Afghan Women Elaheh Rostami-Povey,2013-07-04 Through years of Taliban oppression, during the US-led invasion and the current insurgency, women in Afghanistan have played a hugely symbolic role. This book looks at how women have fought repression and challenged stereotypes, both within Afghanistan and in diasporas in Iran, Pakistan, the US and the UK. Looking at issues from violence under the Taliban and the impact of 9/11 to the role of NGOs and the growth in the opium economy, Rostami-Povey gets behind the media hype and presents a vibrant and diverse picture of these women's lives. The future of women's rights in Afghanistan, she argues, depends not only on overcoming local male domination, but also on challenging imperial domination and blurring the growing divide between the West and the Muslim world. Ultimately, these global dynamics may pose a greater threat to the freedom and autonomy of women in Afghanistan and throughout the world.

Their stories are a stark reminder that in some corners of the world the struggle continues and that women's progress in society, business, and politics cannot be taken for granted--Dust jacket flap.

The Carpetbaggers of Kabul and Other American-Afghan Entanglements Jennifer L. Fluri,Rachel Lehr,2017 The 2001 invasion of Afghanistan by United States and coalition forces was followed by a flood of aid and development dollars and experts representing well over two thousand organizations--each with separate policy initiatives, geopolitical agendas, and socioeconomic interests. This book examines the everyday actions of people associated with this international effort, with a special emphasis on small players: individuals and groups who charted alternative paths outside the existing networks of aid and development. This focus highlights the complexities, complications, and contradictions at the intersection of the everyday and the geopolitical, showing how dominant geopolitical narratives influence daily life in places like Afghanistan--and what happens when the goals of aid workers or the needs of aid recipients do not fit the narrative. Specifically, this book examines the use of gender, need, and grief as drivers for both common and exceptional responses to geopolitical interventions. Throughout this work, Jennifer L. Fluri and Rachel Lehr describe intimate encounters at a microscale to complicate and dispute the ways in which Afghans and their country have been imagined, described, fetishized, politicized, vilified, and rescued. The authors identify the ways in which Afghan men and women have been narrowly categorized as perpetrators and victims, respectively. They discuss several projects to show how gender and grief became forms of currency that were exchanged for different social, economic, and political opportunities. Such entanglements suggest the power and influence of the United States while illustrating the ways in which individuals and groups have attempted to chart alternative avenues of interaction, intervention, and interpretation.

One Story, Thirty Stories Zohra Saed,Sahar Muradi,2010-11-01 Since 9/11 there has been a cultural and political blossoming among those of the Afghan diaspora, especially in the United States, revealing a vibrant, active, and intellectual Afghan American community. And the success of Khaled Hosseini's *The Kite Runner*, the first work of fiction written by an Afghan American to become a bestseller, has created interest in the works of other Afghan American writers. *One Story, Thirty Stories* (or *Afsanah*, *Seesaneh*, the Afghan equivalent of once upon a time) collects poetry, fiction, essays, and selections from two blogs from thirty-three men and women—poets, fiction writers, journalists, filmmakers and video artists, photographers, community leaders and organizers, and diplomats. Some are veteran writers, such as Tamim Ansary and Donia Gobar, but others are novices and still learning how to craft their own story, their unique Afghan American voice. The fifty pieces in this rich anthology reveal journeys in a new land and culture. They show people trying to come to grips with a life in exile, or they trace the migration maps of parents. They navigate the jagged landscape of the Soviet invasion, the civil war of the 1990s and the rise of the Taliban, and the ongoing American occupation.

The Afghan Mona Lisa Anosha Roya Zereh,2013-06-20 The Afghan woman has been spoken for, depicted in numerous ways since the fall of the Taliban in 2011. Afghan women have been represented in the Western media, both in the television and the news broadcast copiously. They have made the *Times* magazine cover page, revealed in the *National Geographic*, and have been pronounced as victims of women's rights. Their crime simply being born in Afghanistan as a woman in an era unfavorable to their gender. I have investigated and listened to long hours of heartbreaking stories by Afghan women in numerous countries, conversed with old and young women, and read plentiful anecdotes of Afghan women's narratives around the world for over ten years. Although I cannot claim what they have experienced completely, I have exerted years of love inscribing for them their narratives, their depiction of what took place in their lives, as well as their interpretation of their struggles and daily burdens. Although they are my words, nevertheless they represent their rightful voice. While it is my pen that was used to write these poems, in every poem, in every verse, it is the fighting potency of these women. And we witness through their lens the long-suffering echoed throughout the book in their own words. I am blessed to have been favored as an unassuming envoy for their voices.

