**Buddies** Ethan Mordden,2015-06-02 What unites us, all of us, surely is brotherhood, a sense that our friendships are historic, designed to hold Stonewall together, muses on character in Ethan Mordden's *Buddies*. This need for friendship, for nonerotic affection, for buddies, shines forth as an American obsession from

Moby-Dick through Of Mice and Men to The Sting. And American gay life has built upon and cherished these relationships, even as it has dared-perhaps its most startling iconoclasm-to break new ground by combining romance and friendship: one's lover is one's buddy. This book is about those relationships-mostly gay but some straight and even a few between gays and straights. Here also are fathers and brothers and stories of men in their youth, when rivalry often develops more naturally than alliance. In Buddies Mordden continues to map the unstoried wilderness of gay life today.

Driving Buddies ,2006-04 On the way to the big race, a racecar named Lightning McQueen gets lost, but he manages to make new friends and learn what is truly important in life.

**Two Bunny Buddies** Kathryn Osebold Galbraith,2014 On their way to have lunch together, two friends have an argument but when they go their separate ways, each misses his buddy.

Book Buddies Francine R. Johnston,Marcia Invernizzi,Connie Juel,1998-04-10 Volunteer tutors can make a tremendous difference in the reading skills and the lives of young children. This comprehensive tutorial manual has been developed from the Book Buddies program of Charlottesville, Virginia, the first large-scale model to mobilize hundreds of community volunteers in an alternative one-on-one intervention for children at risk for reading failure. A complete how-to resource for both trainers and tutors in one accessible volume, the book provides guidelines for setting up a successful tutorial program in the early grades and presents a field-tested lesson format for individualized instruction in reading, writing, and phonics. The authors clearly describe how to conduct a wealth of enjoyable reading activities and exercises with students, illustrating each chapter with real-life examples and lively line drawings. Appendices feature reproducible assessment and lesson planning forms, alphabet cards and charts, recommendations and sources for children's books and other materials, and a helpful glossary.

**How's Your Romance?** Ethan Mordden, 2013-10-08 Mordden explores a tricky moral universe in which emotional loyalty is exalted but sexual fidelity is not assumed... There is a sense of real pain amid the zingers; Mordden's characters run their mouths to avoid baring their souls. -- New York Times Book Review on *Some Men Are Lookers* After a hiatus of eight years, Ethan Mordden returns to the fictional universe for which he is most beloved in this latest, possibly last, volume in his much lauded *Buddies* cycle. Following the exploits of his best-loved characters -- Dennis Savage, J. (who was once Little Kiwi), Carlo, the slowly maturing 'elf-child' Cosgrove, and narrator Bud -- as he lays bare the changed emotional landscape of the city within a city that is Gay Manhattan. Blending the comic, the sexy, the tragic, and the at once idealistic and realistic, these stories are Ethan Mordden at his very best.

Your Pal Forever Guy A. Jones, 2011-03-09 This is a lifetime adventure story of two Texas buddies who developed and grew a friendship over the course of more than 55 plus years.
