

Budgerigar

Karl Russ

Budgerigar As Pet Albert Melan,2022-10-12 The budgerigar, often known as the parakeet, is one of the tiniest kinds of parrot that is widely kept as a pet. They are also one of the most popular birds kept as pets all over the globe, and one of the reasons for this is that they are quite inexpensive. These little parrots are very sociable and straightforward to domesticate. The beginning and the history The budgie and many other species of parakeets originated in Australia, where they may still be seen roaming the plains in large groups. These wild species, on the other hand, come in at a somewhat reduced size in comparison to the birds that are often available for purchase at pet shops. These birds have been bred in captivity for many years. Around the year 1840, the English scientist John Gould brought the budgie to Europe. Once there, the budgie immediately became a popular choice for keeping as a pet. By 1894, Australia had instituted a restriction on the export of budgies, which led to a flourishing breeding industry in Europe. The bird finally arrived in the United States around the year 1920, but it didn't start gaining widespread popularity until the 1950s. The American budgie, sometimes known as the parakeet, and the English budgie are the two varieties of budgies that are most commonly seen in the pet trade. The American variety is the one that can be found in pet shops the most often, whilst the bigger English budgie is the one that is most frequently seen at expositions and exhibits.

Budgerigar Sarah Harris,Don Baker,2020-03-31

Budgies, budgies, budgies. Beautiful and cheeky, delightful and enchanting, wild or tamed budgerigars are Australia's gift to the bird world. They sing and dance, and yawn as contagiously as humans. They are masters of mimicry. They grasp simple grammar, can count to six and have memories that belie their size. They've been coveted by royals and been companions to the great and famous as well as grannies in suburban kitchens around the world. They've been painted by masters, rendered in the finest porcelain and graced fashionable hats and earrings of the highest order. Their image has been used to sell whisky, stamps and laundry detergent and everything in between. Surprising, charming and occasionally alarming, Budgerigar is the book that at last opens the cage door on the incredible story of the little bird that grew.

Encyclopedia of Budgerigars Georg A. Radtke, 1981
Provides information on caring for and breeding budgerigars as pets and exhibition birds.

Budgerigar Facts For Kids Anastacia Krusor, 2021-08-07
The little budgie bird is one of the most popular pets in the world, ranking just behind dogs and cats, and it's no wonder. This affectionate, cute bird is small and inexpensive, and if trained properly a budgie can mimic human speech. The origin of its formal name—budgerigar—is a mystery, but by any name, this little bird is a charming companion for most pet owners. In this book, you will discover a collection of fun facts about this budgerigar. You will know the details and habits of a Budgerigar as common as it is surprising, through a simple

path, which fuels your child's interest and curiosity. You will have to be able to answer the questions that your child will ask you by showing off their deep knowledge in the microworld of the Parakeet. And so much more! Scroll up and click the Buy now with 1-Click button to get your copy now!

The Budgerigar - Its Natural History, Breeding and Management Karl Russ, 2011-06-14 This antiquarian book contains a complete guide to the budgerigar, with information on its natural history, breeding, general management, and more. A timeless guide containing everything an existing or prospective budgerigar keeper might need to know, this volume is a must-have for those with a practical interest in the subject, and it would make for a great addition to collections of related literature. The chapters of this book include: "Description Parrots – Psittacidae", "Capture and Importation", "Breeding Developments", "Buying", "Cages and Their Construction", "Birdrooms and Aviaries", "Foods and Feeding", "Keeping the Birds Healthy", "As a Talker and Pet", "Breeding", "Breeding Difficulties", etcetera. This vintage text is being republished now in an affordable, modern, high quality edition - complete with a specially commissioned new introduction on aviculture.

Budgerigars Or Parakeet as Pets Lolly Brown, 2016-09-24 Budgerigars or Parakeets have been around long before humans! These birds ancestors' stretched back for millennia and had been kept as pets since the 1800's! Budgerigar parrots were admired by bird enthusiasts because

of their outgoing personalities and vibrant appearance. Many pet owners believe that with budgies there's a lot more than meets the eye! They're great longtime companions, and for that you need some guidance on how to take care of them, raise them and possibly learn how to be like them as well as teach them to be like you! Fortunately, this ultimate guide will teach you on how to be the best Budgerigar owner you can be! Inside this book, you will find tons of helpful information about Budgerigar - their different species, how they live, how to deal with them and realize the great benefits of owning one! Parakeet or Budgerigar Facts & Information, where to buy, health, diet, lifespan, types, breeding, fun facts and more!

