Scramblegrams Jack Merrin,2020-06 What is the best puzzle you've ever solved? What's the most memorable thing about it? I finally did it! I created a new type of puzzle book that everyone loves to solve. A scramblegram is a puzzle where the letters of a quotation are rearranged in columns above rows where you enter the letters. The object is to crack the code. Solving scramblegrams always gives me a better feeling than when I solve repetitive sudoku or word searches, and they are even more exciting than crosswords. If you love cryptograms, you will love the fast-paced action of scramblegrams. If you want a challenging mental workout, enjoy insightful ideas, or want to discover unexpected solutions, you also need to experience the thrill of scramblegrams. In this book, you will find: Five hundred carefully selected scramblegram puzzles, one set of hints, full solutions, and some tips on how to solve them. I searched through thousands of quotations to create the best puzzles for you. This book is meticulously formatted and proofread - no spinning your wheels on typos, grammar mistakes, hint errors, or code repetitions. This book is not Large Print due to the nature of the puzzles. A variety of simple, medium, and hard difficulty puzzles, but no dull or impossible solutions. These puzzles are suitable for kids or adults. I don't use quotations with swear words or nasty phrases. Keep your brain young and fit. Puzzle-solving can slow or reduce cognitive

decline. Imagine puzzle solutions that reveal funny, insightful, and wise sayings, so that you can have a smile on your face each day. I realize that most people don't get just one puzzle book, but please be careful. There are many puzzle books using thousands of quotations, but I doubt they are all interesting. Other books may have frustrating typos, lousy formatting, or force you to solve obscenities. I wouldn't want any of that to happen to you. Now, I am blessed to provide you with a new type of puzzle book continuing from my best-selling Amazon cryptograms series with top reviews. To enjoy many hours of entertainment, please get your copy of *Scramblegrams: A New Kind Of Word Puzzle That Cryptograms Fans Will Love*, 500 Puzzles today!
