The Alternative: Most of What You Believe About Poverty Is Wrong Mauricio L. Miller, 2017 Clara Miller, President of the F. B. Heron Foundation: The Alternative, is not only important reading, it's imperative. Miller, a trained engineer, the one-time manager of a top social service organization and most importantly, the son of a remarkable single mother, has both lived and observed the failings embodied in our attitudes toward the poor and, as a result, the flaws in our systems meant to help people in poverty. He merges heart and soul with system thinking to yield a prescription featuring the real math, trust relationships and courage that can change the us and them, to upward together and put American families in the driver's seat to build their futures.

Alternative Remedies for Loss Joanna Cantor, 2018-05-08 An Amazon Best of the Month Selection for May 2018 A slyly funny coming-of-age novel about a young woman fumbling her way into the mysteries of loss and the travails of adulthood as she tries to make sense of a vanished mother's legacy. When 22-year-old Olivia learned that her mother had only months to live, she pulled up roots, leaving Vassar and her career plans far behind to be with her mother for her last days. And yet, just four months after her mother's death, everyone in Olivia's family already seems ready to move on. Her brothers are settled comfortably in careers and families of their own; her father has already started to date again, inviting a woman named June on a family trip. Still reeling from the loss, Olivia looks for a new start of her own, throwing herself headlong into Manhattan's fast-moving media world, where she is alternately demeaned by bosses and pursued by men. But as Olivia tries to piece together an adulthood without her mother to guide her, she makes a shocking discovery: a secret romantic correspondence her mother had with a man who only signed each letter "F." As she tries to untangle the mystery of F, Olivia will journey halfway across the world, to an ashram in rural India, on a quest that will reconfigure everything Olivia thought she knew about her family and her own place in an increasingly complex world. A profoundly moving and keenly observed contemplation of the debts we owe to the past and the ways we discover our futures, *Alternative Remedies for Loss* is the rare sort of book that can break and mend your heart in a single and unforgettable read.

Enter the Alternative School Alia R. Tyner-Mullings, 2015-11-17 *Enter the Alternative School* is an in-depth examination of public school alternatives to traditional

educational models in the US. This book analyses how urban education can respond to a system growing increasingly standardised and privatised. As an example, Central Park East Secondary School (CPESS), a public alternative schooling model, successfully served predominantly low-income and minority students. It also changed the New York City public school system while promoting methods that allowed educational institutions to make changes in the lives of their students. Written by a sociologist who was both a student at CPESS and a teacher at a school developed from the CPESS model, the book analyses education from a range of vantage points, assesses outcomes, and invites readers to consider the potential of alternative educational models to address the challenges of reforms that attempt to provide quality education to the low-income and minority students otherwise under served by public schools.
