**Tooth and Claw** Jo Walton,2004-12-12 Fantasy-roman.

*Bedlam* Christopher Brookmyre,2014 Heaven is a prison. Hell is a playground. Would it be your ultimate fantasy to enter the world of a video game? A realm where you don't have to go to work or worry about your health; where you can look like a hero or a goddess; where you can fly space-ships, slay dragons, yet all of it feels completely real. A realm where there are no consequences and no responsibilities. Or would it be your worst nightmare? Stuck in an endless state of war and chaos where the pain and fear feels real and from which not even death can offer an escape. Prison or playground. Heaven or hell. This is where you find out. This is white-knuckle action, sprawling adventure, merciless satire and outrageous humour like you've never experienced. This is 'Bedlam'.

**Ultralearning** Scott Young,2019-08-06 Now a Wall Street Journal bestseller. Learn a new talent, stay relevant, reinvent yourself, and adapt to whatever the workplace throws your way. Ultralearning offers nine principles to master hard skills quickly. This is the essential guide to future-proof your career and maximize your competitive advantage through self-education. In these tumultuous times of economic and technological change, staying ahead depends on continual self-education—a lifelong mastery of fresh ideas, subjects, and skills. If you want to accomplish more and stand apart from everyone else, you need to become an ultralearner. The challenge of learning new skills is that you think you already know how best to learn, as you did as a student, so you rerun old routines and old ways of solving problems. To counter that, Ultralearning offers powerful strategies to break you out of those mental ruts and introduces new training methods to help you push through to higher levels of retention. Scott H. Young incorporates the latest research about the most effective learning methods and the stories of other ultralearners like himself—among them Benjamin Franklin, chess grandmaster Judit Polgár, and Nobel laureate physicist Richard Feynman, as well as a host of others, such as little-known modern polymath Nigel Richards, who won the French World Scrabble Championship—without knowing French. Young documents the methods he and others have used to acquire knowledge and shows that, far from being an obscure skill limited to aggressive autodidacts, ultralearning is a powerful tool anyone can use to improve their career, studies, and life. Ultralearning explores this fascinating subculture, shares a proven framework for a successful ultralearning project, and offers insights into how you can organize and execute a plan to learn anything deeply and quickly, without teachers or budget-busting tuition costs. Whether the goal is to be fluent in a language (or ten languages), earn the equivalent of a college degree in a fraction of the time, or master multiple tools to build a product or business from the ground up, the principles in Ultralearning will guide you to success.

*Blood Crazy* Simon Clark,2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price – troubled seventeen year olds – spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane – literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? *Blood Crazy*, first published in 1995, is a gripping, apocalyptic horror from Simon Clark.

**Arresting Communication** Jim Glennon,2013-01-01 Arresting Communication: The Academy Edition was written by Lt. Jim Glennon a 30 year law enforcement veteran who also taught at a Police Academy for 12 years. The book can be used by academies as a blueprint for training as well as by recruit officers looking for the tools necessary to communicate effectively during any type of interaction. It includes subjects such as: body language, proxemics, detecting deception, how to get confessions, developing rapport, avoiding citizen complaints, and understanding the fundamental needs of the Human Animal. In addition, the book advises those entering the profession on how to make it through the Academy as well as the subsequent Probation Period that follows graduation and employment.

**Calibre** Ken Bruen,2007-04-01 Somewhere in the teeming heart of London is a man on a lethal mission. His cause: a long-overdue lesson on the importance of manners. When a man gives a public tongue-lashing to a misbehaving child, or a parking lot attendant is rude to a series of customers, the Manners Killer makes sure that the next thing either sees is the beginning of his own grisly end. When he starts mailing letters to the Southeast London police squad, he'll soon find out just how bad a man's manners can get. The Southeast is dominated by the perpetual sneer of one Inspector Brant, and while he might or might not agree with the killer's cause and can even forgive his tactics to some degree, Brant is just ornery enough to employ his trademark brand of amoral, borderline-criminal policing to the hunt for the Manners Killer. For if there's one thing that drives the incomparable inspector, it's the unshakeable conviction that if anyone is going to be getting away with murder on his patch, it'll be Brant himself, thank you very much. Ken Bruen's Calibre is original and astonishing hard-boiled noir.

