**Abridged Classics** John Atkinson, 2018-06-05 John Atkinson has illustrated and summarized the books you don't want to read but nevertheless feel you should. — the Paris Review Turns out you can summarize Proust's *In Search of Lost Time* with two pictures. — Lithub This book will appeal to people that read the New Yorker for the cartoons, or enjoy Tom Gauld's reading-themed cartoons. — ComicsDC "Very funny stuff...There is a lot going on in Atkinson's deceptively simple cartoons...and the magic is in how he achieves the maximum impact with as little as possible. So, it makes total sense for Atkinson to tackle some of the most celebrated books—with hilarious results." — Comics Grinder He compiles super-succinct summaries of literary classics in the light-hearted, humorous style that his blog readers have grown to love. — Wordpress John Atkinson, is giving all book lovers a chuckle with his condensed literary classic cartoons, which include abbreviations of famous works of literature. — Buzzfeed

Everything Abridged Dennard Dayle, 2022-05-24 "Incredibly entertaining and so damn illuminating" (Entertainment Weekly), Dennard Dayle's electrifying and wholly original collection of satirical stories create a biting funny portrait of American racism, capitalism, and politics. A New Yorker Best Book of the Year "Slyly defiant and blazingly imaginative . . . Dayle's a genre-shattering writer, whose wit and intellect never cease to entertain." —New York Times bestselling author Paul Beatty Framed as a reference work of humorous "entries" that offer trenchant social commentary, *Everything Abridged* presages a dark vision of the near future but tells jokes in the face of it: An intelligence agency operative uncovers a conspiracy to generate conspiracies and realizes his

participation in the scheme. A Caribbean monarch meets four decades of American presidents and adjusts his country's foreign policy accordingly. Experiment participants are asked to bring back a gun as quickly as possible. A copywriter on a space colony advertises a weapon with the potential to destroy his home during an intergalactic war. These and other linked stories, many of which feature a speculative bent—about being Black in America, law enforcement practices in an android society, Olympic speed walking, consumerism, nuclear war, and more—are interspersed with hilarious, one-line definitions for words ranging from abolition to zygote, creating a sharply humorous portrait of American inequality. With his singular wit, sharp prose, and shrewd observations, Dennard Dayle captures the struggles his characters face to keep hold of their sanity in a society collapsing into chaos and absurdity.

Daughter of the Salt King A. S. Thornton, 2021-02-02 2021 Foreword INDIES Finalist A girl of the desert and a jinni born long ago by the sea, both enslaved to the Salt King—but with this capricious magic, only one can be set free. As a daughter of the Salt King, Emel ought to be among the most powerful women in the desert. Instead, she and her sisters have less freedom than even her father's slaves ... for the Salt King uses his own daughters to seduce visiting noblemen into becoming powerful allies by marriage. Escape from her father's court seems impossible, and Emel dreams of a life where she can choose her fate. When members of a secret rebellion attack, Emel stumbles upon an alluring escape route: her father's best-kept secret—a wish-granting jinni, Saalim. But in the land

of the Salt King, wishes are never what they seem. Saalim's magic is volatile. Emel could lose everything with a wish for her freedom as the rebellion intensifies around her. She soon finds herself playing a dangerous game that pits dreams against responsibility and love against the promise of freedom. As she finds herself drawn to the jinni for more than his magic, captivated by both him and the world he shows her outside her desert village, she has to decide if freedom is worth the loss of her family, her home and Saalim, the only man she's ever loved.

When Duke Atreides and his family take up court there, they fall into a trap set by the Duke's bitter rival, Baron Harkonnen. The Duke is poisoned, but his wife and her son Paul escape to the vast and arid deserts of Arrakis, which have given the planet its nickname of Dune. Paul and his mother join the Fremen, the Arrakis natives, who have learnt to live in this harsh and complex ecosystem. But learning to survive is not enough - Paul's destiny was mapped out long ago and his mother is committed to seeing it fulfilled.