Bleeding Afghanistan Sonali Kolhatkar,James Ingalls,2006-10-03 Despite official claims of democracy and women's freedom, Afghanistan has yet to emerge from the ashes of decades-long war. Kolhatkar and Ingalls report on the injustice of US policies in Afghanistan historically and in the post 9-11 era. Drawing from declassified government documents and on-the-ground interviews with Afghan activists, journalists, lawyers, refugees and students, they examine the connections between US training and arming of Mujahideen commanders and the subversion of Afghan democracy today.

Fundamentalism Reborn? William Maley,1998-03 A collection of essays tracing the rebirth of fundamentalism in Afghanistan In 1996, the world watched with varying degrees of interest, surprise, and unease as armed, ultra-fundamentalist insurgents overthrew the Afghan government. Within days of their victory, the Taliban, a militant Islamic sect, were issuing draconian religious decrees, restricting women's employment and movement, rounding up Afghans at gunpoint to pray five times a day, and publicly executing political opponents and criminals. Composed of essays commissioned from the foremost experts on the Taliban, this anthology traces the movement's origins, its ascendance, the reasons for its success, and its role in the reconstruction of Afghanistan. Crucial to the Taliban's staying power as a governing force will be its relations with neighboring countries and with the West. Interestingly, given their intense hatred of Iran, the Taliban were enthusiastically supported by the U.S. government up to the very moment of their triumphant arrival in Kabul. Examining yet another country on the brink of ethnic disintegration, *Fundamentalism Reborn?* is a comprehensive and up-to-date account of the history, rise to power, and future of the most dramatic manifestation of Islamic fundamentalism since the Iranian revolution.

Repression, Resistance, and Women in Afghanistan Hafizullah Emadi,2002-08-30 Afghan women have faced an exhaustive struggle in the battle to change their status and improve their situation. Emadi takes a long look at the role of development and modernization policies implemented by the state in the pre- and post-Soviet eras, under the Taliban, and beyond. He finds that such policies have failed to bring about much-needed change and improvement for women. Modernization strategies benefited only a small segment of urban women and left the plight of rural women unchanged. Although a small segment of middle- and upper-class women organized themselves and fought to bring about changes in their status and to end gender inequality, their efforts alone did not meet with much success. Islamic orthodoxy and orthopraxy in the Taliban era restricted women's freedom of movement, access to education, and medical care. Using personal accounts not readily available to researchers or scholars, Emadi explores the diverse factors that contributed to women's

oppression both at home and in society. This study provides a detailed analysis of state policies toward women's emancipation within the context of a traditional Islamic society. It chronicles the course of the women's movement and women's organizations still active in the political arena and puts forth an alternative plan to involve women in the reconstruction process in both urban and rural areas.

A Royal Afghan Affair - A Historic Journey into Afghan Cuisine and Culture Shahnaz Zikria,2020-09-09 Shahnaz Zikria relocated from Afghanistan during the 1980s to Australia. To inculcate the importance of the rich Afghan heritage, culture and the passion for classic cuisine amongst her children, she maintained a recipe notebook. After years of being away from the country, it was food and hospitality that kept the connection with Afghan heritage alive in her household. This notebook has now been crafted in the form of this cookbook, which continues to live through many generations. This family cookbook has been written by the support of her daughter, Freshta, showing that food has the power to keep a culture alive in another place, in another time, and with another generation of life.

