

Beijing

Ma Jian

Beijing, Beijing Feng Tang,2015-03 In the 1990s, as China continues to embrace--and grapple with--the global market economy, Qiu Shui and his friends attend med school, an ambition that has more to do with getting out of the country than with actually becoming doctors. Following the exploits of a young student and his classmates, from drinking binges, sex, and playing video games all night to military training, homework, and college-age high jinks, *Beijing, Beijing* provides an inventive, hilarious, and incisive look into how a culture--and one man--struggle to reconcile their past with the changes brought by modern times. As the years pass and friends, family, and lovers move on, Qiu Shui confronts the loneliness and confusion that define his generation.

Beijing Nancy Pellegrini,2006 A highly illustrated geography series that studies major cities around the world in depth, looking at topics such as population, climate, geography (physical), infrastructure and the environment.

A Short History of Beijing Jonathan Clements,2022-07-26 A guide to the history of China's capital, from before its rise to prominence as the seat of empires to the 2022 Winter Olympics. Before China's capital became a sprawling megacity and international center of business and culture, its fortunes fluctuated under a dozen dynasties. It has been a capital for several states, including those headed by Mongolian chiefs and the glorious Ming emperors, whose tombs can still be found on its outskirts. And before all that, it was a campsite for primitive hominids, known as the Peking Man. *A Short History of Beijing* tells the story of this remarkable city, from its more famous residents--Khubilai Khan, Marco Polo, and Chairman Mao--right up to the twenty-first century, as modern construction wiped out so much of the old city to make way for its twenty-million-strong population. Through his timely and intimate portrait of the world's most populous capital city, Jonathan Clements reveals the history of China itself.

City of Heavenly Tranquillity Jasper Becker,2008-06-05 The great city of Beijing, capital of China from the ninth century, and given its form for five hundred years by the Ming Dynasty, was for a millennium one of the most extraordinary places on earth. At a time when London, Paris, or Rome had only several hundred thousand residents, Beijing held over a million. This book tells the history of this great city, and through it provides a highly engaging summary history of China. In the summer of 1997, President Jiang Zemin made a decision to destroy the old city. There was no announcement, no explanation given, nor any attempt made to justify his decision. Even those working as architects only became aware of what was happening when it was already too late. Expertly moving between historical analysis and reportage, Jasper Becker describes the impact of this systematic destruction, a unique telling of the history of Beijing that encapsulates both the grandeur of its creation and the tragedy of its current transformation.

Republican Beijing Madeleine Yue Dong,2003-08-04 Old Beijing has become a subject of growing fascination in contemporary China since the 1980s. While physical remnants from the past are being bulldozed every day to make space for glass-walled skyscrapers and towering apartment buildings, nostalgia for the old city is booming. Madeleine Yue Dong offers the first comprehensive history of Republican Beijing, examining how the capital acquired its identity as a consummately traditional Chinese city. For residents of Beijing, the heart of the city lay in the labor-intensive activities of recycling, a primary mode of material and cultural production and circulation that came to characterize Republican Beijing. An omnipresent process of recycling and re-use unified Beijing's fragmented and stratified markets into one circulation system. These material practices evoked an air of nostalgia that permeated daily life. Paradoxically, the old Beijing toward which this nostalgia was directed was not the imperial capital of the past, but the living Republican city. Such nostalgia toward the present, the author argues, was not an empty sentiment, but an essential characteristic of Chinese modernity.

