Being Māori in the City Natacha Gagné, 2013

Indigenous peoples around the world have been involved in struggles for decolonization, self-determination, and recognition of their rights, and the Māori of Aotearoa-New Zealand are no exception. Now that nearly 85% of the Māori population have their main place of residence in urban centres, cities have become important sites of affirmation and struggle. Grounded in an ethnography of everyday life in the city of Auckland, *Being Maori in the City* is an investigation of what being Māori means today. One of the first ethnographic studies of Māori urbanization since the 1970s, this book is based on almost two years of fieldwork, living with Māori families, and more than 250 hours of interviews. In contrast with studies that have focused on indigenous elites and official groups and organizations, *Being Māori in the City* shines a light on the lives of ordinary individuals and families. Using this approach, Natacha Gagné adroitly underlines how indigenous ways of being are maintained and even strengthened through change and openness to the larger society.

Shifting Grounds Lucy Mackintosh, 2021-11-15 In a city that has forgotten and erased much of its history, there are still places where traces of the past can be found. Deep histories, both

natural and human, have been woven together over hundreds of years in places across Tāmaki Makaurau Auckland, forming potent sites of national significance. This stunning book unearths these histories in three iconic landscapes: Pukekawa/Auckland Domain, Maungakiekie/One Tree Hill and the Ōtuataua Stonefields at Ihumātao. Approaching landscapes as an archive, Lucy Mackintosh delves deeply into specific places, allowing us to understand histories that have not been written into books or inscribed upon memorials, but which still resonate through Auckland and beyond. Shifting Grounds provides a rare historical assessment of Tāmaki Makaurau Auckland's past, with findings and stories that deepen understanding of New Zealand history.

Volcanoes of Auckland: A Field Guide Bruce W. Hayward, 2019-11-07 A fully illustrated field guide for New Zealanders and visitors Auckland to take with them out among the 53 volcanoes that shape this city. Volcanoes of Auckland is a handy field guide to the fiery natural world that so deeply shapes New Zealand's largest city &— from

Rangitoto to One Tree Hill, Lake Pupuke to Orakei Basin. For tens of thousands of years, volcanoes have profoundly shaped the area's geology and geography. And for hundreds of years, volcanoes have played a key part in the lives of indigenous Maori and Europeans &— as sites for pa, kumara gardens or twentieth-century military fortifications, as sources of stone and water, and now as parks and reserves for all to enjoy. In a new cloth flexibind format designed for the backpack (and including three newly recognised craters), the field guide features: &•an accessible introduction to the science of eruptions, including dating and the next eruption&•a history of Maori and Pakeha uses of the volcanoes&•an illustrated guide to each of Auckland's 53 volcanoes, including where to go and what to do&•aerial photography, maps and historic photographs &— over 400 illustrations, 80% of them new. This field guide will help readers engage afresh with the history, geography and geology of Auckland's unique volcanic landscape. How many volcanoes are there? When did they erupt and how do we know? Will there be another eruption in Auckland and, if so, where and when? Will we have sufficient warning to evacuate in time? What is a lava cave, a volcanic bomb or a tuff ring? Why were Auckland's volcanoes such an attraction to early Maori? Why is it that Auckland's freshest water comes out of our volcanoes? This book answers these and many more questions. Volcanoes of Auckland is the essential guide for locals and tourists, school children and scientists, as they climb up Mt Eden or North Head and take in the

volcanic landscape that so shapes life in New Zealand's largest city.

Logan Campbell's Auckland Russell

Stone,2007-09-01 From the tale of One Tree Hill and a mysterious suicide to the wreck of the HMS Orpheus, the personalities, feuds, and dramas of 19th-century Auckland are brilliantly brought to life in this charming collection. Drawn from the author's encyclopedic knowledge of Auckland, each of the 15 tales illustrates what daily life was like in the young colony and combine to paint a vivid portrait of the city's social and cultural history.

Turning Point Auckland Owen

Gill,2019-02-11T00:00:00Z Auckland is at a turning point. At current growth rates it will pass two million people sometime during the decade beginning 2022, at which point social and infrastructure problems will begin to compound. This book is for two groups of people: new residents coming to Auckland who will need us to prepare the way for them, and current residents who wonder what we can do to improve the city. Drawing on the latest international thinking on cities, Owen Gill puts forward a radical yet sensible agenda for change to allow Auckland to take its place as a leading hub of the Asia-Pacific region. Turning Point Auckland features colour images illustrating Auckland's diverse environments and succinct appendices that summarise the author's proposals for making this a truly great city.

Auckland Witi Ihimaera,2015-08-15 In his introduction to this anthology, Witi Ihimaera

describes Auckland, Tamaki makau rau, as the place desired by many. The variety in this absorbing collection of short stories, poetry and extracts from novels and memoirs shows that while Auckland may not always have been desirable, it has certainly fascinated generations of very different writers, who have explored almost every part of this far-flung city. C.K. Stead and Maurice Gee, for example, go west, Tina Shaw and Diane Brown visit the city centre, Paula Morris and Peter Wells haunt the suburbs, while Robert Sullivan and Albert Wendt head south. Witi Ihimaera has skilfully constructed a literary map of the City of Sails: whether you are a tourist or a resident, an enjoyable journey is guaranteed.

Auckland Unplugged Lindy Newlove, Eric Stern, Lina Svedin, 2003 These challenges include: finding an appropriate division of responsibility and labor between public- and private-sector actors; crafting and coordinating a crisis response that addresses perceived threats to community values and avoids the twin perils of underreaction (e.g., passivity or paralysis) and overreaction (e.g., crying wolf or political grandstanding); coping with competence/authority discrepancies under stress - those who have expert knowledge of the technical issues rarely have the authority to make policy; those who have the authority generally lack the technical expertise to comprehend the subtleties and uncertainties of the issues at stake; and maintaining credibility and legitimacy when facing acute, ill-structured problems in politicized, publicized, and highly uncertain environments.--BOOK JACKET.

Castaway on the Auckland Isles Thomas Musgrave (captain.), 1866 Account of shipwreck and life on the Aucklands for 20 months; journey in a Phoenix boat built from the wreckage, to Port Adventure, Stewart Island, N.Z. ... almost a classic.--Maggs.

The Auckland Regiment 2/Lieut. O. E.

Burton, 2012-04-11 A good general history of a regiment raised in one of New Zealand's largest cities to take part in the Great War. The author - who won the Military Medal and the French Medaille D'Honneur for his military exploits, - has written a fluent and readable account. The three battalions of the Auckland Regiment trained in Egypt for the coming Gallipoli campaign in 1915. They assembled at Lemnos, took part in the landing and fighting at Cape Helles and Sari Bair, sustaining severe losses, and were then evacuated back to Egypt. They were first stationed at Armentieres, before seeing action on the Somme in 1916; wintering near Ploegsteert Wood, and then being deployed for the Battle of Messines in June 1917. They took part in the third battle of Ypres and wintered in the Salient, before returning to the Somme front in 1918, where they were stationed at Mailly and fought at Roissignol Wood and Bapaume. They took part in the Allied advance in the summer and autumn of 1918 and ended the war in the Le Quesnoy sector. After the armistice they were on garrison duty in Germany before returning home down under. The history has nine sketch maps and 12 portraits of personalities, but lacks battle photos. There are appendices on badges, chronology of events, honours and awards and a Roll of Honour.
