In Acupressure's Potent Points, Michael Reed Gach, founder and director of the Acupressure Institute of America, reveals simple techniques that enable you to relieve headaches, arthritis, colds and flu, insomnia, backaches, hiccups, leg pain, hot flashes, depression, and more--using the power and sensitivity of your own hands. This practical guide covers more than forty ailments and symptoms, from allergies to wrist pain, providing pressure-point maps and exercises to relieve pain and restore function. Acupressure for Emotional Healing Michael Reed Gach, PhD, Beth Ann Henning, Dipl., A.B.T., 2008-11-19 Increased stress and traumatic events in our lives have resulted in many millions of people who suffer from insomnia, nightmares, anxiety attacks, depression, and tension headaches. ACUPRESSURE FOR EMOTIONAL HEALING offers relief at your fingertips, quickly and safely, for a wide range of emotional problems. It explains how emotional distress becomes lodged in the body as muscular tension and blocked energy, and shows how acupressure can relieve not just the resulting physical symptoms, but also their emotional source--often without the need for extensive talk therapy or medication. Acupressure stimulates the same points used in acupuncture, but instead of needles, firm finger pressure is used on the surface of the skin. The pressure releases neurochemicals called endorphins that relieve pain. As in acupuncture, specific pressure points are connected with internal organs and energy pathways in the body (called meridians) that regulate the flow of electrical energy to all systems. Unlike acupuncture, acupressure can be used safely by anyone, with only the hands as equipment. ACUPRESSURE FOR EMOTIONAL HEALING offers a comprehensive A-Z guide to emotional ailments (from abandonment to worry and obsessive thinking), with fully-illustrated instruction on dozens of precise acupressure point locations and how to activate them, combined with yogic breathing, stretching, and movement routines. Case histories from the authors' practice further illuminate each condition and the path to emotional balance and healing. Most routines can be used independently for self-care and on-the-spot relief. There are also sections on how to use the techniques to help others, with appropriate safeguards.

Acupressure for the Soul Nancy Fallon, 1993 Acupressure for the Soul: How to Awaken Biological Spirituality and the Gifts of Emotions, offers a revolutionary view of the emotions inspired by Seth's comment, "Any strong emotion carries within it far more energy than, say, that required to send a rocket to the moon." Emotions send thoughts from this interior reality through the barrier between nonphysical and physical into the "objective" world "no small feat, and one that is constantly repeated." Seth, session 625, The Nature of Personal Reality Emotions, instead of something to manage or get rid of, are portrayed as magnificent sources of power to fulfill one's innately "good" purpose for being on Mother Earth at this time. The ancient teachings of Oriental Medicine, combined with the author's knowledge and personal Shamanic-like experiences provide the reader with a unique formula of how to experience BIOLOGICAL SPIRITUALITY and utilize THE GIFTS OF THE EMOTIONS.

This circuit can provide immediate relief from acute negative emotions and, when applied regularly, prevent future emotional overreactions and treat deep-seated destructive emotional states. The book includes 22 five-point sequences for specific emotional issues, such as panic attacks or suppressed anger, and for removing the emotional blocks and scars at the root of many common physical ailments, such as eczema, asthma, and weight gain. Dr. Delatte explains how to combine the 22 sequences to treat more than 70 additional emotional and physical ailments as well as how to use this technique with homeopathy and Bach Flower Therapy for more stubborn conditions. Providing a daily routine of self-treatment to combat stress and balance your energetic centers, this book allows you to take control of your emotions as well as protect and enhance your health.