*Dangerous Highlander* Donna Grant,2010-04-01 Dangerous Highlander is the first novel of Dark Sword—a breathtaking historical and paranormal romance series from Donna Grant. The bold and passionate Lucan MacLeod—one of three brothers cursed by dark magic for eternity—is driven by desire for the one woman he dare not let himself possess... He is magnificently strong—and dangerously seductive. One of the fiercest of his clan, Lucan MacLeod is a legend among warriors, inspiring fear in man and woman alike. For three hundred years, he has locked himself away from the world, hiding the vengeful god imprisoned in his soul. But then, a young lass caught in a raging storm awakens his deepest impulses...and darkest desires. Cara doesn't believe the rumors about the MacLeod castle—until the majestic Highland warrior appears like a fiery vision in the storm, pulling her into his powerful arms, and into his world of magic and Druids. An epic war between good and evil is brewing. And Lucan must battle his all-consuming attraction for Cara—or surrender to the flames of a reckless, impossible love that threatens to destroy them both...

*The Calibre of Justice* Phil Copsey,2021-08-01 Newly promoted to the rank of Senior Sergeant at his beloved Carlton Police Station and out of the firing line of day-to-day street policing, Tony Signorotto is hoping that the old street wars that raged between him and his mafia relatives are battles of the past. Now married to his long-time girlfriend, Tony is looking to extend his career and look after his charter of the safety of the suburb of Carlton in Melbourne's north. Life should be less complicated now. He has made the sacrifice of life on the edge for nine-to-five and the paperwork routine surrounding his mahogany foxhole - until the rumours of a possible firearms raid on the Victoria Police Department. Enough handguns, if stolen, to flood the streets of Carlton and every major city in Australia. Fast-paced, and brilliantly plotted, Calibre of Justice is also frighteningly real!

*Street Survival II* Lt. James Glennon,Lt. Daniel Marcou,Chuck Remsberg,2018-09-18 The book that could save a police officer's life, career and the life of the citizens officers encounter on the job. The "Bible of Law Enforcement Training" is what the 1980 first edition of Street Survival was considered throughout the profession. Street Survival II: Tactics for Deadly Force Encounters, written by Lt. Jim Glennon, Lt. Dan Marcou with the original author Chuck Remsberg, has a new, sleek, modern look. While paying homage to the original, the update includes more than 200 colored photos and diagrams and delves into the profession's many changes over the past three decades. It includes tactics, effective street communication, detecting preattack indicators, public expectations, the issue of Guardian and Warrior roles, and especially preparing for the realities of force events.

**Man of Calibre** Baka Bina,2015-01-16 Set in a typical village in the highlands of Papua New Guinea, the story is about a rural village dispute settlement process. This is a very informal process that takes place in the village. It is usually chaired by village elders and this moot court mostly sits on the weekends. If the parties elect to do so, they can decide the matter go before the formal Village Courts, that is manned by elected officials. The leader's court can also refer the aggrieved matter to the proper village courts. The village has woken up to a new day when the night before, two fiesty men exchanged harsh words and punches after a drinking binge. A lot of stomach cringing words were exchanged during the night which included a wide range of swear words, both local and imported. New English words too are introduced that bring new concepts and understandings that plays havoc on the lives of these simple villagers. During the ruckus, an innocent man's name and reputation are brought into disrepute. A village gathering will happen and a court made up of elders in the village will sit as a village leader's court today. Of course the innocent man will want his name and reputation fixed. However, before the village moot can start, people from the neighboring village led by women from the village who had married into the neighbouring village, think the fight in the night is wrong and build a traditional 'make a fire' in the village square. The two drunks have to 'kill off' this fire. The act of 'making the fire' is usually done by the sisters of a man who was wronged. The sisters would be accompanied by their male companions including husbands and male children. In 'killing off the fire', the perpetrator will repair the reputation of the innocent man. In this case, the two men don't have any 'kago' or resource to 'kill off the fire' and it is the women of the village who come to rescue to pool together their reserve and hidden money to 'kill off the fire'. Their neighboring villagers satisfied that they have been adequately compensated leave with high praises for the village women folk. Later the village elders and leaders continue with the moot court. One of the drunk called himself a 'man of calibre'. The villagers now wait to see if he can live up to the hype of being the 'Man of Calibre' and pay the appropriate fines imposed by the village elders in the moot court. In yet another surprise ending, a 'het pei' ceremony is done by the wife as her own reparation for husband's part in tarnishing the name and repute of the innocent man - a relative who is many times removed.