Afghan Lessons Fernando Gentilini,2013-07-02 Fernando Gentilini served nearly two years as the civilian representative of NATO in Afghanistan, running a counterinsurgency campaign in the wartorn nation. Afghan Lessons is the fascinating story of his mission, a firsthand view of Afghanistan through a kaleidoscope. He explores Afghan history, literature, tradition, and culture to understand some of the most basic questions of Western involvement: What is the purpose? What does an international presence mean, and how can it help? Highlights from Afghan Lessons “This is a book about different worlds, different realities. The reality of everyday life in an unreal world. People that need to be looked after, jobs that need to be done, a country that needs to be restored, all from within the necessary confines of an armed camp. And this in the middle of another reality, which we do not understand, full of things forgotten under decades of war. The keys to this reality lie in the past, perhaps lost.” —from the Foreword by Robert Cooper “To tempt me to explore their country, the Afghans kept repeating that there were three different Afghanistans: ‘The first is the one you Westerners imagine; another coincides with the city of Kabul; the third is the country of remote provinces, far away from the cities, and of the three, this is the only real Afghanistan.’” “‘There can be no development without security and no security without development.’ . . . Everyone said it over and over again, both the civilians and the military, but depending on whether it was said by the former or the latter, the emphasis was placed on the first or second part of the slogan. In all honesty this seemingly obvious concept concealed two contrasting ways of seeing things.”

The First Afghan War and Its Causes Henry Marion Durand,2008 Written by Major General Henry Marion Durand, The First Afghan War gives a detailed first-hand account of the historic campaign, from the advance on Candhar to the destruction of the Cabul Gate.

In My Father's Country Saima Wahab,2012 Relates the author's decision, years after her father was taken away by the KGB, to relocate to her uncle's home in America, where she pursued an education and worked as an interpreter before becoming a cultural adviser for the U.S. Army.

Afghan Village Voices Richard Tapper,Nancy Lindisfarne-Tapper,2020-06-25 Afghanistan in the 20th century was virtually unknown in Europe and America. At peace until the 1970s, the country was seen as a remote and exotic land, visited only by adventurous tourists or researchers. Afghan Village Voices is a testament to this little-known period of peace and captures a society and culture now lost. Prepared by two of the most accomplished and well-known anthropologists of the Middle East and Central Asia, Richard Tapper and Nancy Tapper-Lindisfarne, this is a book of stories told by the Piruzai, a rural Afghan community of some 200 families who farmed in northern Afghanistan and in summer took their flocks to the central Hazârajât mountains. The book comprises a collection of remarkable stories, folktales and conversations and provides unprecedented insight into the depth and colour of these people's lives. Recorded in the early 1970s, the stories range from memories of the Piruzai migration to the north a half century before, to the feuds, ethnic strife and the doings of powerful khans. There are also stories of falling in love, elopements, marriages, childbirth and the world of spirits. The book includes vignettes of the narrators, photographs, maps and a full glossary. It is a remarkable document of Afghanistan at peace, told by a people whose voices have rarely been heard.

Understanding War in Afghanistan Joseph J. Collins,2011 This text aims to provide military leaders, civil servants, diplomats, and students with the intellectual basis that they need to begin to prepare for further study of or an assignment in Afghanistan.

Women from Afghanistan in Diaspora Sayid Sattar Langary,2010 Prior to the atrocities of September 11, 2001, the inhumane treatment of women by the Taliban received sporadic media and academic coverage. After the disintegration of the Taliban and al-Qaeda alliance, Afghanistan has been on the forefront of international headlines. The Taliban removal has also opened the venue for academic studies in Afghanistan. However, Afghanistan's urban and rural social structures and in particular the role of women remains an understudied topic. In Women from Afghanistan in Diaspora, Langary embarks on the task of describing the social structures of Afghanistan, precisely, the role of women within the Afghan social fabric. This study covers the various policies aimed at women, marriage, and emancipation from the ascendancy of Amir Aman Allah Khan to the Kabul throne in 1919 until the establishment of President Hamid Karzai's representative government. This study sheds light on the lives of the Afghan women who have migrated to the United States through means of marriage. The fieldwork was conducted in various cities across California. These women share their marriage experiences, life in the United States, and resiliency of overcoming challenges. This qualitative research is now integrated with the broader phenomena of arranged marriages, consanguineous marriages, mail-order bride, and patriarchal family structures.
