*Lavender and Red* Emily K. Hobson,2016-10-04 LGBT activism is often imagined as a self-contained struggle, inspired by but set apart from other social movements. Lavender and Red recounts a far different story: a history of queer radicals who understood their sexual liberation as intertwined with solidarity against imperialism, war, and racism. This politics was born in the late 1960s but survived well past Stonewall, propelling a gay and lesbian left that flourished through the end of the Cold War. The gay and lesbian left found its center in the San Francisco Bay Area, a place where sexual self-determination and revolutionary internationalism converged. Across the 1970s, its activists embraced socialist and women of color feminism and crafted queer opposition to militarism and the New Right. In the Reagan years, they challenged U.S. intervention in Central America, collaborated with their peers in Nicaragua, and mentored the first direct action against AIDS. Bringing together archival research, oral histories, and vibrant images, Emily K. Hobson rediscovers the radical queer past for a generation of activists today.

**International Humanitarian Law and the International Red Cross and Red Crescent Movement** Aldo Zammit Borda,2013-09-13 This book provides a key reference on the role of the Commonwealth and its member states in relation to international humanitarian law (IHL). It provides insights in the implementation of IHL in Commonwealth states and, particularly, the challenges faced by small states. It examines the progressive development of IHL in the Commonwealth and provides an analysis of some of the landmark decisions emerging from the Special Court for Sierra Leone. The book was developed collaboratively between the Commonwealth Secretariat and the International Red Cross and Red Crescent Movement. In this regard, it contains insights in the work of the Secretariat with regard to implementation of IHL and an assessment of legislation enacted by Commonwealth states as well as an accession chart to IHL instruments. It expounds on the work of the Movement, including the role of National Societies, the International Humanitarian Fact-Finding Commission, and the development of international disaster response law, rules and regulation. This book was based on a special issue of Commonwealth Law Bulletin.

**Black Caps and Red Feathers** John Nkemngong Nkengasong,2010 In Black Caps and Red Feathers the reader is taken into Creature's subconscious on the garbage heap where he is tenant, and where he recounts his multitudinous and gruesome experiences in Traourou's underground prisons. Ancestral Earth, set within a traditional African background, indicts Akeumbin, the king and custodian of the earth of Allehtendurih, who is caught in the dilemma of stopping a plague caused by the reckless exploitation of the earth and showing affection for his fiftieth bride. In compliance with the Princes of Earth, the women who are the principal victims, bring pressure to bear on the King who condescends to the urgency of appeasing the Ancestral Earth. The common denominator in both plays is communal grudge against irresponsible leadership and its fallouts of indiscriminate victimisation that allow for the anticipation of a new or renewed consciousness.

*Burnt Yellow and Red* S. B. Newman,2012-09 His body was numb, and he could still smell the dust and smoke from the barrage. The world wrapped itself in a prism of brilliant colors, burnt yellow and red, as Kyle slipped into a deep, comfortable sleep—feeling no pain, feeling no fear.Inspired by actual events,Burnt Yellow and Redis a modern war story of men, true patriots all, thrust into an ancient and destructive world ruled by warlords. *Automated Enforcement for Speeding and Red Light Running* Kimberly A. Eccles,2012 The goal of this research was to find out which automated enforcement programs have been successful and what contributed to their success, as well as which programs have been unsuccessful and to draw lessons from their experiences. This was accomplished through a comprehensive assessment of automated speed and red light running enforcement activity in the United States and Canada, which led to the development of guidelines to assist agencies in implementing and operating successful automated enforcement programs. Over 350 jurisdictions with current or past automated enforcement programs were contacted by survey and phone as part of the assessment. In addition to the survey, an extensive literature review was conducted to determine the effect of the programs, cost effectiveness, and resource requirements, and to get the perspective of the public.