Suburban Beijing Friederike Fleischer,2010

Mapping Modern Beijing Weijie Song,2017-11-17 *Mapping Modern Beijing* investigates the five methods of representing Beijing--a warped hometown, a city of snapshots and manners, an aesthetic city, an imperial capital in comparative and cross-cultural perspective, and a displaced city on the Sinophone and diasporic postmemory--by authors travelling across mainland China, Taiwan, Hong Kong, and overseas Sinophone and non-Chinese communities. The metamorphosis of Beijing's everyday spaces and the structural transformation of private and public emotions unfold Manchu writer Lao She's Beijing complex about a warped native city. Zhang Henshui's popular snapshots of fleeting shocks and everlasting sorrows illustrate his affective mapping of urban transition and human manners in Republican Beijing. Female poet and architect Lin Huiyin captures an aesthetic and picturesque city vis-à-vis the political and ideological urban planning. The imagined imperial capital constructed in bilingual, transcultural, and comparative works by Lin Yutang, Princess Der Ling, and Victor Segalen highlights the pleasures and pitfalls of collecting local knowledge and presenting Orientalist and Cosmopolitan visions. In the shadow of World Wars and Cold War, a multilayered displaced Beijing appears in the Sinophone postmemory by diasporic Beijing native Liang Shiqiu, Taiwan sojourners Zhong Lihe and Lin Haiyin, and émigré martial arts novelist Jin Yong in Hong Kong. Weijie Song situates Beijing in a larger context of modern Chinese-language urban imaginations, and charts the emotional topography of the city against the backdrop of the downfall of the Manchu Empire, the rise of modern nation-state, the 1949 great divide, and the formation of Cold War and globalizing world. Drawing

from literary canons to exotic narratives, from modernist poetry to chivalric fantasy, from popular culture to urban planning, Song explores the complex nexus of urban spaces, archives of emotions, and literary topography of Beijing in its long journey from imperial capital to Republican city and to socialist metropolis.

My Beijing Nie Jun,2018 Four short stories set in a hutong, or residential alleyway, of Beijing, China. Yu'er, her grandfather, and their eccentric neighbors experience the magic of everyday life.--

Daily Life in Ancient and Modern Beijing Robert F. Baldwin,1999-01-01 Explores daily life in Beijing in both ancient and modern times.

Beijing Welcomes You Tom Scocca,2011-08-04 A definitive, and highly entertaining, account of contemporary Beijing, the undisputed capital of the twenty-first century. Within the past decade, Beijing has debuted as the defining city of the now and foreseeable future, and China as the ascendant global power. Beijing is the ultimate representation of China's political and cultural capital, of its might-and threat. For so long, the city was closed off to the world, literally built around the Forbidden City, the icon of all that was ominous about China. But now, the country is eager to show off its new openness, its glory and magnanimity, and Beijing is its star. When Tom Scocca arrived in 2004-an American eager to see another culture-Beijing was looking toward welcoming the world to its Olympics four years later, and preparations were in full swing to create a renewed city. Scocca talked to the scientists tasked with changing the weather; interviewed designers and architects churning out projects; checked out the campaign to stop public spitting; documented the planting of trees, the rerouting of traffic, the demolition of the old city, and the construction of the new metropolis. *Beijing Welcomes You* is a glimpse into the future and an encounter with an urban place we do not yet fully comprehend, and the superpower it is essential we get to know better.

Top 10 Beijing DK Travel,2015-08-04 DK Eyewitness Travel Guide: Top 10 Beijing will lead you straight to the very best Beijing has to offer. Whether you're looking for things not to miss at the Top 10 sights or want to find the top place to eat, this guide is the perfect companion, taking the best of the printed guidebook and adding new eBook-only features. Rely on dozens of Top 10 lists--from the Top 10 museums to the Top 10 highlights at the Great Wall of China. There's even a list of the Top 10 ways to avoid the crowds. The guide is divided by area, each with its own photo gallery and clear maps pinpointing the top sights. You also can view each location in Google Maps if reading on an Internet-enabled device. Plan each day with our itineraries and see the sights in individual areas. You'll find the insider knowledge you need to explore every corner with DK Eyewitness Travel Guide: Top 10 Beijing, now with a sleek new eBook design.

