The Calling Julia Mossbridge, 2019-04-01 *The Calling* offers a groundbreaking twelve-week program to help you discover more fulfilling work, more authentic relationships, and a deeper sense of connection. It's no secret that many working professionals are dissatisfied with their occupations—it's been estimated that more than 75 percent of employees in the US are disengaged or otherwise unhappy in their jobs. This dissatisfaction is often seen as a structural problem—one that can be solved by shuffling people in and out of positions until they find the right fit. Cognitive neuroscientist, researcher, and spiritual seeker Julia Mossbridge has a different take. According to Mossbridge, this lack of engagement and satisfaction in the workforce is a spiritual problem: we find ourselves in stressful or unfulfilling jobs because we don't know ourselves well enough to choose wisely, in alignment with our most heartfelt desires. It's this problem—one of self-knowledge, values, and spiritual attunement—that this book seeks to solve. *The Calling* offers a twelve-week program for discovering your "soul's work." An intriguing combination of hard-nosed science and wide-open spirituality, this one-of-a-kind guide will show you how to use the scientific method of observation and experimentation on yourself, in order to determine the nature and scope of your true calling, and then put it into action. You'll also create your own "lab notebook" of personalized information to help you discover, energize, and engage your soul's work. With the insights and strategies in this practical yet spiritual step-by-step book, you'll not only find more satisfying work; you'll also discover greater fulfillment in all areas of your life, including more authentic relationships and a deeper sense of connection with the universe.

Dangerous Calling Paul David Tripp, 2012-10-09 After traveling the globe and speaking to thousands of churches worldwide, Paul David Tripp has discovered a serious problem within pastoral culture. He is not only concerned about the spiritual life of the pastor, but also with the very community of people that trains him, calls him, relates to him, and restores him if necessary. *Dangerous Calling* reveals the truth that the culture surrounding our pastors is spiritually unhealthy—an environment that actively undermines the wellbeing and efficacy of our church leaders and thus the entire church body. Here is a book that both diagnoses and offers cures for issues that impact every member and church leader, and gives solid strategies for fighting the all-important war that rages in our churches today.

Creative Calling Chase Jarvis, 2019-09-24 Life isn't about "finding" fulfillment and success – it's about creating it. Why then has creativity been given a back seat in our culture? No longer. ** A Wall Street Journal, Los Angeles Times and Publishers Weekly Bestseller ** Creativity is a force

inside every person that, when unleashed, transforms our lives and delivers vitality to everything we do. Establishing a creative practice is therefore our most valuable and urgent task – as important to our well-being as exercise or nutrition. The good news? Renowned artist, author, and CreativeLive founder, Chase Jarvis, reminds us that creativity isn't a skill—it's a habit available to everyone: beginners and lifelong creators, entrepreneurs to executives, astronauts to zookeepers, and everyone in between. Through small, daily actions we can supercharge our innate creativity and rediscover our personal power in life. Whether your ambition is a creative career, completing a creative project, or simply cultivating a creative mindset, Creative Calling will unlock your potential via Jarvis's memorable "IDEA" system: · Imagine your big dream, whatever you want to create—or become—in this world. · Design a daily practice that supports that dream—and a life of expression and transformation. · Execute on your ambitious plans and make your vision real. · Amplify your impact through a supportive community you'll learn to grow and nurture.

Calling in "The One" Katherine Woodward Thomas, 2007-12-18 Are you frustrated by stymied relationships, missed connections, and the loneliness of the search for someone to spend the rest of your life with? Are you ready, instead, to find "The One"? In Calling in "The One," Katherine Woodward Thomas shares her own personal experience to show women that in order to find the relationship that will last a lifetime, you have to be truly open and ready to create a loving, committed, romantic union. Calling in "The One" shows you how. Based on the Law of Attraction, which is the concept that we can only attract what we're ready to receive, the provocative yet simple seven-week program in Calling in "The One" prepares you to bring forth the love you seek. For each of the 49 days of Thomas's thoughtful and life-affirming plan, there is a daily lesson, a corresponding practice, and instruction for putting that lesson into action in your life. Meditation, visualization, and journaling exercises will gently lead you to recognize the obstacles on your path to love and provide ways to steer around them. At the end of those 49 days, you will be in the ideal emotional state to go out into the world and find "The One." An inspirational approach that offers a radical new philosophy on relationships, Calling in "The One" is your guide to finding the love you seek.

The Calling Kelley Armstrong, 2012-04-10 On the heels of the wildly popular The Gathering comes the second in the Darkness Rising YA trilogy from NYT bestselling author Kelley Armstrong. Maya Delaney's paw-print birthmark is the mark of what she truly is—a skin-walker. She can run faster, climb higher, and see better than nearly everyone else. Experiencing intense connections with the animals that roam the woods outside her home, Maya knows it's only a matter of time before she's able to Shift and become one of them. And she believes there may be others in her small town with surprising talents. Berlin Calling Paul Hokenos, 2017-05-23 An exhilarating journey through the subcultures, occupied squats, and late-night scenes in the anarchic first few years of Berlin after the fall of the wall Berlin Calling is a gripping account of the 1989 peaceful revolution in East Germany that upended communism and the tumultuous years of artistic ferment, political improvisation, and pirate utopias that followed. It's the story of a newly undivided Berlin when protest and punk rock, bohemia and direct democracy, techno and free theater were the order of the day. In a story stocked with fascinating characters from Berlin's highly politicized undergrounds—including playwright Heiner Müller, cult figure Blixa Bargeld of the industrial band Einstürzende Neubauten, the internationally known French

Wall artist Thierry Noir, the American multimedia artist Danielle de Picciotto (founder of Love Parade), and David Bowie during his Ziggy Stardust incarnation—Hockenos argues that the DIY energy and raw urban vibe of the early 1990s shaped the new Berlin and still pulses through the city today. Just as Mike Davis captured Los Angeles in his *City of Quartz*, *Berlin Calling* is a unique account of how Berlin became hip, and of why it continues to attract creative types from the world over.