**On Bullshit** Harry G. Frankfurt,2009-01-10 The #1 New York Times bestseller that explains why bullshit is far more dangerous than lying One of the most salient features of our culture is that there is so much bullshit. Everyone knows this. Each of us contributes his share. But we tend to take the situation for granted. Most people are rather confident of their ability to recognize bullshit and to avoid being taken in by it. So the phenomenon has not aroused much deliberate concern. We have no clear understanding of what bullshit is, why there is so much of it, or what functions it serves. And we lack a conscientiously developed appreciation of what it means to us. In other words, as Harry Frankfurt writes, we have no theory. Frankfurt, one of the world's most influential moral philosophers, attempts to build such a theory here. With his characteristic combination of philosophical acuity, psychological insight, and wry humor, Frankfurt proceeds by exploring how bullshit and the related concept of humbug are distinct from lying. He argues that bullshitters misrepresent themselves to their audience not as liars do, that is, by deliberately making false claims about what is true. In fact, bullshit need not be untrue at all. Rather, bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true. They quietly change the rules governing their end of the conversation so that claims about truth and falsity are irrelevant. Frankfurt concludes that although bullshit can take many innocent forms, excessive indulgence in it can eventually undermine the practitioner's capacity to tell the truth in a way that lying does not. Liars at least acknowledge that it matters what is true. By virtue of this, Frankfurt writes, bullshit is a greater enemy of the truth than lies are.

*Medieval Ethiopian Kingship, Craft, and Diplomacy with Latin Europe* Verena Krebs,2021-03-17 This book explores why Ethiopian kings pursued long-distance diplomatic contacts with Latin Europe in the late Middle Ages. It traces the history of more than a dozen embassies dispatched to the Latin West by the kings of Solomonic Ethiopia, a powerful Christian kingdom in the medieval Horn of Africa. Drawing on sources from Europe, Ethiopia, and Egypt, it examines the Ethiopian kings' motivations for sending out their missions in the fifteenth and early sixteenth centuries – and argues that a desire to acquire religious treasures and foreign artisans drove this early intercontinental diplomacy. Moreover, the Ethiopian initiation of contacts with the distant Christian sphere of Latin Europe appears to have been intimately connected to a local political agenda of building monumental ecclesiastical architecture in the North-East African highlands, and asserted the Ethiopian rulers' claim of universal kingship and rightful descent from the biblical king Solomon. Shedding new light on the self-identity of a late medieval African dynasty at the height of its power, this book challenges conventional narratives of African-European encounters on the eve of the so-called 'Age of Exploration'.

**Street Survival** Charles Remsberg,1987-01-01 This book deals with positive tactics officers can employ on the street to effectively use their own firearms to defeat those of assailants. It is devoted exclusively to understanding and mastering techniques that work for survival in real life situations. Unfortunately, most of the current literature on so-called 'combat shooting' explores what works against paper targets. Few street-wise experts or truly contemporary articles have emerged on street survival, although deadly assaults on the police continue to occur year after year. This book can help make you survival sensitive. The techniques it emphasizes are designed to affect the way you prepare, plan and react, to keep you alive in real situations. They are not hypotheses, but proven procedures, based on the insights of officers who have experienced gun battles and survived and on the lessons left behind by those who have died.

**Fate of Worlds** Larry Niven,Edward M. Lerner,2013-07-02 For decades, the spacefaring species of Known Space have battled over the largest artifactNand grandest prizeNin the galaxy: the all-but-limitless resources and technology of the Ringworld. Without warning the Ringworld has vanished, leaving behind three rival war fleets.

**Mac 911** Christopher Breen,2002 This easy-to-use guide covers troubleshooting tips and tricks for Mac hardware and software, written by the well-known Macworld columnist and Macintosh guru Chris Breen. The book contains troubleshooting tips and techniques for both Mac OS 9 and OS X, and additional projects for making a Macintosh more productive-sharing files, making Mac OS X work more like Mac OS 9, and more.

**I Know Best** Roger L. Simon,2016-06-14 In 1979, Christopher Lasch published the epochal The Culture of Narcissism warning of the normalizing of narcissism in our society. Lasch may have understated it. 35 years later, in the Obama era—with its parade of endless, often inexplicable, scandals—we have a full blown epidemic of what has recently been called Moral Narcissism. Forget Narcissus and his reflection, Moral Narcissism—the almost schizophrenic divide between intentions and results now pervading our culture—is the new method for feeling good about yourself. It no longer matters how anything turns out as long as your intentions were good, that you were “moral.” And, just as importantly, the only determinant of those intentions, the only one who defines that morality, is you. I Know Best goes beyond Lasch to lay bare how this moral narcissism is behind all those scandals from Obamacare to the Veteran's Administration to the IRS, Benghazi, Bergdahl, Syria and beyond. Everything the Obama administration did and does was about making them feel good about themselves—the results be damned. And they have as their allies those supreme moral narcissists in the academy, media and Hollywood, ever willing to ratify those good intentions and ignore those same results. But I Know Best is not just about the Left. Moral Narcissism affects the right as well, even when they don’t realize it. It is a true epidemic that must be cured in order to save our democratic republic and our futures.