Beijing City Brief ,1981

Beijing Coma Ma Jian,2008-05-27 Dai Wei has been unconscious for almost a decade. A medical student and a pro-democracy protestor in Tiananmen Square in June 1989, he was struck by a soldier's bullet and fell into a deep coma. As soon as the hospital authorities discovered that he had been an activist, his mother was forced to take him home. She allowed pharmacists access to his body and sold his urine and his left kidney to fund special treatment from Master Yao, a member of the outlawed Falun Gong sect. But during a government crackdown, the Master was arrested, and Dai Wai's mother—who had fallen in love with him—lost her mind. As the millennium draws near, a sparrow flies through the window and lands on Dai Wei's naked chest, a sign that he must emerge from his coma. But China has also undergone a massive transformation while Dai Wei lay unconscious. As he prepares to take leave of his old metal bed, Dai Wei realizes that the rich, imaginative world afforded to him as a coma patient is a startling contrast with the death-in-life of the world outside. At once a powerful allegory of a rising China, racked by contradictions, and a seminal examination of the Tiananmen Square protests, *Beijing Coma* is Ma Jian's masterpiece. Spiked with dark wit, poetic beauty, and deep rage, this extraordinary novel confirms his place as one of the world's most significant living writers.

Beijing Bastard Val Wang,2015-11-03 A humorous and moving coming-of-age story that brings a unique, not-quite-outsider's perspective to China's shift from ancient empire to modern superpower Raised in a strict Chinese American household in the suburbs, Val Wang dutifully got good grades, took piano lessons, and performed in a Chinese dance troupe—until she shaved her head and became a leftist, the stuff of many teenage rebellions. But Val's true mutiny was when she moved to China, the land her parents had fled before the Communist takeover in 1949. Val arrives in Beijing in 1998 expecting to find freedom but instead lives in the old city with her traditional relatives, who wake her at dawn with the sound of a state-run television program playing next to her cot, make a running joke of how much she eats, and monitor her every move. But outside, she soon discovers a city rebelling against its roots just as she is, struggling too to find a new, modern identity. Rickshaws make way for taxicabs, skyscrapers replace hutong courtyard houses, and Beijing prepares to make its debut on the world stage with the 2008 Olympics. And in the gritty outskirts of the city where she moves, a thriving avant-garde subculture is making art out of the chaos. Val plunges into the city's dizzying culture and nightlife and begins shooting a documentary about a Peking Opera family who is witnessing the death of their traditional art. Brilliantly observed and winningly told, *Beijing Bastard* is a compelling story of a young woman finding her place in the world, and of China, as its ancient past gives way to a dazzling but uncertain future.

Beijing Time Michael Dutton,2010-05-01 “Where is the market?” inquires the tourist one dark, chilly morning. “Follow the ghosts,” responds the taxi

driver, indicating a shadowy parade of overloaded tricycles. “It’s not called the ghost market for nothing!” And indeed, Beijing is nothing if not haunted. Among the soaring skyscrapers, choking exhaust fumes, nonstop traffic jams, and towering monuments, one discovers old Beijing—newly styled, perhaps, but no less present and powerful than in its ancient incarnation. Beijing Time conducts us into this mysterious world, at once familiar and yet alien to the outsider. The ancient Chinese understood the world as enchanted, its shapes revealing the mythological order of the universe. In the structure and detail of Tian’anmen Square, the authors reveal the city as a whole. In Beijing no pyramids stand as proud remnants of the past; instead, the entire city symbolizes a vibrant civilization. From Tian’anmen Square, we proceed to the neighborhoods for a glimpse of local color—from the granny and the young police officer to the rag picker and the flower vendor. Wandering from the avant-garde art market to the clock towers, from the Monumental Axis to Mao’s Mausoleum, the book allows us to peer into the lives of Beijingers, the rules and rituals that govern their reality, and the mythologies that furnish their dreams. Deeply immersed in the culture, everyday and otherworldly, this anthropological tour, from ancient cosmology to Communist kitsch, allows us to see as never before how the people of Beijing—and China—work and live.

Two Bicycles in Beijing Teresa Robeson, 2020-04-01 Cycle through the sights of Beijing with Lunzi as she searches for her best friend. One, two; yi, er. Side by side, two bicycles, Lunzi and Huangche, come out of the factory. Side by side, they watch the city of Beijing from their shop window. Then a young girl comes in and buys Huangche, rolling him away from Lunzi! With the help of a delivery boy, Lunzi begins an epic race to find her friend that introduces readers to all the sights and sounds of Beijing.