America Calling Claude S. Fischer, 2023-11-10 The telephone looms large in our lives, as ever present in modern societies as cars and television. Claude Fischer presents the first social history of this vital but little-studied technology—how we encountered, tested, and ultimately embraced it with enthusiasm. Using telephone ads, oral histories, telephone industry correspondence, and statistical data, Fischer's work is a colorful exploration of how, when, and why Americans started communicating in this radically new manner. Studying three California communities, Fischer uncovers how the telephone became integrated into the private worlds and community activities of average Americans in the first decades of this century. Women were especially avid in their use, a phenomenon which the industry first vigorously discouraged and then later wholeheartedly promoted. Again and again Fischer finds that the telephone supported a wide-ranging network of social relations and played a crucial role in community life, especially for women, from organizing children's relationships and church activities to alleviating the loneliness and boredom of rural life. Deftly written and meticulously researched, *America Calling* adds an important new chapter to the social history of our nation and illuminates a fundamental aspect of cultural modernism that is integral to contemporary life.

Business as a Calling Michael and Jana Novak, 2013-04-06 Why do we work so hard at our jobs, day after day? Why is a job well done important to us? We know there is more to a career than money and prestige, but what exactly do we mean by fulfillment? These are old but important questions. They belong with some newly discovered ones: Why are people in business more religious than the population as a whole? What do people of business know, and what do they do, that anchors their faith? In this ground-breaking and inspiring book, Michael Novak ties together these crucial questions by explaining the meaning of work as a vocation. Work should be more than just a job -- it should be a calling. This book explains an important part of our lives in a new way, and readers will instantly recognize themselves in its pages. A larger proportion than ever before of the world's Christians, Jews, and other peoples of faith are spending their working lives in business. Business is a profession worthy of a person's highest ideals and aspirations, fraught with moral possibilities both of great good and of great evil. Novak takes on agonizing problems, such as downsizing, the tradeoffs that must sometimes be faced between profits and human rights, and the pitfalls of philanthropy. He also examines the daily questions of how an honest day's work contributes to the good of many people, both close at hand and far away. Our work connects us with one another. It also makes possible the universal advance out of poverty, and it is an essential prerequisite of democracy and the institutions of civil society. This book is a spiritual feast, for everyone who wants to examine how to make a life through making a living.

The Calling Michael L. Straley, 2021-05-13 Mike and Robin Straley were scheduled to have dinner with their daughter Leah on Thursday, March 1, 2018, at a Delray Beach restaurant. Instead, they held a memorial service for their daughter in Hagerstown, MD. Leah died of fentanyl poisoning on February 14, 2018 while visiting a friend in the small city on Florida's southeast coast. When the call was received by Mike to meet two Pennsylvania State Troopers in the lobby at his workplace on that Valentine's morning, he had no idea about the news he was about to receive. It was devastating. It left a large void in their small family. Not to mention the grief, despair and emptiness. So many questions about addiction, the opioid crisis and their daughter's struggles

with it all. Read about what Mike and Robin are doing to honor their daughter. How Leah's actions helped others in the sober-home living environment and now how the two have meshed to form a community outreach effort. The Calling is a heartfelt piece that takes you on an emotional journey of parents struggling to understand their daughter's battle with addiction, the grief of losing a child and their valiant efforts to make a difference in the lives of others fighting the same addiction.

The Calling of the Church in Times of Polarization ,2022-10-31 In many societies all over the world, an increasing polarization between contrasting groups can be observed. Polarization arises when a fear born of difference turns into 'us-versus-them' thinking and rules out any form of compromise. This volume addresses polarizations within societies as well as within churches, and asks the question: given these dynamics, what may be the calling of the church? The authors offer new approaches to polarizing debates on topics such as racism, social justice, sexuality and gender, euthanasia, and ecology and agriculture in various contexts. They engage in profound theological and ecclesiological reflection, in particular from the Reformed tradition. Contributors to this volume are: Najib George Awad, Henk van den Belt, Nadine Bowers Du Toit, Jaeseung Cha, David Daniels, David Fergusson, Jan Jorrit Hasselaar, Jozef Hehanussa, Allan Janssen, Klaas-Willem de Jong, Viktória Kóczyán, Philipp Pattberg, Louise Prideaux, Emanuel Gerrit Singgih, Peter-Ben Smit, Thandi Soko-de Jong, Wim van Vlastuin, Jan Dirk Wassenaar, Elizabeth Welch, Annemarieke van der Woude, and Heleen Zorgdrager.
