The Weight of Silence Catherine Therese,2011-01-23 The Weight of Silence is the gravity of all the unsaid's, the unseen's, and how they shape our lives. A father's drinking, a mother's shame, a daughter's longing to hold onto a trouser leg to hear someone speak of what happened. The Weight of Silence = 9bs 4 ozs. In her achingly funny, heartbreaking childhood memoir, Catherine Therese takes the reader inside her head, and upside down on a unique emotional rollercoaster from picking her belly button in her backyard in Black town, pulling her hair out standing on her head, to the stage; hiding inside her wardrobe interpreting silence, to the bedroom of a boy with a half a thumb and to the labour ward, in an unforgettable story of remembering, forgetting, pretending, of becoming who you are.

BFA/BA Graduating Seniors' Exhibition - the Great Escape California State University, Stanislaus. University Art Gallery,2009-05-01

The Impregnated Subconscious Leyton Franklin, B.F.A. Hons,2018-02-16 This is a book like no other. In it, the author has expressed his thoughts and inspirations intuitively, casting aside the repressive constrictions of convention and academic style. The creative process of the pregnant mind is a rich, wild journey which has now been compiled in a format that all readers can follow and enjoy. Among the many themes of this work, the idea of kindness and respect for others is a recurring point of reference. Our capitalist culture emphasizes self-interest, but as an immigrant, the author is rooted in traditional values of community, family, and caring. This book will remind you that in learning to care for others, we learn self-care and prepare ourselves spiritually for what lies beyond life on earth. Remember—the mind is a terrible thing to waste, so use it wisely.

I Close My Eyes in the Dark Denver E. Long BFA MA DPAKR,2022-02-02 I Close My Eyes in the Dark is a collection of eclectic short stories, memories, one poem and other life thoughts. They are all about looking for the positive in every life situation. When we look, humor often presents itself. Each short story is a life experience that in some situations are dire. But a change in attitude changes everything and permits one to see the 'up' side of life. Sometimes the insight and awakening will seem absurd, sometimes profound. I've heard it said that one's life is what one's thoughts make it. I agreed and therefore live with the vision and if there is so much negative in life and in our experiences, then there must be an equal amount of positive. One cannot exist without the other. It is the heart that matters.
