In mid-21st century America – over-populated cities harbor ordinary citizens who are oppressed by money manipulators, drug pushers and daily violence. And beyond the cities lay vast wastelands of chemically polluted regions teeming with outlaws and mutants. Law enforcement, as it has always been, is seemingly on the brink of collapse against the ever increasing tide of lawlessness, corrupt political officials, and a system that favors the criminal and not the victims. However U.S. Justice Marshal Thomas Jefferson Cade is one of a new breed of law enforcers. Teamed with his Cyborg partner, Janek, an infuriatingly logical masterpiece of engineering, they take on the criminal elements and deal out sentences that the rules of the law does not find so black and white. FIRESTREAK: Cade - Book Three: U.S. Justice Marshal T.J. Cade and his Cyborg partner Janek are assigned to nail Loren Brak, a renegade drug dealer who is eliminating the competition to become number one and heading West from New York City to create his own empire. With Brak's shock troops facing them, mutants roaming the wastelands in-between, the Justice Marshals follow the corpse laden trail to Los Angeles – and enter the kill zone with guns loaded and targets in their sights.
