accessory is  
sophisticated and elegant and it  
transforms your bench