This handbook is concise yet detailed, making it a great quick reference guide for those with queries. The chapters contained herein include: 'Description of the Wild Budgerigar', 'Housing', 'Feeding', 'Breeding', 'The Moults', 'Colour Varieties', 'Colour Production', 'Diseases', 'Exhibition', 'Education of the Budgerigar', 'Bird Pests', and 'The Standard Budgerigar Show Cage - Photography

and Description'. This text has been chosen for modern republication because of its educational value, and is proudly republished here complete with a new introduction on aviculture.

Budgie Care Pet Care Professionals, 2016-08-10
Budgie Care: The Complete Guide to Caring for and Keeping Budgies as Pets Here at Pet Care Professionals we are passionate about pet care. As a brand we have a strong idea of what makes up a good pet care book. We consult with multiple experts in each animals field to allow us to create a book filled with cumulative opinions and best practices. The experts we consult range from veterinarians to every day pet keepers who have had years of experience caring for the specific animal each book is on. Our aim, and mission, is to produce the best possible pet care books that are a great value for money. The budgerigar (scientifically known as the 'Melopaitacus undulatus') is a species of parrot that is characterised by its small body, long tail and seed based diet. Budgerigars are also commonly known as budgies, parakeets and shell parakeets. The species originates throughout the drier regions of Australia but has become a very popular house hold pet in recent years. The budgerigar has survived the harsh, dry and hot conditions of Australia for the last 5 million years! In the wild the budgies colouring is primarily green and yellow with black scalloped markings on their nape, wings and back. However due to their popularity as pets the budgie has been selectively bred to have colourings of whites, blues, greys and oranges. Budgies are popular pets due to their

interesting colour morphs, their ability to mimic human voices, their wide availability, their small size and their relatively low price. This text has been elected for modern republication due to its timeless educational value, and we are proud to republish it here complete with a new introduction on aviculture.

Flight of the Budgerigar Penny Olsen, 2021-10 The Budgerigar is arguably Australia's best-known bird. At the same time, it is so ubiquitous that not everyone knows that it is Australian. Nor do many realise that the multicoloured bird that comes to mind--not to mention today's super-sized, extravagantly coiffed show budgie--is as different from the free-living original as a chihuahua from a wolf. Far from the cosy domestic lives our pet budgies live today, the native budgerigar has lived millennia of boom-bust cycles in the arid inland of Australia. Life was often short; if they were not fodder for predators, they starved or had to struggle their way to districts closer to the coast. For the Warlpiri and their Arrernte neighbours around Alice Springs, the Budgerigar (in its ancestral form) was a totem animal, featuring in art, ceremonies, songlines and legends. Since 1840, when ornithologist John Gould took living specimens to London, this little parrot has been on a remarkable journey. The Budgerigar was Australia's first mass export; its story includes British queens and nobles, Japanese princes and Hollywood stars. It has won the hearts of British spies and world leaders, including

Churchill, Stalin and Kennedy. Taking the reader from the Dreamtime to the colonial live bird trade, the competitive culture of the showroom and today's thriving wild flocks, *Flight of the Budgerigar* is the authoritative history of the Budgerigar, written by respected ornithologist Dr Penny Olsen, and lavishly illustrated in full colour.

Budgerigars Immanuel Birmelin, Hildegard Niemann, 2008 With a special chapter: Budgerigars in distress--Cover.

How to Raise Budgerigars - A Newbie's Guide to Raising Lovebirds - Australian Parakeets - for Profit and Pleasure Dueep Jyot Singh, John Davidson, 2017-01-15 Table of Contents Introduction Your Budgie as a Pet Getting to Know More about Your Lovebird Breeding Season Male or female budgie? Different Colors of Budgies Choosing the Perfect Budgie Specimen Housing for Your Birdies Advantages of Making Your Own Cages Tier boxes Drinking water fount Diet for your birds Management of Your Birds Baby Chicks Marketing your birds Diseases and Treatment Conclusion Author Bio Publisher Introduction Budgerigars, also known as the Australian parakeets, budgies, or lovebirds have begun to grow more popular as the best choice for a caged bird pet for children and also a bird for breeding and profit. This book is now going to tell you all about how you can raise budgerigars, whether it is to bring cheer into your house, or just for breeding purposes. Every year, more and more people are looking for the best pet choice for a pet perhaps to keep a little child amused and happy, and also to breed

this undoubtedly very sweet and fascinating little bird. Budgerigar societies are coming up all over the World, where the care, the breeding, and tips and techniques on how you can keep your little lovebirds happy and healthy are shared openly to other budgerigar breeders all over the World. So before I tell you more about how you can indulge in either what is going to be a very amusing hobby, or perhaps give you a lifetime source of profit. The only problem is that once you keep them as pets, you may just not want to sell them!
