A Boob's Life Leslie Lehr,2021-03-02 A Boob's Life explores the surprising truth about women's most popular body part with vulnerable, witty frankness and true nuggets of American culture that will resonate with everyone who has breasts—or loves them. Author Leslie Lehr wants to talk about boobs. She's gone from size AA to DDD and everything between, from puberty to motherhood, enhancement to cancer, and beyond. And she's not alone—these are classic life stages for women today. At turns funny and heartbreaking, A Boob's Life explores both the joys and hazards inherent to living in a woman's body. Lehr

deftly blends her personal narrative with national history, starting in the 1960s with the women's liberation movement and moving to the current feminist dialogue and what it means to be a woman. Her insightful and clever writing analyzes how America's obsession with the female form has affected her own life's journey and the psyche of all women today. From her prize-winning fiction to her viral New York Times Modern Love essay, exploring the challenges facing contemporary women has been Lehr's life-long passion. A Boob's Life, her first project since breast cancer treatment, continues this mission, taking readers on a wildly informative, deeply personal, and utterly relatable journey. No matter your gender, you'll never view this sexy and sacred body part the same way again.

Men Are Stupid . . . And They Like Big Boobs Joan Rivers, Valerie Frankel, 2008-12-30 Red-carpet fashion laureate, comic icon, and outspoken superstar Joan Rivers is uniquely qualified to talk about plastic surgery -- because she's one of the few celebrities unafraid to admit to the world what she's had done to keep looking so great. Now, in this no-holds-barred book, she gives women straight-talking advice on better living through looking better. Joan Rivers' abiding life philosophy is simple: in the appearance-centric society of the twenty-first century, beauty is key -- especially where men are concerned. Men like pretty women. And so, getting something lifted, tightened, adjusted, or removed is as fundamental as wearing makeup or using hair conditioner; it's become something we do to make ourselves look better. Now, for any woman considering her options, Joan Rivers takes the mystery out of cosmetic surgery with a practical overview, aided and informed by the country's top plastic surgeons, of almost every single cosmetic procedure legally performed in America today. She takes readers step-by-step through these entire processes, from finding the right doctor to the bruising truth about recovery and the facts about cosmetic surgery's very real risks. But don't worry -- there's dish, too. Filled with Rivers' personal anecdotes about life under the knife, *Men Are Stupid...And They Like Big Boobs* is also rife with Hollywood gossip about who's done what and how often. Part comic musing, part bitch-fest, and part hands-on advice, this is

a bracingly funny, wildly frank, and genuinely passionate argument for a woman's right to do whatever it takes to be beautiful, to feel better about herself, and most of all to be happy -- not only with who she is, but who she wants to be. Throughout the book, Joan Rivers is right there, guiding and encouraging with no apologies, no excuses, and absolutely no shame. Take it from the woman who enjoys having it all -- done.

Boobs Thomas P. Hanna, 2011-06-01 They wanted them; they got them; they used them; they are them! Airhead college guys Carlton Achey, Ned Brakey, and Larry Hart live together in Brest House, a private off-campus residence at Logelife College. Their guiding principle is to always take advantage of whatever opportunities come their way. As a prank they rig a bucket of water with skunk oil in it over the front door to dump on whoever enters - then stupidly douse themselves. To take advantage of their smelly clothes they go to disrupt a sorority party. They get there but didn't think to bring other clothes so when guard dogs block their exit the police must rescue the naked, smelly trio. Then, with no other tomato products available, they use pizzas to deskunk themselves. Brakey's mom reports that his inventor uncle Herb, who might be wealthy, hasn't been heard from and she's worried about missing out if his estate is worth as much as he hinted. The guys will go and check up. At the uncle's cluttered workshop the most obvious items are several dozen

four-foot cubes. Brakey remembers that his uncle made most of his inventions as transformer boxes that open out to do their job but can be closed up into anonymous cubes and only be reopened by pressing on the right spots. Not obvious but important are two foreigners sneaking around searching for the Nipples of the Universe. The trio take turns standing against the body outline painted on one opened cube to be zapped by a ray gun device - with no thought about consequences. Each dozes off and wakes to find he has grown breasts. They discuss the pros and cons of the situation. Hart secretly zaps his crotch with the ray gun hoping to get bigger there too. They meet Leonora Kabitz, the uncle's assistant, who isn't glad to see them. While friend Peggy Drebfel tries to figure out how to reverse the effect, the guys decide to use the breasts in pranks. They will enter the rival Higher Hill College Campus Queen contest, flaunt their big boobs and win, then drop their pants. And they'll disrupt a women-only awards ceremony at snotty Snutty College. Wearing costumes that fit and will win the Campus Queen contest borrowed from the show girls' dressing room at a topless club all three make the cut in the fancy or fanciful clothes round of the contest. In the second or entertainment round they go on in sweaters without bras to sing, lip-sync, and make jokes. While the judges are conferring they leave for the Snutty campus without knowing who won, expecting to be back for the awards. At the Snutty campus the invitations they steal to get in are reported missing and the atmosphere gets threatening. When close scrutiny of the guests begins the

trio leave quickly. Outside Achey and Brakey find Hart on the ground, apparently dead. They panic - the boobs must cause an early death. They have to reverse the action fast! They call 911 for Hart but don't stay there to explain. At the lab Achey and Brakey emphasize to Drebful the urgency of finding a cure. They realize that the ray-gun machine is missing. Who took it? It was Kabitz, who intends to sell the uncle's inventions off as her own, so she gives the guys and Drebful a major run-around but Drebful is her match. Achey and Brakey make a deal with Kabitz to split any profits from the device in return for her help. She leads them to uncle Herb - out of action due to a bizarre accident. After a Keystone Kops-type sequence when all the interested parties are trying to identify the breast-making machine, the guys find it and resolve things with Kabitz and the foreigners. The next morning they find that the breasts go away overnight; Hart is alive, his collapse due to a treatable health problem; they won the Campus Queen contest and caused even more confusion by not claiming the crown; they ruined the Snutty College award ceremony. But photos were taken so people from both colleges are looking to take revenge on them. So they amply demonstrated again that they truly are boobs.