The Search for a Vanishing Beijing M. A. Aldrich, 2008 The Search for a Vanishing Beijing weaves the genres of travel essays and travel guides into a comprehensive narrative about the cultural mosaic of the capital of China. The author leads the reader through palaces, temples, back streets and markets while bringing back to living memory forgotten or overlooked Peking customs, stories and beliefs. The text touches on everything under the sun as the reader walks from Tian An Men Square through the surrounding neighborhoods and further to sights in rustic settings. The narrative relates stories about imperial customs, street food, temple festivals, historic trees, Red Guard struggle sessions, Tibetan and Mongolian customs, hiking trails, political clashes, residences of famous Chinese and foreigners, ghosts, prisons, classical Chinese poetry, ice-skating, espionage, burial customs, old and new embassy districts, courtesans, restaurants and (even) Chinese liquor. Interspersed throughout the book are stories told by such diverse sources as Marco Polo and Bernard Shaw as well as 20th century Sinophiles like Juliet Bredon, George Kates and David Kidd. Commentary from Ming and Qing era travel guides are brought out for a Chinese perspective on celebrated locations in the city.

An Armchair Traveller's History of Beijing Jonathan Clements, 2016-11-15 As China’s global influence continues to rise, its capital, Beijing, has become increasingly important—and a popular tourist destination, greeting close to five million international visitors each year. An Armchair Traveller’s History of Beijing presents the capital from its earliest beginnings as a prehistoric campsite for Peking Man through its fluctuating fortunes under a dozen dynasties. Home to capitals of several states over time, the site of modern Beijing has been ruled by Mongolian chiefs and the glorious Ming emperors, whose tombs can still be found on its outskirts. Through Beijing, we can experience Chinese history itself, including its more famous residents—including Khubilai Khan, Mulan, and Marco Polo. Special emphasis is placed on Beijing’s precarious heritage in the twenty-first century, as modern construction wipes out much of the old city to make way for homes for twenty million people. This book also offers detailed information on sites of tourist interest, including the pros and cons of different sections of the Great Wall and the best ways to see the Forbidden City and the fast-disappearing relics of the city’s Manchu and Maoist eras. A chapter on food and drink examines not only local delicacies, but the many other Chinese dishes that form part of Beijing’s rich dining traditions. With its blend of rich history and expert tips, An Armchair Traveller’s History of Beijing is an essential introduction to one of the world’s most remarkable cities.

The Making and Selling of Post-Mao Beijing Anne-Marie Broudehoux, 2004-08-02 Describes the changing life of the city and its inhabitants during the final decades of the twentieth century and examines the complex forces at play in the search for modernity. The author presents us with four case studies of how the city is marketing and selling itself (including its refurbishment for the 2008 Olympic bid) and concludes that Beijing’s urban image construction may provide an avenue for opposition groups to challenge the hegemony of those in power.

Rehabilitating the Old City of Beijing Liangyong Wu, 1999 Seventy years of revolution and turmoil have had a severe impact on the miraculous ancient urban form of Beijing, but economic growth since the early 1990s has threatened to deal the coup de grace. In Rehabilitating the Old City of Beijing, Wu Liangyong presents an impassioned plea to turn the tide of demolition and offers a new direction for the planning and development of China’s capital. His project for the renewal of the Ju’er Hutong (Chrysanthemum Lane) neighbourhood in the heart of Beijing’s Old City takes pride of place in this book. A thoughtful analysis of those aspects of the ancient capital’s features, which the project aims to respect and conserve, is followed by a detailed account of the design and development process of the project itself.

Yeah, reviewing a book **Beijing** could ensue your close links listings. This is just one of the solutions for you to be successful. As understood,

achievement does not recommend that you have astounding points.

Comprehending as with ease as promise even more than additional will provide each success. neighboring to, the notice as well as keenness of this Beijing can be taken as competently as picked to act.
